WHOLESALE REDUCTION IN ASSESSMENT REFUSED

The court of revision is about through for the year. There are a couple of cases to be reported on by the depart-

There are going to be many disap-pointed folk, as the court has been quite firm in refusing to grant wholesale reductions in assessment, and for the most part the figures of the assessment officers have been confirmed. officers have been confirmed.

Interest in the appeals centered in cases where huge sums were involved. These consisted of a number of the city's largest warehouses. In but one city's largest warehouses. In but one case was the appeal successful, the Howden Hardware getting a small cut of \$2,500. The Garvey and Pocock warehouse appeals fell by the wayside.

What reductions were granted were for the most next on buildings and in the the most part on buildings, and in the case of business houses this will bring consequent cut in the business assess-

ment, as the latter is based on the value or assessment of the building. The number of appeals heard this the highest in the history of the city.

LIBERAL LEADER TELLS OF CANADA'S NEEDS Sydney, N. S., Oct. 8 .- By Canadian

Sydney, N. S., Oct. 8.—By Canadian Press Staff Correspondent.—"If there is a country in the universe to which a protective tariff is as essential as the breath of life that country is Canada." These were the words of Right Hon. Arthur Meighen addressed to a meeting of approximately 2,000 persons gathered in the curling rink here tonight to hear Premier Meighen and his colleagues discuss the questions of the day.

"Only by an affirmative voice from this country, clear, ringing and decisive, that we intend to follow the protective ated the businessman asked if there policy, can we get back to normal employment conditions," the premier in"You might add, 'Excuse poor-writing sisted. "Industries of Canada must be sisted." and bad spelling." said the illiterate given a chance to compete with those man.

GROUP OF OILS LEAD WALL STREET SALES

Recovery Is Experienced in Many Features.

New York, Oct. 8.—An expansion of the investment situation and the dull and professional tone of stocks were the divergent features of the week in the security market. Buying of Lib-erty bonds and Victory notes again erty bonds and Victory notes again assumed large volume at the year's record prices. This was supplemented by the ready sale of new private offerings, including loans to South Amerca and Australia

Trading in stocks was more professional than at any period since the reaction from September's advance. Pressure focused in several of the in issues, notably those dividend and general financial pros ects are more or less uncertain. There was a good but only moderate inquiry for rails, especially junior issues of the western and southern sections of the country. Promine

among these was New Orleans, Texas and Mexico, which rose almost ten points over last week's final price. points over last week's final price.

Domestic oils as a group led the
market, their irregular advances, mainly under gui ince of professional pools
being ascribed to an increased demand

for crude products, accompanied by an upward revision of prices. The money market tended towards urther east, due in part to an exte sion of lower discounts by federal re-serve banks. Loans running into the coming year were made at slight comof high-class commerc paper, but call money ranged from 4½ down to 5½ per cent.

DANGER IS SEEN

Liquor Permits Cost \$5.

To buy liquor you must mit or license. A resident can buy a permit good for one year for \$5. A non-resident can buy a permit for the same sum, but it is only good A man who wants a bottle oadly, but who is without the nec \$5 for a permit, may buy an individual permit, good for only one purchase, by

paying 50 cents.

Those who abhor liquor, but appreciate the merits of stout, ale and can buy a special malt permit for \$2, which entitles them to purchase these

oods for one year. The government is filling its shelves as rapidly as possible. Buyers have been sent to scour the markets of Europe, and new brands and vintages are daily making their appearance. A good quality of Scotch whiskey sells for \$4 to \$4.50, with other goods sold

at a proportionate rate.

When the complete stocks are on hand there will be vermuth, rare wines from select vineyards in France and Spain, liqueurs such as epicures love, brandles that have not seen the light of day for fifty years, and the myriad

of drinks that a good host can concoct from such materials.

But British Columbia citizens are not altogether satisfied with the Four dollars and fifty cents is too much to charge for good Scotch, they claim and as a result the private liquor importing houses are doing a good trade by cutting the government prices

British Columbia's desirability to those who hold that access to liquor and liberty go hand in hand is strengthened as the result of the recent action of the Prairie Provinces ear by the court of revision total about Ontario in striking out by referendum the right to import liquors.

slightly.

WATERPROOF TRUCK COVERS CARTER & SON

URGED TO END BOOING IN LONDON'S THEATRES

Actors Hear of Organized Rowdyism I

London, Oct. 8 .- As a result of repeated instances here of the booing of new plays, Andre Charlot urges the Actors' Association to restrict the first night galleries to persons holding tickets bearing the imprimatur of the Gallery First Nighters' Club. He thinks the disturbances are directly attributable opposition, spite and

The First Nighters' Club approve of this suggestion, while other famous stage "stars," including Lady Tree, are against any restrictions being placed on the galleries.

But other actors insist that there is a strong society of booers here, that it is well organized and that its members do not work for love. They assert that a certain lift boy in a London hotel is the leader of this society. It was in-sinuated that these men are being hired to wreck productions through selfish

On perhaps half a dozen occasion lately noises in the galleries has ser ously interrupted a new play and vir tually destroyed its dramatic effect.

CLEMENCEAU FOUND REST WITH DEAF HOST

Enjoyed Silence in Mediaeval Corsican Castle.

Clemenceau took his recent "silence cure" in a mediaeval castle 1,500 feet above the blue waters of the Mediterranean at Olivese, on the island of Corsica. Nicholas Pietri, the owner of the ranean at of onlyses, on the Island of other sides. Nicholas Pietri, the owner of the castle, a lifelong friend and newspaper associate of Clemenceau, is as deaf as the proverbial post.

London, Oct. 3.—Tom Largely carried a peck measure when he went to the bank to make a deposit. The paris is built up the limits of the city measure contained 6,505 buffalo nickels. Largely started saving fitners two years ago when he discovered that there was nothing on the market that could be purchased with a nickel.

PARIS WILL EXPEND **MILLIONS ON CITY**

Become Playgrounds.

Paris, Oct. 8. - Paris intends to spend 125,000,000 francs to beautify and the first of next January. But this is proved call for the expenditure of more than 10,000,000,000 francs of the last loan of 18,000,000,000 for various improvements. Naturally each arrondissement is fighting for the lion's share of the improvement funds, as once the

work is started it will provide an easy solution for the city's unemployment problem, and it is even likely that the work will attract thousands from the smaller towns where the industrial crisis is menacing ordinary prosperity Hospital Improvements. One of the biggest of these is the re-modeling of the majority of the public

nospitals, many of which are housed in buildings two centuries old, with the floors rotting away and often vermin-bus, while little space is devoted to aboratories and operating rooms, such splinter to bits. as are found in any Canadian city. Experts already are drawing up plans

or hospital changes as well as planning extensive anti-consumption and anti-venereal campaigns covering every quarter of the capital. Schools, mar-tets and streets also will not be over-looked. In the schools the council intends to install immediately a modern system of inspection of the health of the pupils, while every school is to be supplied with shower baths and mod-ern watered sewer systems.

Prefect Leullier personally is visiting sections of the city which have been a'lowed to become disgraceful, as far a sanitary measures are concerned, and has commenced his campaign for reviv
