The Strongest Rubber Boots made.

These Boots are Steam Pressure Curea and have Patent Muscled Legs.

When you are buying Rubbers you don't know the meaning of the ordinary trade names for Rubber wear, you are taking a leap in the dark.

Steam Pressure Cured means that the Rubber in "Buddy" Boots has been subjected to extreme pressure and a severe test in the manufacturing.

Patent Muscled means that the ordinary leg of the Rubber Boot is reinforced with bands of Rubber by means of a patent process discovered by the Buddy Boot Manufacturers.

These two processes together mean "Longer Life" to Rubber Footwear and are combined only in Buddy Boots.

Secure a pair without delay and keep your feet dry. Dry feet means Good Health.

There's a pair for every man and boy. We offer everybody a unique opportunity of buying a pair of "Buddy" Boots at Special Prices at our Retail Store.
