Mr. J. A. Murray writes The Toronto News submitting suggestions for temperance workers. In part he says: "Why do not the temperance people call on the Government and ask to have the sale of intoxicating liquors prohibited every day in the year until eleven o'clock in the morning? If they would get the Government to accede to this request, I am sure they would do more for the cause of temperance than they have done during all the past years.
"I would also suggest that the churches take the temperance question in hand. How is it that you seldom hear a sermon on the evils of drink?
