Western Ontario.
The farmers' social, announced to be
held at Port Stanley on Saturday, Aug.
31, has been postponed.

Provincial Detective Campeau, of Wind-
sor, has been working on a poisoning
case over the past few days. Yesterday he
learned that Alexander Pettit, who was
arrested on the charge of putting Paris
green in the well of his neighbor
Wilson Price, had jumped his bail and
left the county. Pettit was to have had
a preliminary trial in Chatham yesterday.

Farmers report that the recent elec-
tric storm in Essex county did much damage.
Many barns were burned, and several
cattle were killed in the fields. William
Sarratt, a farmer on the seventh conces-
sion, Sandwich East, who had just
harvested. All his farm implements,
which he purchased last spring, were
destroyed.

Joe Henry, a young man with a lengthy
police record, is again in the toils at Port
Huron, being charged with holding up
and robbing Peter Vassan, a Sarnia re-
servation Indian, of \$40 on Wednesday
evening. The Indian claimed to have
been enticed into an alleyway back of
his house, where he was relieved him of
his roll while two others assisted.

Brother of the prisoner is serving a five
years' sentence for a somewhat similar
job.

**A STRANGE PRESENTIMENT OF
DEATH.**
Philadelphia, Aug. 30.—According to the
statement of the widow of the dead as-
sistant engineer of the burned steamer
City of Trenton, John P. Chew, the man
had a presentiment of death. Mrs. Chew
said that before leaving home for work
on Tuesday night, her husband said
"Lizzie, I may never see you again. I
have a presentiment that there will be
an explosion on the boat. If there is,
there will be no escape for me. They
are running at too high a rate of pres-
sure, and if an accident should occur, I
and many others will be killed."

REVISED BIBLE.

An Edition That Has Been Held Back
Fourteen Years Placed On Sale.

Chicago, Aug. 30.—Chicago bookmen
have placed on their shelves the first
copies of the American Standard Revi-
sion of the Bible which has been kept
from them for fourteen years by the
unfortunate contract enacted by the
English revisers at the time of the dis-
sent between the committees represent-
ing Great Britain and the United
States. Today's sales were large, the
demand to compare with that for
the English revision when it was
first issued.

Examination shows that the Ameri-
can revisers are more faithful to the
original text and that cutting out
many of the obsolete idioms of King

James' time has clarified the meaning
of passages hitherto obscure to the lay
reader. One of the striking features of
the American version is the restoration
of the word Jehovah to the text, this
personal appellation of the Deity being
used almost uniformly in place of
"Lord" and "God." "Sheol" is the
term substituted for "The Pit," "The
Grave" and "Hell."

Typographically the book presents in-
novations. The text is paragraphed,
the verse divisions being designated
by figures wherever they occur. At the
top of each page are headings in black
letters, indicating the contents, and
figures showing the scope covered. The
paragraphs are considerably shorter
than in the English revision.

SHARP WARNING!

Austria Says That Russia Must Stop In-
triguing in the Balkans.

Twenty Ironclads Take Part in French Navy and
Army Maneuvers --- Britain's King and
Queen Going to Scotland.

London, Aug. 30.—The Daily Mail
publishes the following dispatch today
from its Vienna correspondent:

"From a reliable source I hear that
Count Lambsdorf, Russian foreign
minister, has arranged for an impor-
tant conference in Vienna with Count
Goluchowski after the czar's visit to
Rheims."

The Roumanian premier, M. Sturdza,
recently visited Vienna, where he had
long conferences with Count Goluch-
owski, the Austro-Hungarian minister
of foreign affairs, on the situation in
the Balkans. He conferred also with
Gen. Vonbek, chief of the Austro-
Hungarian general staff. Immediately
after this visit, articles appeared in
the semi-official Hungarian papers—
articles believed in some quarters to
be inspired by Count Goluchowski—
warmly protesting against Russia's
intrigues in the Balkans.

These protests were based on rum-
ors that Russia was massing troops
on the Roumanian frontier and sepi-
ng torpedo boats into the Kilis, an
arm of the Danube; and they plainly
warned Russia that, unless she faith-
fully adheres to the Austro-Russian
treaty of 1897 as "an instrument to
keep Austria quiet while Russia is en-
gaged in Manchuria."

The French western army manue-
vers opened with an attempt to lane
expedition at La Rochelle, in the pres-
ence of Gen. Andre, the minister of
war. Three transports, heavily
laden with troops, belonging to the northern
and Mediterranean squadrons, appear-
ed before the fort this morning. The
United States training ship Hart-
ford arrived at La Rochelle yesterday
evening to witness the operations, and
was the object of Andre immediately visit-
ed the Hartford, and was shown over
the vessel.

After an inspection of the cadets,
who were drawn up on deck, and be-
ing shown over the vessel, Gen. Andre
was entertained at luncheon. He ex-
pressed his satisfaction at being on
board an American ship, and said that
he hoped the visit would contribute to
the tightening of the bonds of friendship
uniting the sailors of the two nations.

Commander John M. Hawley, of the
Hartford, in response, thanked Gen.
Andre for the honor of his unexpected
visit, and promised to inform his gov-
ernment of it.

The ship's band then played the
"Marsellaise," and the American Na-
tional Hymn. A banquet was given
in the evening, at which all the ad-
mirals and the generals were present,
and to which all the American officers
were invited.

MUNICIPAL TELEPHONE SYSTEM.
The municipal telephone was in-
augurated in Glasgow yesterday, with
all the latest improvements, exceeding
15,000 lines of wire underground, and
20,000 subscribers. The service is
designed to be as perfect as possible, af-
forded the public every facility for
cheap and convenient communication.

ROYAL VISIT TO SCOTLAND.
The King and Queen on their return
from the continent next month, will go
to Scotland for a few weeks' rest. They
will not occur in the autumn. The
home of the late Queen Victoria,
but will stay with the Duke and Duch-
ess of Fife at Mar Lodge. Much com-
ment is caused by their avoidance of
Balmoral Castle.

ITALY'S SUBMARINE TERROR.
The trials of the new Italian submar-
ine war vessel Delphin, carried out by

the ministry of marine, have been
most satisfactory. It is provided with
a cleptoscope, invented by the Italian
engineer, and the Delphin, which will
be the first of its kind, will be com-
missioned during his visit to Canada.

THE SLAVE TRADE.
Replying to an American consular
criticism of the Italian treatment of
the slave traffic in Erythraea Italian,
East Africa, the Rome Tribuna con-
tends that Italy is doing all it can to
suppress slave trading, but that as the
Red Sea coast is most difficult to pa-
trol, some of the traders escape. Italy
regrets this, the Tribuna says, and is
striving to remedy the evil.

THE SYMBOL OF REDEMPTION.
The Pope celebrated in Latin verse
the inauguration yesterday over the
summit of Mount Capri near Carpi-
neto, his birthplace, of a gigantic
cross. The ceremony took place in the
presence of Torielli family and num-
erous spectators. His Holiness has tele-
graphed to the committee at Carpi-
neto his hearty congratulations over the
symbol of redemption should be a guar-
antee of protection and prosperity to his native
land.

GOLD STRIKE IN LAPLAND.
A Stockholm dispatch says: Much
excitement prevails here over the dis-
covery of gold in Lapland, where are
also the country's famous iron de-
posits. Experts who have been in the
Kondike district lately pronounce
discoveries in Lapland as rich as those
along the Yukon. Some timorous per-
sons fear that Sweden may presently
lose itself possessed not only of the
riches but also of the calamities com-
ing from a land district.

SYSTEMATIC MASSACRE.
The London Daily Mail publishes an
article written by Ali Nouri Bey, for-
mer Turkish consul in Rotterdam, de-
claring that the massacre of Armenians
by Kurds, which has just re-
commenced, is part of a regular sys-
tem of extermination. He says: "The
number of Armenians killed will de-
pend upon the outcry raised in Europe
and the pressure brought to bear up-
on the sultan. The same horrible pro-
cess will be repeated year by year
until all are killed."

M. George Dorys, son of the late
pope of Samos, a former minister of
the Sultan of Turkey and formerly
governor of Crete, has been condemn-
ed to death by the sultan's courts at
the direction of Abdul Hamid II, be-
cause of the publication of M. Dorys'
book, "The Private Life of the Sul-
tan."

**PRECAUTIONS FOR THE CZAR'S
SAFETY.**
Copenhagen is full of Russian de-
tectives in anticipation of the czar's
visit. Two Russians were arrested
here last night. The rough weather
prevailing renders the czar's arrival
before Monday improbable. A liberal
demonstration in honor of King
Christian has been arranged for Sun-
day. Delegations from all sections of
Denmark will pass in review before
the palace, after which there will be
a great meeting and banquet.

CABLE NOTES.
The engagement is announced of
Miss Helen Morton, a daughter of Ex-
President Levi P. Morton, to Count
Doston de Perigord, the second son of
the Prince of Tallyrand.

The Franco-Russian incident seri-
ously, but some of the papers suggest that
British intrigues and German influence
are behind the attitude of the sultan.
A dispatch to the London Standard
from Brussels says that the visit of
Dr. Leyds to Paris is directly con-
nected with Mr. Kruger's desire to
meet the czar at Compiegne.

A London cable says: Precautions
were taken by the Leifor Mining Com-
pany to secure a proper representa-
tion at its meeting held today. Police
were stationed at the entrance to the
hall with instructions to exclude all
application of the admission of the
shareholders of the company.

HANGED AT DAWSON.
Seattle, Wash., Aug. 30.—The steam-
er City of Seattle, from Skagway,
brings news of the hanging at Daw-
son on Aug. 22, of George O'Brien, for
the brutal murder of Lynn Rolfe, Fred

Clayson and Lineman Olsen on
Christmas day, 1899. Protesting his
innocence to the last, O'Brien mount-
ed the scaffold without a tremor, and
hurled anathemas on the heads of
those who were instrumental in bring-
ing about his conviction. A large
crowd witnessed the execution.
