

### DREADNOUGHTS IN LINE FOR REVIEW

#### Great British War Fleet to Assemble at Spithead June 24th.

London, June 14.—The great naval review by King George at Spithead, June 24, two days after the coronation, will be gathered together in full commission the largest number of vessels of the Dreadnought class ever assembled.

No less than ten battleships of the Dreadnought class will be brought into line on review day. These are the Colossus, Hercules, Neptune, St. Vincent, Collingwood, Vanguard, Belleroophon, Temeraire, Superb and Dreadnought. To these will be added four cruisers of the Invincible class, the Indefatigable, the Inflexible, the German, and the United States, the new Delaware. The other foreign naval powers are sending the pre-Dreadnought class, although in some instances they are of quite recent construction. France will be represented by the Danton, Japan by the Kurama, Austria by the Radezky, Italy by the San Marco, Russia by the Rosala, Spain by the Reina Regente, Argentina by the Buenos Ayres, Chile by the Chacabuco, Sweden by the Pagan, Turkey by the Hamidieh and China by the Hai-Chi. Denmark, Holland and Norway are to be represented by small coast defence vessels.

All the vessels at the review, including the foreign warships and passenger ships, with spectators, will be moored in line, supplemented by shorter lines for the torpedo boats and submarines. The boundaries of the review will enclose an area of about 10 square miles. There will be 137 British war vessels of various types present. The King will pass through the line on board the royal yacht, Victoria and Albert, which will be accompanied by two other royal yachts, the Alexandra and the Alberta. As the royal yacht approaches each vessel in the line, a salute will be fired, and at the same time the shore batteries will join in the greeting.

### FIELD CROP REPORT.

Ottawa, June 14.—A bulletin of the census and statistics office issued today states that the season this year has been favorable for field crops in all parts of Canada, and excellent reports have been received from all provinces. The lowest percentage of condition is made for fall wheat at which suffered from the frost and protection in the winter months, and also to some extent from spring frosts. The area of fall wheat is 2,344,800 acres, or 4.50 per cent. less than last year by 4.50 per cent. and the spring wheat is 1,800,000 acres, or 10.50 per cent. less than last year by 10.50 per cent. The total area in wheat is 4,144,800 acres, as compared with 3,244,800 in 1910, and 1,750,000 in 1909. The condition of fall wheat at the end of May was 95.2 per cent. and at the end of June 95.8 per cent. The area in oats is 10,279,800 acres and its condition 94.7 per cent. compared with 10,279,800 in 1910, and 23 per cent. condition last year. Slight increases are noted in the area of peas, mixed grains, and hay and clover, with per cent. condition of over 90. Hay and clover have a reported condition of 91.45 for the Dominion, being practically the same as last year. The area in alfalfa is 2,344,800 acres in Saskatchewan and 1,326,073 acres in Alberta.

### SCOUTS AT LONDON.

Will Line Part of the Route From Buckingham Palace to Westminster Abbey.

London, June 13.—The boy scouts with their Canadian contingents, led by Barnes and will line a portion of the route from Buckingham Palace to Westminster Abbey. The troops, furnished by the overseas dominions will march at the head of the procession. There will be a "royal" procession through London the day after the coronation.

### Long Distance Championship.

The four mile race which will be run in Kentucky this fall is attracting the attention of horsemen all over the continent, and already two Canadian owners have the intention of being represented in this interesting event. Mr. Dymond, with Chief Keo and Mr. Davies, with Fair Annie, have an eye on the gold cup and the distinction that will accrue to the winner. The estimated cash value of the race is \$10,000, and a \$1,000 gold cup will be presented to the owner of the champion. The race is for three-year-olds and up, weight for age.

### "H Eboth Protest Too Much."

Winnipeg, June 14.—H. E. Burdige, store of the Hudson's Bay Company, emphatically denies today that his company has purchased or intends purchasing a site at Regina, Sask., for the erection of a departmental store, as was stated by an evening paper here yesterday. The denial is even more emphatic than that made by the company when it was rumored here that they had bought the block on Portage avenue on which they will shortly erect their new departmental store.

### ENSIGN HABKIRK IS TO GO TO WINNIPEG

Head of Salvation Army in Edmonton Transferred to Provincial Headquarters in Manitoba—Has Conducted Successful Campaign in This City—Reserve at Leaving.

Farewell services will be conducted in the Salvation Army cathedral next Sunday. Ensign and Mrs. Habkirk, who have had charge of the local work for two years, are leaving for their new appointment in Winnipeg on the 23rd inst. Special services are being arranged for Sunday. In the morning at 11 o'clock a holiness meeting will be held. In the afternoon at 7 o'clock an enrollment of recruits will take place, and at 7 o'clock a special farewell service will be conducted. On Monday evening at 8 o'clock Ensign Habkirk will address the young people's service. Tuesday evening the band and soldiers will go to Stratford and on Thursday evening, Coronation day, a final farewell service will be held. The Canadian friends of the Army will be held. It is with deep regret that members and friends of the Army will have to say good-bye to Ensign and Mrs. Habkirk, for during their term here they have worked faithfully and the following are some of the advances made:

Ninety-five members have been added to the soldiers' roll, including several handmen and their families from the Old Country. The band has been doubled and a complete set of silver-plated instruments has been ordered and paid for. Thirteen of these instruments are now on the way from the Army's factory in London, England. When these arrive, the band will be one of the best equipped in Canada and will place them in a position where more permanent advances can be made.

The special \$2,000 campaign for local improvements and band, which was so successfully carried on a few weeks ago, is due to the ensign's efforts, it being the only effort of its kind conducted in Canada. The City and officers' quarters have also been renovated and refurnished. Ensign Habkirk started the work in Stratford, where permanent officers are now stationed.

Prison work has also been started. Meeting every month is held in the penitentiary and authority given for Ottawa for the ensign to visit and meet every prisoner discharged from that institution. During the last two years every prisoner discharged has been met by the ensign and given any assistance necessary.

Ensign and Mrs. Habkirk were well connected with the provincial headquarters at Winnipeg. In speaking of their stay in Edmonton, they both express regret at leaving, and wish to take this opportunity of thanking all for their practical support and kindliness during their term. They will remember Edmonton kindly, and believe that it has a wonderful future ahead of it in every way.

### A MUTINY IN PORTUGAL.

Is Reported From Chavas, But Is Unconfirmed.

Madrid, June 14.—Telegrams received today state that a monarchist revolution has broken out at Chavas, Portugal, and that the Portuguese garrison mutinied and killed the monarchist leader. The monarchists stormed and raided the office of the Republican newspaper in Plaza Brava.

The great entrance to the cathedral was shattered by a bomb explosion. The monarchist leader, who is said to be at the head of the forces near Braga.

### CANNOT LURE CANADIANS.

Superintendent Scott Not Appreciative of Australia's Proposed Campaign.

Ottawa, June 14.—W. D. Scott, superintendent of immigration, does not regard with any sense of fear the announcement made in yesterday's cable despatch, the Australian intention to make an effort to lure immigrants from Canada.

"Australia will have about as much chance to get immigrants from Canada as Canada has to get immigrants from Australia," said Mr. Scott in an interview. "I do not think such an effort will meet with much success. As far as I am concerned I have no objection to offer."

### STARVED NERVES

The Cause of Neuralgia—It Must be Treated Through the Blood.

Neuralgia is a cry of the nerves for more and better blood. It literally means that the nerves are being starved, like every other part of the body the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the worst cases of neuralgia. They actually make new, rich blood, carrying to the starved nerves the elements they need, thus driving away the sharp, torturing pains which nearly drive the sufferer wild. So many cases of neuralgia have yielded to treatment through Dr. Williams' Pink Pills that every sufferer from this dreaded trouble should lose no time in giving the Pills a fair trial. Mr. Sophia H. Johnson, Moran, Sask., says: "For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would actually click every time I opened or closed my mouth. At times the pains would come in unendurable, and at times when my whole nervous system seemed to be affected. I was constantly doctoring, but I do not recall that I was able to give relief. I was finally cured by the doctor who tried Dr. Williams' Pink Pills. I got a half dozen boxes, and before they had gone I felt much better, and by the time I had used them all every symptom of neuralgia had gone, and I was enjoying a comfort I had not known for years. I have since remained in the best of health, and can only say I owe the joy to living without pain to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

### HUDSON BAY TO BUILD STRING OF BIG STORES.

Winnipeg, June 14.—The Hudson's Bay Co. stores department, which recently has inaugurated an aggressive policy here and at Calgary and other points in Western Canada, has now decided to invade the capital of Saskatchewan and plans a well advertised campaign for the erection at Regina of a large modern departmental building together with wholesale facilities for covering what the stores commissioner regards as the most profitable retail sections in the west.

It is understood that the company has been quietly securing well advertised plans of a prominent site in the Queen city and that the company's architects are already engaged on plans. So far no official announcement has been made as it was advisable to secure the site before the intention to build was made known, but a statement from Mr. Burdige, the stores commissioner, may be looked for at an early date.

How comprehensive is the determination of the company to pursue this policy of strengthening and extending its business in Western Canada is shown by the following list of strategic points which have been selected for development in accordance with the most modern principles: Victoria, Vancouver, Vernon, Kamloops, Calgary, Edmonton, Regina, and, of course, Winnipeg.

### JARDINE IS HANGED AT GODERICH TODAY.

Goderich, Ont., June 16.—Edward Jardine, aged 22, was hanged here at 8 o'clock this morning for the murder of a 15-year-old Lizzie Anderson, on Sept. 2, her dead body being stripped and concealed in a vacant house after he had assaulted her. He had to be given hypodermic injections of morphia. He then walked bravely to the gallows. As he stood on the fatal trap he said, "I bid you all good-bye."

During the last few days Jardine had often asserted his innocence. He is a statement but no confession.

### Mayor Says City Need not Expend the \$100,000

#### On the Hydro-Electric Power Development on the Athabasca Unless it is Decided After Investigation that Scheme is Feasible.

(From Friday's Daily.)

Mayor Armstrong has addressed the following letter to the press dealing with the power bylaw to be voted on Monday:

Permit me through your columns to make what I consider a desirable explanation regarding the by-law to be voted on next Monday so as to come within the specified time limit laid down by the government.

Should the bylaw carry it does not necessarily mean the expenditure of one dollar, but simply secures for the city the right to the privilege of further investigating the whole power proposition now before the city council and commissioners. If we find the Grand Rapids scheme not feasible we can simply drop it and that is the end of the matter. But if the bylaw is carried Monday next the city right then ceases to have any right or claim on the Grand Rapids scheme, and the next applicant to that for that water power. However, Mr. Fielding made his report and as a result the city council applied to the department of the interior at the beginning of this year for the water power rights at Grand Rapids. As a result of this the city council passed a resolution within 30 days after the date of the council passing the said resolution, the council would submit and have a money bylaw voted upon by the burgesses authorizing the necessary money expenditure (\$100,000 for the first year's work).

The negotiations as you will recall, during the winter months just ended and at a time when it was impossible to get into the gate and report further in detail. The

question of hydro electric power has been a live question for years to the people of Edmonton, and during last summer the city council and the commissioners engaged some expert engineering services as they deemed necessary to ascertain the facts regarding the probability of developing power on the Athabasca. Engineer Fielding was engaged accordingly and sent to investigate the Grand Rapids scheme. He reported on Monday next that for that water power. However, Mr. Fielding made his report and as a result the city council applied to the department of the interior at the beginning of this year for the water power rights at Grand Rapids. As a result of this the city council passed a resolution within 30 days after the date of the council passing the said resolution, the council would submit and have a money bylaw voted upon by the burgesses authorizing the necessary money expenditure (\$100,000 for the first year's work).

### LYNCHING IS NARROWLY AVERTED IN WINNIPEG

Gang of Foreign Laborers Chase a Comrade Through City Streets—Winnipeg, June 15.—A mob of foreign laborers on a new apartment block here has led to an effort to lynch one of the principals, who was chased through the city streets by a mob of patriots. With cries of "He is a murderer," they influenced others to lynch the man, who was finally rescued by a police officer, who then held him until the arrival of the police.

Krwio Shalczek and Mike Becker, two of the principals, were taken to the police station and held for a few days. They were later fined \$100 and \$50 respectively.

### PRESENT FOR MRS. TAFT.

Silver Service for Wife of President Occasion of Silver Wedding Anniversary.

Washington, June 15.—A fund of \$2,000 to purchase a silver service to present to Mrs. Taft on her silver wedding anniversary at the White House, Monday, was subscribed by members of the House of Representatives.

Each member gave \$5 and the fund was collected so rapidly that a committee was enabled to take the afternoon train for New York, where a gift will be secured.

The present will be supplemented by a similar gift from the senate which will present to President and Mrs. Taft at the celebration.

### ALBERTA SCOUTS REACH MONTREAL

Red Deer Lads Who Assisted in Capture of Hold-up Desperado Attract Much Attention Upon Reaching the Eastern City.

Montreal, June 15.—Two very distinguished Boy Scouts are in Montreal today and smart but exceedingly unassuming lads they are. They arrived at the Windsor railway station at nine o'clock this morning with the Calgary contingent of twenty-four Boy Scouts in charge of Commissioner Northcott and Scoutmaster Ward of Banff.

They are: Patrol Leader Philip Galarrah, aged 14, of Red Deer (born at Guelph), and Patrol Leader Donald Chadsey, aged 12, of Red Deer (born at Wellington, Ont.). They have had some interesting experiences as they were being held in the capture of Arthur Kelly, the desperado, who a fortnight ago dangerously shot Chief of Police George Bell, of Red Deer. The Calgary contingent consists of 12 scouts from Calgary, four from Medicine Hat, four from Edmonton, three from Red Deer and one from Banff.

### CORRESPONDENCE.

SUNDAY BAND CONCERTS.

Editor Bulletin.

Sir—As my name has been mentioned so frequently during the last few days by certain would-be defenders of the rights and liberties of the people in connection with Sunday concerts, and having waited patiently some deliberance on the subject, I would like to take this opportunity of making a few statements to the people of the city, concerning my relation to the matter and the action thus far taken. It will be remembered that about June 1st, the members of the street railway advertised a hand concert in the park, giving full particulars as to the accommodation provided by the street railway for attending said concert, and otherwise emphasizing the service at this particular time, making no attempt whatsoever to conceal the fact that the coffers of the street railway were the matter of chief concern and the object sought by this unusual action on the part of a public official.

It is well to remember just here, that when the bylaw for Sunday cars was submitted to the people, the argument was very strongly urged that they were an actual necessity at this time, and for that purpose they would be used on the Sabbath day, and no very largely responsible for the carrying of the bylaw, and the cause of many people voting for it, who otherwise, had they known that it was going to be prostituted into a mere money-making machine on the Sabbath, would, most assuredly, have withheld their votes from the support of the bylaw.

Being a taxpayer of the city, and not being in favor of a public utility, of which I am a shareholder, augmenting its exchequer by special attractions, arranged by its superintendent at the end of the route on the Sabbath day, I sent a letter of protest to the commissioners, dealing with this phase of the subject, and in that communication, I pointed out to the city solicitor for a report, and my protest was amply upheld by the city solicitor, who is am bound to say gave a sound, reasonable and well-founded judgment, and this too in spite of the fact that the editor of one of the newspapers devoted a half-page editorial explaining why the solicitor ought to have brought in a report, in order that certain clauses, composed of one man, might be decided.

Now, what is all this howling and ranting about on the part of one of two second-rate newspapers, and a number of gutter-snipe editors that thrust themselves upon the doorstep and into the hallways of decent people without their consent. I say, what is all about? It looks as if some one had some stolen article hidden and expected an assault. It reminds me of the old dandy who stole the turkey and loudly protested his innocence before anyone thought of accusing him.

These men have been trying to defend a cause upon which there was no attack, and which I take as an indication of the doubtful nature of the benefits to be derived therefrom.

One of the "representative citizens" who spoke at the park on Sunday, referred to the fact that many of the patrons assembled there hadn't much of a rush for water; I suspected as much when looking over the list, and I have come to the conclusion that all that is necessary in taking care of the question is to keep that which is stronger than water well away from its sounding cry. I can assure you the park will not be "drowned" very often, or very long at a time with some of those at least, who are making the most noise about hand concerts.

And what of the outcome. Many innocent people have attended these concerts in the afternoon of Sunday, and I sincerely trust that they will be able to swell the forces of leaders, who are doing their best to break down one of the most sacred and important bulwarks of our Christian civilization, and Sabbath day, and of turning the same into an open Sabbath and a day of reveling. I for one, sorry for anyone so innocent.

### MILLION DOLLAR FIRE OCCURS IN ST. LOUIS

Four Blocks in Manufacturing District in Southwestern Section of City Destroyed by Fire—Spark From Switching Locomotive.

St. Louis, June 15.—Four blocks have been burned over and a number of residences were threatened by a fire which started tonight in the plant of the Huttig Sash and Door company in the southwestern part of St. Louis. The losses are conservatively estimated at more than \$1,000,000.

The fire, which broke out at four o'clock, in a manufacturing district bordering four blocks of the terminal railroad yards in the southwestern part of the city.

The plants of the Huttig Sash and Door company, Fathman and Miller Planing Mill company, Missouri Staircase company, Iron works, a subsidiary of the American Brick company, and the Mount City Box company, were completely wiped out.

The fire is believed to have started in the Huttig plant from a spark emitted by a switching locomotive.

Twenty-five engine companies and all available pipe lines owned by the city fire department were employed in the battle with the fire. The ten-story building, which was a factory and dwellings let their dominions carrying all they could of their possessions, such as their tools, and their money, were doomed. The exodus was found later to have been unnecessary as the fire was carried off in another direction. At 10.40 o'clock the fire still was burning, but the fire chief declared his men had the situation under control. It was thought that wind there would be no further spread of the flames.
