HAMILTON OFFICER HAD HONOR AT CAMP

(Continued from Page 1.)

Continued from Fage 1.) Cotton, in calling upon the Postmaster-General for a few remarks, said: "We have found the field postoffice to auch good advantage that I hope this will not be the last one to be established in military camps in Canada." A warm demonstration greeted the Hon, Mr. Lemieux when he stepped forward to speak. Proceeding, he said: "Commanding officer, officers and men: I can assure you it alfords me a very great deal of pleasure to be present on the occasion of the re-establishment of the military camp at the old and historic town of Niagara, made memorable by the glorious deds performed in this vicinity, for the purpose of inaugurating a com-plete postoffice to meet the needs of the camp. I may say that the Post-office Department has under consider-ation the question of organizing a field postoffice corps, and is at the present time in consultation with the British War Office with the object of having the proposed Canadian es-tablishment placed on the same foot-ing as the one in commission in England, so that it is altogether like-ly that the opening of a complete postoffice service in connection with the establishment of a similar service at all the military camps throughout the Dominon. inaugurating an improved post "In inaugurating an improved post-office service in connection with the camp, I feel that I am privileged in being permitted to contribute in some slight degree towards the effi-ciency of the military organization of the Dominion, and of preserving and fostering the traditions surround-ing our common flag. I do not proand fostering the traditions surround-ing our common flag. I do not pro-pose to dwell at any length on the brave deeds performed in 1812, in 1866, in 1853, and later during the stirring and troublous times in South Africa; but I cannot let this occasion pass without recalling the feeling of pride but I cannot let this occasion pass without recalling the feeling of pride which animated every loyal Canadian beart at the thought that in every engagement our volunteers proved conclusively to the whole world that Canadians were prepared to suffer, and if needs be to die, in defence of the hon-or of the flare which wratest our night

"I assure you, commanding officer, officers and men, that as Postmaster-General, I consider any arrangements I am able 4.5 make, looking towards the improvement of the postal service at the camp, are more than amply re-paid by the knowledge that I am con-tributing towards the convenience and comfort of the men who may at any time be called upon to defend our fair Dominion and the honor of the Union Jack." Kev. Wm. Moune, of Mimico, preached two very fine sermons in the Presbyter-ian Church here on Sabbath last. A load of hogs were shipped from this station on Monday by Vine & Nevilles. Rev. G. A. McLennan, B. A., of Nor-wood, held a meeting here on Monday evening, and, on behalf of the Lord's Day Alliance, delivered a good address, and formed a branch. Rev. Mr. Halth was elected President and Mr. T. W. Sbipman Secretary-Treasurer. The pulpit of the Presbyterian Church will be filled by Rev. A. H. Miller, of Walkerton, at 11 a. m. and 7.30 p. m. on Sunday next. Mr. Joyner, the barber, is doing a good business, and has added an extra chair in his shop to keep up with the demand. Mr. E. Clark is buying wool here for the past week, and seems to be getting a lat of it to indee her the number of Governor Hughes' Committee Re-Tendency of Short Selling Is to New York, June 17.-The report of the ommittee appointed by Governor Jack. The most drastic finding is that affecting the more units and metal exchanges as

Earlier in the day the Postmaster-General inspected the rural mail deliv-ery system in the Milton and Mount Nemo division of the postal service. "How do you find it?" asked a news-paper representative. "It is working admirably," replied the Postmaster-General. " interviewed the farmers along the road at Milton and the surrounding neighborhood, and they assured me that the service could not be improved upon in the rural dis-tricts. I feel sure that within five years the whole Province will be covered with mail boxes, thus affording an excellent mail service at a minimum cost." Mr. E. Clark is buying wool here for the past week, and seems to be getting a lot of it, to judge by the number of flecees on the floor of Murray's seed store, where he is storing it. The Smithville Choral Class will give its closing concert in Brant's Hall on Monday evening, the 21st., when some good music will be given. His friends were pleased to see the name of Roy W. Friday Bargain Day.

There's a difference between big words and big values, so without wasting any time on preliminaries we invite your examination of our Friday offerings on another page of this paper. After all we can but make mention of a few of not intended to lead, to the acutal pass-ing from hand to hand of the property that is dealt in. "The rules of all the exchanges forbid gambling as defined by this opinion; but they make so easy a technical delivery of the property con-tracted for that the practical effect of much speculation in point of form legit-imate is not greatly different from that of gambling." The committee makes no presentment against short selling, but declares the tendency of such selling is to steady prices. champion aviators, Wilbur and Orville Wright began at 9 a.m. to-day. At that hour the streets were thronged with people. For ten minutes every whistle, bell and tin horn in town joined in an outburt of hilarious sound. From many triumphant arches swung out-stretched aeroplanes and on the tops of tall buildings air craft were made to appear ready for flight. — Excorted by state militia, t oops of regular and a brass band, the Wrights were driven to a platform before which passed a pageant representing events from the founding of Dayton 113 years down to the present. — Corrad J. Schmidt, president of the local school board, thanked the aviators for the fame they had brought the eity. The chief event of the celebration will be presented by the national govern-ment, the State of Ohio and the City of Dayton. After completing their flights for the government, which are to begin at Washington next week, both the Wrights will probably in August sail for Germany to take up their work there.
