H. C. Becher, stock broker, Bank of Commerce building, received the following by private wire from Bartlett, Frazier & Carrington today:

New York, Aug. 16.—Noon. — The advance in Union Pacific to par brings the stock to within five points of what might be called the ton. That is to selling in the middle nineties that it was going to 105, and this is a dis tinctively tipped market, and for that matter one in which tips are made good. In other respects there have been no other changes of importance during the morning session. Steel preferred has continued heavy, and by the end of this month there will probably rise a good deal of discussion with regard to the next dividend. The latter is a long time off yet, but with two months of a quarter finished there

Reduction It Is Entifled to in the Key Rate.

Some action may be taken this week in the direction of having the Canadian Fire Underwriters' Association make a portion, if not all, of the promised reduction of 20 cents on London's key rate. Mayor Beck has received letters from two of the largest wholesale firms urging that, in view of what the city has done in the way of strengthening the fire department, a ad- demand should be made for some remand, which continues steady and duction. They point out that many of regular. Corn, very strong, higher prices expected. Demand for American corn is increasing.
