DUNLOP. From our own correspondent. Mr Geo. Little of Salford, gave our fair a visit last week. Last week and this farmers have been on the move finishing up harvesting and tidying up for fall wheat. The postoffice inspector, Mr Habkirik, of London Division, visited our burg last week inspecting our postoffice here. RETURNED.—Our townsman, B. K. Allen, has come back from his trip across the bosom of the fathomless Atlantic, after an absence of six weeks, bringing with him this time three steatolites for stock purposes from Scotland. Ben had a good voyage and is full of anecdotes of his adventures.

With the excursion to the Northwest our popular friend, R. D. Morris, goes on a prospecting trip, to view the land and see his brother Ted and John Green, who have taken up land there. In his bachelor quarters R. D. will have to answer many questions about Dunlop and Sheppard and also gladden their lonely hearts with some tokens of remembrance from their fair friends of this section.

PERSONAL.—Mr Walter Lawson, a well-known pioneer who settled in Dunlop in its infancy, after an absence of twenty-three years from this vicinity visited his nephew, D. Lawson, at Lorneville farm a few days ago, with his two daughters, one of whom was Mrs Dr Moore, of Truro, N.S., with her son. During his sojourn Mr Lawson saw many of the old residents of Goderich and of this vicinity, talking with them of the many changes which have taken place since nearly 50 years ago. Before leaving for his home, Aberdeen, Scotland, after an absence of some months, Mr Lawson intends seeing other pioneers of Huron now residing at other points in Ontario. In health and strength Mr Lawson is hale and hearty, though past eighty years of age.

DUNGANNON. From our own correspondent.

Mrs Jsa. Whyard returned home from Toronto on Saturday evening, 30th ult.

It is pleasing to note that Mrs Nevins, of this village, who has been very ill, is getting better.

Apple buyers are busily engaged traversing the concessions and side lines in buying fruit. Quite an area of fall wheat is being sown in this vicinity. Root crops, on account of the recent showers, are growing immensely.

Commercial travellers are as numerous as bees in a hive, and are busy plying their vocations in taking orders for fall and winter goods.

September was ushered in with very pleasant and favorable weather for farmers to gather in the remainder of the crop—and to sow fall wheat.

Rev A. Potter is to preach a sermon to the young people on Sunday, the 7th inst., at evening service, founded upon the subject, "The Young Lawyer."

The directors of the West Wawanosh Mutual Fire Insurance Co. held a meeting on Tuesday, the 6th inst., it being a usual meeting. As usual quite an amount of business was transacted, and the company is still further progressing. FALL SHOW.—The annual fall exhibition under the auspices of the Ashfield and Wawanosh Branch Agricultural Society will be held here on Tuesday and Wednesday, the 14th and 15th days of October. The prize list has been enlarged considerably and special efforts are being made to make this the most successful show ever held under the auspices of the Society. Write to the secretary, W. McArthur, Dunganon, for prize list.

COLBORNE. From our own correspondent. Farmers are busy getting the ground ready for sowing fall wheat. Mr John McWhinney and his mother, of Crewe, Ashfield, were the guests of Mr Richard Jewell on Sunday last. Mr Dave Fisher left on Friday for the States with a carload of valuable horses.

On Friday evening about 8 o'clock the sawmill belonging to Mr N. Moriah was discovered to be on fire. Messrs J. Levy and N. Johns, who were passing, saw the fire and at once acquainted the owner. It was got under control, however, before it got far, as a water bucket near. It is supposed that a spark blew out of the furnace before they quit work and got in the saw-duct, which burned until it caught the wood.

ASHFIELD. COUNCIL MEETING.—Sixth meeting, Aug. 25th, members all present. Minutes of last meeting read and signed. Mr A. Mullin waited on the council, and made claim for damages done to engine on boundary line between Ashfield and Kinloss—the damage being caused by defective culvert. The matter will be investigated in connection with the Kinloss council. Letter from clerk of West Wawanosh relative to mistake in levy on Ashfield part of Union S.S. No. 1. No action taken in the matter at present. On motion of Stothers and Chambers, it was resolved that the county rate be 2 mills, local rate 1.5-10 mills. School rates to meet estimates of trustee boards. Accounts paid—G Thurlow \$2.50, J E Sullivan \$3, P Austin \$6.75, J Buckley \$11.50, G Day \$3.35, Jno Sullivan \$3, J McGee \$11, J Murphy \$9, W Moun \$17.50, J Willis \$5, T Dalton \$8, T Garrey \$15 work ordered by township engineer, E Hannah \$66.50, P McCarthy \$15.54, R Treleven \$0 cts, W McQuoid \$3, T Johnston \$6.25, D Farnish \$2.50, J F Andrew \$8.74, R Hueston \$8.09, P Fisher \$4.48, H Chambers \$4.80, S Davis \$41.87, D Johnston \$28.37, G Harris \$1.60, W McNall \$0 cts, A and J Taylor \$20, Hannah and Kilpatrick \$22.02, J McCaig \$11, P Fisher \$35, Mrs Clair \$1.60. On motion of Mr Kenzie and Chambers, it was resolved that the motion dated Aug. 16th, 1888, exempting Mr James Mahaffy's mill property from taxation, be rescinded. Council meet again 23rd Oct. W. LAW, clerk.

THE TOILERS' TROUBLES

PROGRESS OF THE SHIP LABORERS' GREAT STRIKE.

Employers Uniting for Protection.—English Aid for Australians.—The Chicago Carpenters' Victory.—The New York Central Investigation.

MELBOURNE, Sept. 3.—The Australian coast shipping trade has partly resumed. The vessels made vacant on the vessels by the strikers have been filled in many cases by non-union men. The situation at the gas works in this city arising from the strike is improving.

Capitalists to Protect Themselves. SYDNEY, N.S.W., Sept. 3.—At a meeting of employers of all classes yesterday, held under the auspices of the Employers' Union and the Steamship Association, it was resolved that the time had arrived when it was necessary for employers and capitalists to form a protective association and co-operate in fighting the battles of the community against aggressive unionism. An employers' defence association was accordingly constituted and a committee appointed to draft a scheme of colonial co-operation. A fund was also started to assist the shipowners in the fight against their striking employees.

The Strike Extending. AUCKLAND, Sept. 3.—The colliers in the Waikato district have gone on strike. At Sydney the strike is extending. In the Wallongong district the unions have struck and it is probable all the Broken Hill mines will be closed by Saturday.

English Aid for Australians. LONDON, Sept. 3.—At a meeting of trades union delegates yesterday arrangements were made to raise a fund for the Australian stock laborers now on strike. Mr Tillett, who presided, said he believed the generous assistance received from Australia during the strike of the London dockmen would now be repaid. The dockmen alone, he thought, would be able to raise from £15,000 to £20,000 for their Australian brethren. Regarding the proposed union of shipowners, Mr Tillett said the men had no cause for fear. A committee to raise funds for the strike was appointed. The gas workers and sailors' unions have decided to raise £1000 each for the strikers by means of a levy upon their members, and other trades unions promise to follow their example.

A Victory for Carpenters. CHICAGO, Sept. 3.—About 6000 union carpenters are now on strike. Over 3000 strikers have been allowed to return to work for bosses paying 3 1/2 cents per hour and allowing the eight-hour day. The carpenter strike is practically over. There are less than 700 carpenters still out. President O'Connell of the Carpenters' Council has been forced by the discontent of members of the union to resign.

Riotous Panama Railroaders. PANAMA, Sept. 3.—The strike on the Panama Railroad continues. The strikers will not allow work to be done by outsiders. The telegraph wires were cut several times and attempts were made to tear up the rails. Troops have been sent to Colon to maintain order. Steamers will probably be detained on both sides of the isthmus in consequence of the strike.

The Central Strike Investigation. NEW YORK, Sept. 3.—The State Board of Mediation and Conciliation resumed its investigation of the New York Central strike. General Manager Toucey testified that he had an interview with Lee some time ago, in the course of which Lee alluded to the working of the company's stock, intimating that he was making good use of the money and that he and the other men ought to have some of it. In reply to a question by Mr Pryor witness said he did not discharge Lee. Before the talk about stock watering Lee made certain demands on behalf of some of the men and they were refused. Superintendent Voorhes testified that he had discharged Lee on the 23rd of August. Master Mechanic Buchanan testified that in discharging Lee he did so by order of Vice-President Webb and had no knowledge of the causes for his discharge. Of the 73 men he knew the cause of discharge in two only—Malloy and Conway. Malloy was discharged for obtaining a pass under false pretences. Conway was discharged for neglect of duty; he absented himself without leave and was several times late in the morning and at noon. Trainmaster J. W. Stevens testified that he had no knowledge of any employees of the company that he must either leave the Knights of Labor or leave the road. The board decided to adjourn until Friday at 10 a.m., when it will meet in Albany. A large number of witnesses will be examined there. They are mainly dismissed employees of the Central Railway.

SPARE THE FORESTS. Chief Scout of the Hurons Addresses the Forestry Congress at Quebec. QUEBEC, Sept. 3.—The old Huron Chief Sioui, accompanied by four brave decorated with war paint and plumes, visited the congress of the American Forestry Association this afternoon. Sioui made a speech in the Huron tongue, which was translated to the members. He said: "The woods were once our domain but now they belong to him who has the most money. We are given what is called a reserve, but there is no game there, and if we want to hunt we must travel far in the mysterious regions of the Mistassini, where, thank God, the axmen have not yet mastered the land. Gentlemen, remember in your noble pursuit of the sons of the forest, spare if you can our hunting grounds from the merciless ax of the lumberman, that our sons may find in them the game which is so dear to a Huron heart."

The Employing Printers' Congress. BOSTON, Sept. 3.—At today's session of the United Typothetae Mr Pettibone of Chicago, for the committee on apprenticeship system, presented a report in some form was strongly urged on the ground that such revival would tend to make better workmen, to do away with labor troubles and bring in a better class of men.

Business Failures in the States. OSHKOSH, Wis., Sept. 3.—Hixie & Mellor, one of the most extensive lumber firms in Wisconsin, failed to-day.

Worcester, Mass., Sept. 3.—The papers of the Worcester Street Works went to press in Boston yesterday in consequence of the Potter-Lovell failure. It is stated the embarrassment is only temporary.

AT THE RIDEAU RANGES.

The Excelsior club secured the claim of the Ottawa Club, which takes second place among the teams in the Caron cup contest.

Private J. Kimmerley of the 47th Batt. made a possible to-day at the 500 yards range in the Dominion of Canada match. He made 25 at the 300 yards, going back to the 600 with 60 points.

SMITH GAVE UP PREACHING. And Now He is Accused of Bigamy and Embezzlement. NEWBURG, N.Y., Sept. 3.—William J. Smith, the young man who was arrested at Rochester and lodged in jail at Scranton, Pa., on a charge of embezzlement and bigamy, is a son of William Smith of this city. The family lived at Troughkeepsie, where Smith's father inherited some money from a relative. William was the elder son of the family and the bulk of the inheritance was devoted to his education. He had been attending a preparatory school in New York, intending to be a minister. Three years ago he finished his course and about this time he chanced to meet the girl whom he is said to have married first.

About that time the Smith family removed to this city, and William, becoming sick, came home and was nursed back to health by his mother and sister. During the three or four months he was here nothing was heard of the wife. On recovering he left her to meet her, abandoning the idea of the ministry. That was the end of him until a short time since parties came here from Scranton to learn something of his history. Last week a letter came from the secretary of the Y. M. C. A. at Scranton informing his relatives that the young man was in trouble and urging them to do what they could for him. As they are poor nothing could be done. They felt deeply the disgrace, but say if he is guilty of the crimes charged he deserves to suffer.

BLEW OUT THE GAS. A Bowmanville (Ont.) Jeweler Meets His Death in a Montreal Hotel. MONTREAL, Sept. 3.—Aaron Buckler, a Bowmanville jeweler, blew out the gas when retiring at the Albion Hotel last night. He lingered until 6 o'clock, when he died.

BOWMANVILLE, Sept. 3.—Aaron Buckler, whose accidental death is reported from Montreal, was one of the oldest and best known residents of Bowmanville.

A Cold-Hearted Villain. NEW YORK, Sept. 3.—Arvid Bartlett Cook of the so-called American Development Company was today sentenced to four years in prison. Cook lived on money deposited by innocent clerks as security for the handling of stocks and bonds. Cook obtained \$50 apiece from four such clerks and then fled to Philadelphia, whence he was brought here. Recorder Smyth denounced the prisoner as a cold-hearted, designing villain.

The Welland Canal Again Open. ST. CATHARINES, Sept. 3.—The damage to lock 18 of the Welland Canal has been repaired. Locking was resumed in 44 hours after the accident occurred.

At the English Derby. LONDON, Sept. 3.—At the Derby meeting to-day the race for the Harrington stakes of 750 sovs. was won by Abington's Kathleen II, De la Rue's Sweetest second, Lord Bradwell's Paragon third.

The Broder's St. Ledger stakes of 1000 sovs. was won by Lord Harrington's Marion, Houldsworth's Pounce second, Chaplin's Wild Fire third.

Gladstone Won't Come to Canada.

John Cameron of the London Advertiser wrote to Mr Gladstone inviting him to visit Canada. He received from the G.O.M. a prompt reply, which was printed in the Advertiser. Here it is:

DEAR SIR: I regard with the greatest interest the condition and progress of Canada. I had to do with her affairs officially when she was in the trammels of administration from Downing-street, and I belonged to the cabinet which prepared the act forming the plan for the erection of the Dominion.

But I cannot hope to see that great territory, for my age, and still more my engagements, utterly disable me from crossing the Atlantic. I shall be glad if you will make this known to all such as may feel an interest in the matter.

Yours very faithfully, W. E. GLADSTONE. Hawarden, Aug. 15, 1890.

Where's the Pump?

The Port Huron Times has the following concerning Major Pettit, at one time connected with the American Consulate here: While at Day City last week those Macabees who stopped at the Fraser House were told a rosy story. One night a few years ago, while traveling for a moving machine company, Chief of Police Pettit put up at the hotel. In the morning he was aroused to find neither water nor towels in the room. He threw his coat and vest over one arm and holding his collar and cuffs in his hand walked down into the office. There were a large number of people sitting around Mr Pettit advanced to the counter and remarked to the proprietor: "Where's the pump?"

"The what?" said the landlord. "Where's the pump?" said again the major.

"What pump?" asked the proprietor. "Why," said Major Pettit, "I have occasionally stopped at country hotels, where it is necessary to wash up at the pump in the morning. As I find no water in this house I presume it is a country hotel and must have a pump somewhere around."

The joke was on the landlord. He conducted Mr Pettit to the best room in the house and allowed him with towels and water. When he came to pay his bill he was told it had been charged to the pump.

The attaches of the hotel will never forget the major.

On Wednesday forenoon of last week the Presbyterian church at Wingham, was the scene of an interesting event—the marriage of Dr E. H. Hursey, of Owen Sound, and Miss Louie, eldest daughter of Dr Macdonald, M.P. The service was conducted by Rev. H. McQuarrie. The bridesmaids were Miss Miles, of Toronto, and Miss Maggie Macdonald, sister of the bride, and the bridegroom was supported by Mr A. A. Rance, of Clinton.
