## Sturdy Simplicity

Dunham Traps are made with extreme care and accuracy.

The result is sturdy simplicity. Nothing could be more simple than the two-piece Dunham Trap; and judging from service records of those in use since 1903, Dunham sturdiness is exceptional.

The Dunham Radiator Trap maintains a radiator at its maximum heating efficiency by permitting the passage of all air and water from the radiator and holding all steam within the radiator until it gives up its heat.

**DUNHAM SPECIALTIES**—Packless Radiator Valves, Radiator Traps, Dip Traps, Blast Traps, Air Line Valves, Vacuum Pump Governors, Reducing Pressure Valves, Oil Separators, Suction Strainers, Air Vents, Return Traps, Check Dampers, Dampener Regulators.

Complete data on request.
