THE LIVER PILLS.

THE LIVER PILLS.

The Liver Pills of Dr. M'Lane were first used by him exclusively in his own practice. So efficacious were they in all cases of Liver compaint, that they breame famous, and attracting the attention of the medical laculty, passed into general use. They not with great certainty and regularity; the patient almost immediately feels the dispersion of his disease, and is gradually restored to health. With some the effect is almost mirroculous, frequently experiencing immediately immediately. almost miraculous, frequently experiencing im-diate relief, after having for months resorted drops and medicines of another description vain. Disease of the Liver are very comm this country, and are often frightful in character. Those who experience any of the premonitory symptoms of this dangerous and complicated disease, should at once procure a box of Dr. M'Lane's Pitts, and perhaps, thereby, be saved a world of misery.

World of misery.

Purchasers will be careful to ask for Dr.

M Lane's Celebrated Liver Pills, and take none Liver Pills, also his Celebrated Vermifuge, can now be had at all respectable Drug Stores in the United States and Canada.

When death is at the door, the remedy which would have saved life, if administered in time, comes too late. Do not trifle with disease. Rely upon it, that when the stomach will not digeat food—when faintness and lassitude pervade the system—when the sleep is disturbed, the appening feeble, the mind tetharier, the never unwardly system—when the sleep is disturbed, me applying feeble, the mind lethargie, the nerves unnaturally assistive, and the head confused—rely upon i assistive, and the head confused—rely upon i . assistive, and the head confused—rely upon i, that when these symptoms occur, the powers of v. tal. ty are failing, and that, unless the mischiel is promptly checked, if will be shortesed, as well as rendered miscrable. Now we know from a mass of te-timony, greater than was ever before accumulated in favor of one remedy, that Hoofland's German Biters, prepared by Dr. C. M. Jackson-Philadelphia, will unnecliately abate, and, in the Philadelphia, will unuediately abate, and, in the end, entirely remove all these disorders as anrely as a mathematical process will solve a problem. Who, then, will endure the agony, and the risk of life, with health and safety within reach? See advertisoners.

THE HYDROMAGEN is a valuable discovery
for protecting the feet from damp or cold, and
therefore a preventive of many Lung discourse, without any doctoring whatever. The Hydromagen is
in the form of a sole, and were inside the best or
shop. Its medicated character is a powerful antidote

to disease.
For Gentlemen it will be found agreeable, w.r.o., and healthy, to wear in the codest or rainiest were ther, as the foot cannot become wei, if the Hydroma-

ind healthy, to wear in the codest or rainted weather, as the first cannot become wet, if the Hydromagen is inserted.

I adice may wear the lightest soled boots or shoes it the most inclement weather with imponity; while consumption, so prevalent among the young of our constry, may be the arready guerarial opinion. They emissely supersede over shoes, as the latter cause the fact to perspire in a very unbastley manner; and, besides, are not dangerous wear to predestiants in icy weather, like Indi-rubbers. While the latter cause the fact to appear extremely large, the Hydromagen, being merely a thin since of coak prepared, peculiarly placed inside, does not increase the size of the boot, or cause the fact to appear unity.

To Children they are extremely ralanble, as they may engage in exercise, with comfort and healthy effects. Their expense is so slight as to so troe need mention; besides those who patronise them will find their yearly doctor's bill mach diminished thereby. As the Hydromagen is bucoming more known, as sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Rerlin, our sales reached the almost incredible number of 1,732,430 pairs of cork soles. This year number of 1,732,430 pairs of cork soles. This year the number will far surpass that.
