the only one of this species in Europe. SHE HAD A VISION.

Richard J. Barker, a prominent business man of Fall River, Mass., who resides in Warren, R. I., hired in an intelligence office in Boston a woman named Belle Mc Gregor for general housework. She seemed particularly interested in religious matters, and proved a faithful servant until lately. Snddenly, while Mrs. Barker was alone with her. Belle shouted "I have had a vision, and I am ordered to offer up a sacrifice." She started into the kitchen and began to sharpen a knife. Mrs. Barker, who is a slight woman, realized she had a high as 128 degrees in the afternoon. At maniac to deal with, and, throwing up her Bahrin, in the centre of the torrid belt, as hands as Belle had done, said: "I, too, though it were nature's intention to make the animal's breath so they will not eat the animal hands as Belle had done, said: 1, 60, have had a vision. There is a letter in the postoffice for you. You must go for it."

Belle dropped the knife, rushed out of the door, and Mrs. Barker slipped the bolt in

Jan. 7 Nellie sailed away myself remember that being in Paris, and again for the Golden Gate. By the itinmy father dying in London, two or three | erary the Oceanic was due at San Francisco Jan. 22, but at 7 a. m. of the 21st she steamed into San Francisco harbor, and the little lady again set foot on American soil. erect mane and having no forelock. It has at least the merit of novelty, and, if true, As soon as the milk was drawn, it was country was plastered all over with black. The story of the flight across the continent is fresh. She started Tuesday morning over the Southern Pacific to Mojave, thence OVER THE ATLANTIC AND PACIFIC RAILWAY. Next morning she was reported at Peachsoring, Air. That night Albuquerque, N. M., was passed. Thursday found her flying through southeastern Colorado, over the Atchison, Topeka and Santa Fe system. That evening she was in Kansas City. Yesterday morning she was tendered a reception and breakfast by the Chicago Press club and left the windy city at 10.41 for the last stage of her journey. She reached Philadelphia at 1.25 this afternoon, in season for a visit to the Ledger office and a lunch at Bellevue. A great crowd was at the Broad street station at one o'clock. Here the little traveller was taken in the arms of her loving mother. The crowd hung to the train like ants. The mob, catching sight of the voyagers at a

window. SHRIEKED FOR MISS BLV

but she remained in her car. The doors had to be locked. The New York party passed into the car and nearly overwhelmed the little lady with their greetings and congratulations. The meeting between Miss Bly and her mother was very affecting. The elder lady trembled violently and nearly fainted as her daughter caught her in her arms and folded her in a long loving embrace. Nellie nearly broke down herself with emotion. The train men all this time were attending strictly to business, and at 1.33 the bell was rung and the train rolled away for the last 100 miles of the most wonderful journey of modern

Nellie Bly's real name is Elizabeth Cochran. She came to New York from Pittsburg, Pa. She had circumnavigated the globe without escort and with but a little handbag of necessaries and the one plain navy blue gown which she wore on the morning she sailed away.
