We should be very sorry to do so. But, in order to afford the public an opportunity afford the public an opportunity and instance of the matter. The amount of customs duties collected, without any increase in the tariff rate. In 1879 the imports of Canada for home Government the duty of granting at remedy for the wrong suffered by the minority in Manitoba. We should be very sorry to do so. But, in order to afford the public an opportunity and justice-loving men and customs revenue would necessarily growth of manufacturing and coal using market which that policy has secured increased importation and the in-

We invite our readers to examine the following table, showing the total sales of Nova Scotia coal in every year from 1873 to 1894, remembering at the same time the years of free trade and the years of protection,—in other words the years of famine amd the years of protection,—in other words the years of famine amd the years of protection,—in other words the years of famine amd the years of protection,—in other words the years of famine amd the years of protection,—and to note well the lesson on the years of the protection of the protection of the protection of the steamship El Dorado, as they constitute as they co We invite our readers to examine plenty,-and to note well the lesson constant blaze of lightning. which those figures teach

TOTAL SALES NOVA SCOTIA COAL. Though the protective tariff was passed

in 1879 it was too late to affect the total coal sales of that year, but in the very

ports. Let the reader still remember the

SHIPMENTS UP THE ST. LAWRENCE. 187.059 396,7-2 493,917

751,932 In the last six years under free trade,

the very first summer, under the tariff. our coal shipments up the St. Lswrence increased by nearly 90 per cent; by the next year they had trebled; in seven years, under protection, they were over six times what they were in 1878, and in eight years more amounted to over twelve times what they were in the last year of free trade. That is, indeed, a most gratifying record of rapid progress in internal Canadian trade. The whole record of the coal industry in this province under the National Policy is a most gratifying one. The importance of this industry to our people and Province cannot be over-estimated. It is an indus try which affords a vast amount of employ-

ment and wages in proportion to the out-put. It is a great and indispensable source of provincial revenue. But as is this industry to our people and pro vince; great as has been its progress unde the National Policy; large and growing as our St. Lawrence trade which was then rescued from destruction and brought to its present proportions by that policy; and promising as is the outlook for a still greater trade with the great province of millions have been already expended that should such protection the different parts of the Dominion might cessary.

all protective duties, and thus cripple and close the iron works, the sugar refineries

and other factories which for years past Manitoba school question from La Presse, have afforded us our increased markets in of the previous day: those provinces for the output of our coal mines. Mr. Laurier's policy of destruction newspapers are on the warpath against tion is far reaching, but in no part of the Dominion Government on the school Domision perhaps would its effects be so question, the ministry being threatened keenly and bitterly felt as in the Province with the people's wrath if immediate reof Nova Scotia. Our people, however, have no notion of going back to the province of Manitoba. It is doubtful, wretched conditions of 1878, while their however, if their denunciations prevail

## NEWS OF THE WEEK.

A wealthy timber merchant, living near Stockholm, was murdered and robbed on a railway train on Friday last, while on his way to Boden. The robbers beat him to death with a sandbag.

Siberian newspapers announce the discovery of rich and extensive gold fields along the upper reaches of the Rivers Beya, Newa and Ulbat, in the Province of Yeniseisk, East Siberia.

According to a late despatch from the city of Mexico a well planned attempt at a wholesale delivery has been thwarted by Col. Santaela, warden of Belem prison Discovery was made of a monster tunnel close by which would have released three thousand prisoners, as it had been planned to pass under all the departments of the prison and could have been reached by digging a few feet beneath the floors of the various wards.

Francisco says: The rifles carried by the Hawaiian rebels from America and the bullet which killed Commissioner Carter Hawaiian rebels from America and the bullet which killed Commissioner Carter were shipped from San Francisco. According to the statement of the Englishman, Captain Davis, who landed the arms in Hawaii, they were loaded in a sailing vessel here and subsequently transferred to his craft. This statement, made under oath, was received by a resident by the last steamer, but kept secret until vester.

Experience has always shown that ber of such strikes during the past ten years, but not one in which the strikers and their sympathizers did not In the last six years under free trade, our coal shipment to Quebec declined by nearly 60 per cent, but the beneficial effect of the protective tariff on the St Lawrence trade, was immediately felt at the Cape Breton ports, because vessels from British ports to Montreal could no longer bring over British coal to Canada at a profit, and consequently the very first summer, under the tariff, —Evening Post. -Evening Post.

In addition to the 1,835 daily newspapers published in the United States on the 1st January, 1894, there were 31 papers published every other day, 235 published twice a week, 14,017 published every week, 85 every two weeks 349 twice a month, 3,125 every month, 307 every two months. Altogether there were 20,006 papers in existence on that day in the Un States, against about 150 in 1880. the daily newspapers, the first of which was printed in this country in the year was printed in this country in the year 1782, not more than four are in existence today of those which saw the beginning of the present century, and of these the oldest is The North American, of Philadelphia. The total issue of the publications of the present day in this country is probably not far from 4,000,000,000 copies a year, and of this amount New York city probably furnishes nearly one-fifth.—Chautau-

uan. Concerning the fighting between Portuguese and Kaffirs at Laurenzo Marquez, a despatch to the London F Friend, the loss of which with her rimes from Cape Town says that advices received there from the seat of our telegraphic despatches of yesterday, war are to the effect that the rebellious was well known here. She was captaged the Portuguese campat turk by Pritish manufactures are numeral than portugues campat turk by Pritish manufactures.

## & CO. Have Great Pleasure in Making a Most Important Announcement.

The Pulpit; the Press and the intelligent Public have long deplored certain evlls existing in the Dry Goods trade—evils which have brought times of anxiety, have demoralized trade The Pulpit; the Press and the intelligent Public have long deploted certain existing in the Dry Goods trade—evils which have brought times of anxiety, have demoralized trade generally, and have contributed materially to the depression which is being complained of everywhere. We refer principally to the Unfair System of Selling Same Goods at Different Prices to Different People. This system is being denounced everywhere, It is unfair to make one customer, who will not "beat the price down," pay for the discount given to the customer who drives a hard bargain. For this reason Messrs. James Paton & Company have decided to adopt THE ONE PRICE SYSTEM, which commends itself to every right-minded person. Briefly it is this:

1 -W. hve marked all goods in plain figures, from which we make an allowance of 5 per cent, discount for cash. 2.—The price will be strictly adhered to. No clerk will be allowed to sell lower than the MARKED PRICE, and it will be impossible for any one of the price will be strictly adhered to. BJY AT LOWER PRICE and it will be as low as possible, consistent with legitimate business principles. We can buy as cheaply as any other house in the trade. This fact and long experience, and our reputation of eighteen years of burney as any other house in the trade. This fact and long experience, and our reputation of eighteen years of burney as any other house in the trade.
