

AROUND THE CITY

The new city ambulance at the Fourth street fire hall, is being kept busy and a large number of calls are coming in daily for its services.

The marriage of Wm. L. Pettit, postmaster at Alton, to Miss Mabel M. Anderson, of Canmore, was solemnized at the Presbyterian manse, on Saturday, September 5, by Rev. Dr. D. G. McQueen.

The death occurred Saturday night at Stanley Gordon, the six-month-old child of David W. Simpson, aged at the Alberta penitentiary, the cause of death being pneumonia, which was contracted on Monday at 10 a.m. from the family residence, 555 Clara street, to the Edmonton cemetery.

The body of the late Stanley White was shipped Saturday morning via the P. E. to Toronto, where he was to be buried at his mother's residence. The deceased, who was an employee of the Canadian Bridge Co. at Clover Bar, died at the Public hospital on Thursday morning of typhoid fever.

Joseph S. Gallant, teacher at Kiew school, ten miles northwest of Vegreville, was found dead in his bed Tuesday morning by the janitor of the school, Peter Stablyk. The deceased, who was formerly in the army, was a resident of a large family, most of whom reside at Morinville. Two daughters, living in Edmonton are Mrs. J. A. Gorry and Mrs. Turgeon.

An excellent sample of what Alberta can produce in the way of fruit is on exhibition in the window of the Douglas Co. Ltd. This is a dish of crab apples which were grown in Edmonton this summer. They are translucent crab apples, grown on the property of Rev. J. Douglas, 245 Victoria avenue. The tree on which they were grown is four years old and this year produced 425 apples. The apples are well formed and perfectly developed.

TO BUILD A NEW HOTEL. Bob McDonald, proprietor of the Senate Hotel, has completed plans for the erection of a first-class new brick and stone hotel on the corner of Fraser and Clara streets, north of the present hotel, which he holds on lease. Mr. McDonald several days ago purchased from John Sommerfeld the lot for the new site, which has a frontage of 66 feet on Fraser and 103 feet on Clara, for a sum in the vicinity of \$10,000. He will at once remove the garage occupied by Mr. Connolly at the house occupied by E. J. McCoppen, and expects to have the new hotel, which is to cost \$20,000, ready for occupancy by the first of the year.

YOUTHFUL MARAUDERS. In the penitents' bench at the police court on Tuesday a row of eight boys, ranging from six to ten years of age, appeared on a charge of breaking into and pillaging the residence of Nathaniel Parcel on Fort Street on the 27th of August. Three of the youthful prisoners by means of their fathers, who were also present, pleaded guilty to the charge, but the other five claimed that they were not guilty. The police charge that the boys' break into the house, which was unoccupied at the time, and after breaking the chandeliers and other articles, otherwise defaced the rooms of the building. After a consultation between the magistrates and the parents this case was allowed to stand for the time, but other charges of theft against the youths were proceeded with.

DROWNED AT COOKING LAKE. A sad drowning accident, in which Samuel Robinson, a man about 30 years of age, tenmaster for Ross Brothers, lumber merchants, was the victim occurred Monday afternoon about 1:30 o'clock at Cooking Lake. Robinson, with two other young men, named W. E. Edwards, of Edmonton, and Arch. Watson, of Cooking Lake, were out in a boat duck shooting a short distance from the shore. Robinson fired at some ducks a short distance away, and in the subsequent excitement the boat began to take in water, and a wave a moment later filled it. The three sprang out and decided to cling to the sides of the boat, but Robinson, however, appeared to lose his head, and letting go sank to the bottom and was not seen again. The other two were brought to shore a short time after the deceased was unharmed, and as far as known, had no relatives in the city. He leaves a half-brother in Oak River, Manitoba, who has been wired the sad news. Robinson was a popular young man among all who knew him and is highly spoken of.

WILL BORE FOR GAS.

Another attempt will be made to strike a flow of natural gas in Edmonton. Next week a company of local promoters will start boring for gas on river lot 14, near the Edmonton Hotel, probably on the property of Donald Ross. This is a new company that has only recently been formed, including, it is understood, Donald Ross, Alex. Taylor and other local men. The gas-boring outfit of the Northwest Gas & Oil Company will be used for this work, and will be removed from its present location in the east end of the city. The promoters of this scheme feel confident that there are gas fields to be found through an attempt to strike it on Ross flats.

CONSERVATIVE CANDIDATE (HOT). F. A. Morrison, of Vegreville, Conservative candidate in the Federal constituency of Victoria, was the victim of a shooting accident on Labor Day, which might have resulted in his death. As it was so shot was removed from the scene of which penetrated dangerously near his left eye. Mr. Morrison was out on a party at the home of Mrs. Morrison and the hired man, who was accompanied by some considerable distance, along directly opposite each other. When the shot was struck Mr. Morrison it had almost spent itself. Mr. Morrison is today none the worse of his experience.

FORTY-SIX YEARS IN THE NORTH. After forty-six years in the north at Fort Chipewyan, where for almost a century he remained constantly without a visit to the outer civilization, Wm. Wylie, a long-haired, patriarchal-looking employee of the Hudson's Bay Company, came to the city Monday and leaves shortly on a visit with his wife and sons to his old home in the Orkney Islands, in the north of Scotland. Mr. Wylie came to Fort Chipewyan overland from Norway House in 1862 and has remained at that post ever since. He spent time as blacksmith for the company. Now, after almost a lifetime of service among the lonely wilds, he is leaving for the home of his children. What changes he will find in every sphere of life since the middle years of his life, he better be imagined than described.

FIRE GUARDIANS BUSY. The chief fire guardian reports that upwards of eighty convictions have been secured by the R.N.W.M.P. and fire guardians under the Prairie Fire Ordinance since the first of January. The number of convictions is the greatest amount of damage caused thereby, it is hoped that self-interest will induce the owners to take every precaution to prevent the spread of fire. The department would require the owners of buildings to have fire guards around buildings and sheds by ploughing to a width of not less than twenty feet, and to have a fire guard around the building. Do not attempt to guard property by burning a guard without having the fire department notified. The department ploughed guard of not less than twenty feet in width, otherwise the party so guilty will be liable to prosecution for infraction of the ordinance.

WILL TAKE A MONTH MORE. W. M. Macphail, general manager of the Bialuthic & Contracting Co. in Edmonton, and one of the members of a syndicate known as the Brown Land and Building Co. of Winnipeg. The purchasers are the Kansas City gentlemen, and are being represented by a gentleman in this city, J. E. Wallace, who is a partner in the deal. A short time before the 50 foot frontage on which H. H. & Co. deal stands also owned by Mr. Brown, and sold for \$15,000, at a rate of \$300 per foot frontage. The larger part of the lot is in the hands of the syndicate and is practically a corner lot. In this case the purchasers were Winnipeg parties.

NOT A TEDDY BEAR. A Teddy bear that is a suitable plaything for children but a real live, full grown black bear such as J. Storey has in the rear of his shop on Fort street should be treated with some respect. Little Eva Boyd, a five-year-old girl, who has been staying for a few weeks with Mrs. Lee on First street, has been taken with the bear and in company with other children in the neighborhood has been playing and playing with it. On Tuesday the little girl approached the bear with a bag of peanuts in her hands and in the act of giving 'Nellie' a feed of them the latter made a grab at her. The shrieks of the little girl were heard by Bob Logan, the Employment Agency, who rushed in and made the bear release his hold.

INQUEST ADJOURNED. The inquest upon the body of Violet, the eight-year-old daughter of A. W. Foley, superintendent of the poultry branch of the department of agriculture, whose death is said to have taken place as the result of vaccination, has been postponed for a week. The inquest was to have been held this morning at Andrew's undertaking rooms, but as Dr. Revell, provincial bacteriologist, who assisted Dr. Dunn in the post-mortem, had not completed his bacteriological examination, it was decided to leave the taking of the evidence till the 14th inst. The inquest is being held by Dr. H. R. Smith, and the jury are W. Irvine, J. J. Tall, E. W. Auten, Chas. Cowen, John Dewar, Charles Spinks.
