MARSHALL BROTHERS.

The Grand Bazaar.

At 3.30 this afternoon His Excellency the Governor formally opened the grand bazaar in aid of the Church Ship Fund. The stalls and tables are well worth a visit from an artistic standpoint. They represent England and her Colonies, and flags, banners, inscriptions and shields bear designs and mottoes typical of the different British possessions beyond the Seas. A representation of the church ship, a dory decorated, occupies the centre of the hall. There are work tables, candy tables, refreshment tables, etc., representing different countries under the British flag. An old-fashioned country house represents England. Scotland is indicated by the thistle and Ireland by the shamrock. China ware of all kinds will be sold at the "England" stall and "Haberdashery" at Ireland. The ship is full of dolls. The industrial stall in charge of Mrs.

Benedict is replete with groceries and samples. At the "Wales" stall the Girls' Friendly Society are selling aprons, etc., at nominal prices. "Jamaica" has a toy stall and "India" a fancy stall. "Bermuda" furnishes refreshments, and "Hong Kong" a very pretty stall erected in true Chinese style, furnishes all kinds of candy. Mrs. Davey is in charge of it. At the basket stall all kinds of hand work made by the Canadian Indians will be sold under the direction of Mrs. A. W. Harvey. The "Africa" stall is in charge of the Women's Association. It is the place to go for cheap fancy goods. "Austria" is a jumble stall. Woolens and baskets, etc., will be sold at "Canada" stall, in charge of Mrs. LeMessurier and Mrs. Gray. We must not forget to mention the gypsy tents in the corner where fortunes will be told and ones future destiny revealed on the payment of a small sum. Mrs. Bell will have charge of the "Newfoundland" stall, where veg-

tables and flowers of local growth will be exhibited for sale. All the tea tables are upstairs, and there is a special room for children's teas in charge of Mrs. Adams. There is quite a number of side shows, including an art gallery and guessing competition for children. The students of Queen's College will have charge of these. The whole affair is arranged on the plan of the Festival of Empire. All the designs of the flags, shields and legends to the work of Mr. Lowther, who has been painting the designs and mottoes all the summer. He even sacrificed his holiday to do the work. We trust that the bazaar will be a financial success.

Another Schooner Lost

Mr. H. W. LeMessurier, Assistant Collector of Customs, yesterday had a message from Bonne Bay stating that the schooner Mattie Morrissey, owned by Thomas Wilton, was lost on Mad Holi, near Gregory Island, on Saturday, the 24th inst. The crew are safe; but up to last evening no particulars had been received as to how the vessel was lost. She was a 24-ton schooner, built in Shelburne, N. S., in 1894.

Bay de Verde Fishery.

There has been a notable improvement in the fishery in Bay de Verde District, all along the shore, the past two weeks on hook and line and with trawls. This is a godsend to the fishermen who did poorly the first of the season. From Western Bay to Grate's Cove the fishing is good now.

Seized the Furniture.

Yesterday afternoon a Bailiff from the Court proceeded to a house on the higher levels and started in to remove the furniture to satisfy the creditors of the owner who is in debt. Among other things taken out was a piano. The woman of the house obstructed the official for a while, and a Sergeant of police had to be called to enable the Bailiff to proceed.

SCHOONERS ARRIVE.—About 30 schooners arrived here the past 24 hours from the outports with fish and oil.

An Enjoyable Dance.

Last night in the Star of the Sea Hall a very enjoyable dance was given by the Ladies' Association of St. Patrick's. Fully 170 couples were present and the festivities did not end until 3 o'clock this morning. Prof. Power's orchestra rendered the music and during the night refreshments were served by the ladies in charge, viz., Mesdames E. J. Rodgers, M. McGettigan and J. Jackman; Misses N. Brace, L. Maher and S. Cole. Messrs. Jackman, Phelan, O'Brien and Rodgers were floor managers and a goodly sum was realized for St. Patrick's Church Fund.

From the Barrens.

Mr. E. Snow arrived here by last night's train from Upper Gullies, having secured 15 birds. Mr. Hugh Fraser also returned last night by train from Holyrood with ten birds for the day. Hons. E. R. Bowring, W. C. Job and Messrs. W. H. Greene, Hal. Hutchings and Gus. Herder are on the Cape Shore grounds and doing very well with the birds. On the Southern Shore partridge are extremely plentiful and those shooting there are doing well.

A Record Fishery.

Grand Bank will have a record fishery this year and business people of that place now here say that when everything is cleared up fully 60,000 stls. of fish will have been accounted for. All the bankers have done exceptionally well and several will run up to the 3,000 mark before the season closes. Their crews will make big wages and all on that part of the coast will be well provided for the coming winter.

Here and There.

FOUR ARRESTED.—Last night four drunks were arrested by the police. They were held at the lock-up all night.

WILL PATRONIZE THE PLAY.—His Excellency the Governor and His Grace the Archbishop will patronize the drama, "Octoroon," next Wednesday night at the T. A. Hall.

"FIRST AID" CLASS.—The new class about to receive instructions in "First Aid" will meet in the Grand Jury Room, Court House, at 8.30 this evening to make arrangements for the lecture hours.

GOOD FISHING STILL.—The fishermen of Broad Cove and Portugal Cove are still doing fair work with the fish, and when ever the weather is favourable get from a half to a qt. a day.

EXAMINED IN DRILL.—The companies of the Newfoundland Highlanders were examined in drill in the Perkins Shield Competition last night before Capt. Goodridge and Lieut. McBain. The results of the competition will be made known next week.

TOOK A WHALE EACH.—Yesterday the Port Saunders again took another whale, this time a very large fish, and towed it into Harbor Grace. The vessel has now 9 fish to her credit. Yesterday, also, the Hump captured a fine whale in Conception Bay. Fish are still plentiful there.

HAD TO WATCH HIM.—Last night a man who belongs to a craft lying in the stream went down on Baird's wharf in such a condition that the watchman was fearful that he would go overboard. The watchman sent to the lockup and a policeman looked after the inebriate.

CABLES FOR WESTWARD.—Yesterday afternoon two new cables were brought from the King's wharf in a lighter and placed on board the vessel for transmission to the West Coast. One is to be laid from Bay of Islands to Woods' Island and the other to Bonne Bay. Supt. Stott will go up in the ship to see to the proper carrying out of the work.

When Sleep Fails You

DR. CHASE'S NERVE FOOD will bring rest, comfort and vitality by building up the nerves.

Mr. Jas. Wesley Weaver, a veteran of the Peninsular War, Port Dalhousie, Que., writes:—"For years I was afflicted with nervousness and dreaded insomnia, so that I never knew for three years what a full hour's sleep was, never more than dozing for a few minutes at a time. Heart pain and headaches almost drove me wild. I had spells of weakness and cramps in stomach and limbs.—"Though I tried several doctors, it was money uselessly spent. Finally Dr. Chase's Nerve Food was brought to me and eight boxes cured me. It is simply wonderful what benefit I have obtained from this treatment. Sleeplessness and headaches are warnings of approaching nervous collapse. You can positively remove these symptoms and prevent prostration or paralysis by the use of Dr. Chase's Nerve Food. 50 cents a box, 6 for \$2.50; at all dealers or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

LISBON, Sept. 26.
The Cortes which was opened by King Manuel on September 1st, has been adjourned. The members of the Opposition failed to appear at the opening session at which the Government's programme was outlined. It was expected that the Cortes would soon adjourn, owing to the fact that the Cabinet is not considered strong enough at the present time to push its measures through.

LONDON, Sept. 26.
The Coroner's jury to-day returned a verdict of wilful murder against Dr. H. H. Crippen, the American dentist, in connection with the finding in the Crippen residence last July of the mutilated body supposed to be that of Crippen's wife, who was known on the stage as Belle Elmore.

ROME, Sept. 26.
Reports that the Holy See has despatched official protests to the Foreign Governments against the anti-clerical speech delivered by Ernesto Nathan, the Mayor of Rome, at the celebration September 20th, of the fortieth anniversary of the fall of the Temporal Power of the Church, are denied in Vatican circles. It is understood, however, that the foreign Nuncios and Bishops have been instructed to encourage a world wide protest against the Mayor's address. Many messages protesting in a dignified manner against the alleged insult to the Pope are reaching the Vatican.

HAMBURG, Sept. 26.
According to the Nachrichten, the new cruiser Von Der Tann, which was launched here March 21st, 1909, and in May last made a speed trial of 28 knots, will undertake before being added to the High Sea Naval force, a voyage around South America for the purpose of testing various innovations in construction and to give the South American nations an object lesson in the capacity of the German shipyards. Among the improvements on the new cruiser are devices for the ventilation of the boiler room.

BERLIN, Sept. 26.
The police and coal strikers had a series of pitched battles to-night at the Moabit Precinct, fifty strikers were wounded by revolver shots and sword thrusts, during police charges; twenty of them were taken to the hospitals severely injured. A very large number of police, totalling forty or more, were also wounded, some of them badly, while protecting strike-breakers.
