Barn and Contents Destroyed by Fire.

The City in Great Danger Owing to the
Bursting of the Water Main.

At 4.40 o'clock yesterday afternoon
an alarm from box 228 brought the
East End and Central Fire Brigades to
the residence of Mr. Edward O'Neal,
Freshwater Road, where a fire broke
out and destroyed his barn, situated
about fifty feet to the rear of his home.
How the fire originated is unknown,
but it was first discovered by persons
working in the adjoining field, who
observed a thick volume of smoke
pouring out of the west end of the
building. An attempt was made to se-
cure a bucket of water which would
have been sufficient at the time to
quench the blaze, but unfortunately
the water was shut off, owing to the
fact that the main pipe had broken and
was being repaired. About 3 p.m.
Supt. Dunn of the Central Fire Hall
noticed the dial of the register that in-
dicates the water pressure drop from
65 to 20 pounds per square inch, and
immediately phoned the City Engineer.
Mr. Ryan on investigating found a
break in the main near Cook's Farm,
and therewith ordered the supply to be
shut off. A large number of men and
appliances were rushed to the scene
and for upwards of four hours worked
at repairing the break. On arriving at
the scene the firemen were helpless to
save the building, but connected their
hose with the reservoir at the junction
of Pennywell and Freshwater Roads,
from where a slight stream was played
on the burning building. It had to be
pumped by a small engine for over
two hundred yards. By the time the
flying embers, aided by a strong
westerly wind, threatened the neigh-
bouring houses and actually caught
fire to a pile of wood stacked in Mrs.
Moore's house, 117 Freshwater Road,
but this was quickly extinguished by
the reserve firemen and volunteers,
who lined the roofs of the nearby
buildings and captured the flying
sparks and prevented further damage.
The firemen worked hard and by the
aid of an iron hook and rope pulled
down the burning sides of the barn
and by six o'clock the 'all out' signal
was sent in. The building contained
thirteen tons of new hay, a square
body waggon, two sets of harness,
and several useful farming imple-
ments, all of which were destroyed by
fire, with the exception of the waggon,
which was rescued in a damaged con-
dition by Mr. Geo. Squires, of St. Phil-
lips, who received several nasty
burns in pulling out the vehicle. The
damage is estimated to be about
\$1,000, not a cent of which is covered
by insurance. The loss to Mr. Neal
added to the fact that for the past two
years he has been an invalid, is a
severe one. A short while ago his
brother, Mr. Arthur O'Neal, met with
a serious loss when his residence was
gutted and the contents destroyed, in-
cluding a sum of money. About 10
p.m. a slight fire broke out in the
smouldering hay which was checked
by a stream from the chemical.
