### If You Have Cancer Do Not Delay Treatment

Every Day's Delay Makes Your Case Harder to Cure-

If you have any suspicious looking tump or growth anywhere on your body, better be on your guard against cancer. It is a prevalent disease, and to be on the safe side you had better take treatment early, so that the ab-normal growth may be removed before it becomes serious. If yours is a wellmarked case of cancer, the sooner you start taking our constitutional remedy the less you will have to suffer and the quicker you will be cured. Such a disease as cancer is not to be trifled with. Our constitutional remedy is a pleasant vecetable compound. searches out the cancer poison and destroys it completely and permanently. Many cases of cancer in the advanced stage have been cured by its use, even after operations and plasters failed, but see what anguish of mind and would have been avoided had these persons taken our remedy at the outset of their trouble. #### WHITE BREAD EATERS. Pin Their Paith to a Shadow.

"I was always a great white bread eater, together with pastry, hot biscuit, and generally used coffee.

"For some years there was no no-ticeable effects from this diet, but finally the inevitable happened. My strength began to fail, mind grew dull and stupid. I could eat but little food and could not digest that. "I had always been of a happy and

sunny disposition, but now became morose and miserable and very cranky to the other members of the family. "One morning a new food called 'Grape-Nuts' appeared on the table. I discovered it had a different taste than the usual health foods. There was a rich, pleasant flavor that seemed to satisfy me perfectly. I became fas-

cinated with Grape-Nuts. "I have now used this food three months, my strength has increased greatly, my mind is now as 'clear as bell,' and I can go through the wear and tear of a day without feeling at all exhausted. I sleep perfectly, and have gained upwards of ten pounds in

weight.
"I have noticed that strong, healthy people enjoy Grape-Nuts as well as sick people and it seems to furnish more nourishment than meat or any food I have ever seen. You can pub-tish this, but please omit my name." Phattsmouth, Neb., P. O. Box 881.

# TRADE BRIGHT

Weekly Review of the Business Situa tion in Canada.

Toronto, Nov. 3 .- Bradstreet's trade review weekly summary: Cooler weather at Montreal week has to some extent stimulated wholesale trade, and with a further drop in the temperature there will be increased activity in seasonable goods. There is a decidedly healthy condition apparent in wholesale trade, and the general outlook for business to close of the year is very promising. Values of nearly all lines in wholesal trade are very firm. There is great activity in chipping circles.

Trade at Toronto has in some cases been returded by the backward season, heavy winter lines still being slow, and a change in the temperature to colder weather will be gladly welcomed in trade circles. All things considered, however, the general conditions of business are far from discouraging. Travelers are doing well with spring samples, and the outlook for that trade is good, Values are mostly firm. Country remittances are

fairly satisfactory.
At Hamilton there has been a fair movement in fall goods, and large shipments have been made this week. Labor is well employed, and the reports from travelers are very encouraging, and promise a much larger movement when the weather turns colder. Payments are very fair.
At the large coast cities and through-

out the Kootenay trade is looking up, especially in Kootenay, reports of which are quite bright. At Winnipeg trade has been showing a little more activity. Threshing op-erations have been proceeding more steadily in the wheat fields, and the grain deliveries have been larger. Collections are slow, and there is a good

demand for money.

Business at London is improving. The grain deliveries are more free, and country trade is looking up. Travelers are sending forward numerous orders. The outlook for trade is bright.

BANK CLEARANCES. New York, Nov. 3.-The bank clearances for the week in the Dominion of Canada were as follows: Montreal,

\$14,646,406, recrease 5.2 per cent; ronto, \$3,898,508, decrease 9.0 per cent; Winnipeg, \$2,844,427, decrease 25.4 per cent; Halifax, \$1,570,412, decrease 15.6 per cent; Hamilton, \$688,552 decrease 22.6 per cent; St. John, N.B., \$658,892,
