Did Child Wake Up Cross Or Feverish

Look Mother! If tongue is coated give "California Syrup of Figs" to clean the bowels.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!

A Lake of Soap.

One of Nature's marvels is to be seen in the north east corner of the State of Washington. It is a lake which bears the name of Soap Lake, and is three miles in length by one mile in breadth. The water in the lake tastes like a mixture of soap and salt, and its peculiar properties are such that when the water is heated no soap is required for a bath, for as soon as the water comes into contact with the natural oil of the skin, and is gently rubbed, it forms a beautiful lather.

The only drawback is that when applied to the head, one's hair is apt

to turn from its natural color to a rusty red, if not washed with fresh water. In other words, it bleaches the soda in the water no doubt being the cause of this.

The Soap Lake is well known throughout America on account of its wonderful healing properties. Indeed, it is asserted that its waters provide a cure for all the ills the flesh is heir to. Rheumatism, skin diseases, stomach and blood disorders—all seem to give way to the miraculous powers of the waters, and scores of people go there for the purpose of curing themselves of these various complaints.

As a matter of fact, the waters of the lake have been known to the Indians for generations past on account

of their wonderful curative powers, and even at the present time parties of them camp at the head of the lake during the summer months.

On the shores of the lake are various sanatoria which remain open all the year round and attract many visitors, who come in search of health.
