Life and Character Reading.

APRIL 12. People born on this date are sel-

People born on this date are selfish, and grow angry at the least provocation. They are whimsical, impetuous, and fickle in the extreme. They do not easily forgive their enemies, although they are rarely tempted to seek revenge for their wrongs. They will die fightling for a friend or a principle, but they will not yield a point until they are obliged to.

The people born on this date come under the sign of Aries, and the planets are Neptune and Mars. The Aries people who are tall and broad shouldered are more silent, with a deep spiritual nature, and great occult power if they choose to develop it. They are very generous, and distinguished for their good works, but are not so fortunate in worldly affairs as those who are short of stature.

Furniture dealers will do well to use the Want Ads columns the following week. Many people at this time of the year are seeking antiques, and they always use the Want Ads first in the hunt.
