YELLOW FEVER IN MISSISSIPPI.
Jackson, Miss., October 30.—Three
new cases of yellow fever were
announced here this morning. A heavy
frost fell here last night.

Palpitation of the heart, nervousness,
tremblings, nervous headache, cold hands
and feet, pain in the back, relieved by
Cartier's Little Liver Pills.

Petrolia, Ont., Oct. 30.—The by-law
to grant franchise to the Carman
Deep Well Gas Company was submitted
to the electors here to-day and
resulted as follows:—For the by-law,
410; against, 8; two ballots spoiled.
Our town is in high glee to-night at
the result, as this means a big boom
to our town if the Carman Company
is successful.

**CAST AWAY ON A DESOLATE
ISLAND.**
St. John's, Nfld., Oct. 30.—The steamer
Labrador, which has just arrived here
from a trip along the Labrador coast,
reports that a fishing crew of thirty
people are on a desolate island off the
northern section of the coast, where
they have been virtually abandoned
for some time owing to the fact that
the instructions for a vessel to bring
them down miscarried. A special
steamer must be sent promptly to their
assistance or they will perish from cold
and hunger during the coming winter.

CITY NEWS.

Pride is a woman's salvation and a
man's damnation.
Miss Minnie Winslow, of this city,
is very ill at her home on William
street.

The fire department were called to
box 81 last evening at 7:15, on a false
alarm.

It is always a question to a man
which have the most pins, babies or
women.

This is Halloween night. See that
your faces are well secured and your
chimneys well anchored.

Society would probably go to smash
if the women bought their trousseaus
to do their courting with.

When you think you are chasing the
devil around the stump he generally
knows he is chasing you.

It is a dreadful thing to be punished
for disregard of parental wishes by
being cut off with an inheritance of
only \$1,000.00.

When one girl turns a man down he
generally plans to get revenged on
one of the others by not marrying any
of them.

Mr. and Mrs. Rolston arrived at
Winnipeg on Thursday morning from
London, and will visit their son, Mr.
Harry Rolston, there.

Miss Lena McMurchy, student of the
London Conservatory of Music, ren-
dered a solo at the Centennial Metho-
dist Church on Sunday evening last.

Mr. Chris. J. Fitzgerald, the well-
known horseman and starter, accom-
panied by Mrs. Fitzgerald, will arrive
here this week on a visit to relatives.

Dr. Fitzgerald, son of His Honor
Judge Fitzgerald, formerly of this city,
has been elected a member of the
Medical Society of the county of New
York.

The city dealers have advanced the
price of coal from \$6 to \$6.50 a ton,
the increase to go into effect to-day.
The dealers say, is rendered
necessary owing to another raise
by the mine owners—the second in
two months—the lack of transportation
facilities and the increase in the
prices of the miners. Some of the
merchants have not enough coal in
their yards to carry them over a
month. It is not expected that the
price will further advance.

An unusually interesting meeting of
the Athenaeum was held at Harding Hall
on Friday last. The subject of the
evening was "South Africa." After the
critic's report, by Miss Edna Kent,
Miss Zimmerman, who had prepared
for the occasion, a large, beautifully
drawn and colored map explained the
geographical features of the country,
and showed very clearly the strategic
points in the present situation. Miss
Wells then gave a very interesting
Oliver Schreiner's "African Farm," il-
lustrated with some amusing cartoons
by Miss Bishop. Short but bright
papers on Oom Paul and the Boers,
by Misses Nemo and Gabe, and
Misses Moore, followed, and some enjoyable
music—a piano solo by Miss Cora Mc-
Carthy, and two violin solos by Miss
Edna McNab—were also on the pro-
gramme, but the main feature of the
evening was a written debate on the
following resolution:—"That Great

Britain is justified in interfering in the
affairs of the Transvaal. The affirma-
tive was upheld by Miss Alice Myman
and Lillian Elliott, the negative by
Misses Edna Leonard and Ethel Mc-
Killop, and all four acquitted them-
selves in a manner that would have
done credit to much older heads. Their
papers displaying not a little origi-
nality, as well as being thoughtful, logi-
cal and forcible.

Hundreds of persons contend that the
twentieth century will begin with
January 1, 1900, while other hundred
contend with equal positiveness that
the correct date is January 1, 1901. The
1900 contingent argue that, of course,
the new year of the new century, is a
numerical date, and go on to figure out
very deftly that with the last day of
the year 1899 the hundred years will
have run their course. They argue that,
if the first day of the new century, Oc-
tober 31 of the year 1, the nineteenth
hundredth year must, of course, end
with Dec. 31, 1899, and that the first
day of January, 1900, is, therefore, the
first day of the new century. They are
curiously enough, this latter figure is
correct, but only in a numerical sense.
These statisticians overlook one very
important consideration, that it re-
quires one hundred years to make a
century, and it calls for no expert
mathematician to figure it out that the
full hundred years of the nineteenth
century will not have run their course
until 12 o'clock midnight of the 31st of
December, 1900. Numerically we enter
the twentieth century with January 1,
1901. But, nevertheless, we must com-
plete the entire year of 1900, and pass
through its 355 days before the actual
1,900 years shall have run their course.

A large audience gathered in Cham-
bers Presbyterian Church, corner of
Grey and Waterloo streets, last night,
to hear W. C. Ferguson, B. A., of the
Collegiate Institute staff, deliver a
lecture, illustrated with limelight
views, on "Cape Colony," a subject of
special interest to the audience, inas-
much as the war between the British and
the Boers. The lecture was not only high-
ly entertaining, but it was very in-
structive. Mr. Ferguson first gave a
brief history of the troubles that arose
between the English and Dutch since
the colony was founded in 1815. He
explained that the Dutch decided to
move out of the Cape because the
British insisted on the use of English
as the official language, freed the
slaves and gave the negroes civil
rights. He traced the history of the
Cape from the time the Boers went
to the Vaal until the present, and he
also spoke of the vast resources of
the country. The lecture was very
interesting, and the audience was
very attentive. The lecture was given
by the native tribes and Malais,
places of interest in Cape Town, Kim-
berley, Durban, Grahamstown, and
other spots in the rural portions.
Miss Doble gave a very interesting
recitation. The lecture was in aid of
the Ladies' Aid of the church.

Michael Tierney, a well known char-
acter about town, walked into the
police station yesterday afternoon to
pay a fine of \$2 imposed upon him by
the magistrate in the morning for
being drunk, and after he had planked
down the cash he was again taken
into custody on a more serious charge
of stealing a waterproof coat from
George W. Scott, proprietor of a
Dundas street store. The coat is
now in the possession of the police.
When Tierney was arrested on Sat-
urday night for being drunk, he sported
a brand new waterproof, but as a
report of Scott's loss had not been re-
ceived at the time it was taken for
granted by the officers on duty at the
station that the coat belonged to
Tierney, and Tierney and the coat
spent the night in the cells. Sunday
morning Tierney got a prisoner named
McDonald to take the waterproof out
with him, and when the loss of the
coat was reported the detectives made
inquiries, and on learning the facts
they came to the conclusion that
Tierney should be locked up. The
prisoner denies having stolen the coat,
but says that he bought it, while Scott
says he did not sell a coat on Sat-
urday.

Militia orders, issued yesterday, con-
tain the following:—Lieut.-Col. G. R.
White, district staff officer, will act for
the district officer commanding No. 1
military district until further orders.
The following transfers will take place
on the Royal Canadian Dragoons:—
Lieut. and Capt. Pearce, from "B" to
"A" squadron, Royal Canadian Rats
of Infantry; Lieut. Lister, from
No. 2 to No. 1 regimental depot; Lieut.
Burnham, from No. 1 to No. 2 regi-
mental depot.

A test of the cement sidewalk being
laid on Mt. Pleasant avenue was made
yesterday afternoon by the Investiga-
tion Committee of the City Council,
but the result was kept a secret pend-
ing further tests to be made.

Solomon Green, a Delaware Indian,
charged with the theft of a bicycle
from John Nicholas, has been further
remanded for a week by Squire Smyth.
A Caradoc woman named Frances
Warner has been committed to jail
by Squire Lockwood, of Delaware, to
stand her trial on a charge of in-
sanity.

The Great West of Regina, N.W. T.,
says:—Mr. James Stevenson, his wife
and six children arrived here a few
days ago with a car, load of settler's
effects. He comes from the same place
as Mrs. Franklin Bole, near London,
Ont. Mr. Stevenson is a good practical
farmer, and is well provided with the
wherewithal to start farming on an
extensive scale. He has not yet de-
cided upon a location, but is at present
sizing up the advantages of the vari-
ous localities. We welcome him to the
Regina district.

Harry Phipps, a Westminster farmer,
was committed for trial by Squire
Smyth yesterday on a charge of as-
saulting P. J. Spettigue, of lot 25, con-
1, with intent to recover three cows
which Spettigue was driving to the
pound. The cattle had been trespass-
ing on the property of the complainant,
and it is alleged that when he was
taking them to the pound, Phipps over-
took him and threatened to smash
every bone in his body if he did not
release the cattle when Phipps desired.
He caught hold of Spettigue and called
him a pet name. The defence claimed
that the Spettigue property was not
properly fenced in, and that Spettigue
was using the cattle when Phipps in-
terfered. The latter also denied that
he assaulted Spettigue.

The concert and social held at St.

sary of the church, was a most pleas-
ing event, enjoyed by a large num-
ber of the members and friends of the
church. The school room was beauti-
fully decorated, and following a choice
programme of songs and music, re-
freshments were liberally served.
Ven. Archdeacon Davis presided, and
the programme included the follow-
ing:—Piano solo, Miss
Wildern; reading, Mr. Thos. Alexan-
der; song, Miss Lottie Griffith; violin
selection, Mrs. Masurel; Mrs. Grant

A YEAR'S WORK.

What the Y. W. C. A. Has Done Dur-
ing the Past Twelve Months—The
New Officers.

A public meeting to mark the anni-
versary of the Young Women's Chris-
tian Association was held in the home
of the association, 245 Dundas street, last
night, when the many friends and
members were given an idea of the
good work done by the organization
during the past twelve months. Rev.
C. C. Owen, the new rector of the
Memorial Church, occupied the chair,
and in his opening remarks he spoke
of the Y. W. C. A. and the need
of such work in the city.

Miss Kirkpatrick, the general sec-
retary, gave a very complete review
of the year's doings. The important
changes, she said, had been made
that of removing from the old rooms,
and changing the control from a Y.
W. C. A. Board to a Y. W. C. A.
Board of Management, both steps
being in the best interests of the work.
The total attendance for the year was
15,391, 10,432 of the visits being made
during the day (from 10 a. m. to 1 p. m.)
and 3,249 in the evenings. The calls
made numbered 448, and those re-
ceived 1,478. The lunch hour contin-
ued to be an encouraging phase of the
work, many girls and young women
from educational institutions, stores
and factories availing themselves
of the privilege of spending the noon
hour in the Y. W. C. A. The changes
had taken place in the mem-
bership, by the removal of several to
other cities, but the loss had been
more than counterbalanced by a steady
addition, the increase being 75.
The different classes met regularly, and
the Sunday services, held at 4:30 in the
afternoon, were well attended. The
season's Summerbath, Fort Stanley,
was also a great success, 71 young
women being resident there at differ-
ent times during July and August.

Miss Kirkpatrick, the president, also
gave a brief, but interesting review
of the work.
The musical programme rendered
during the evening included solos by
Miss Smith and Miss Walker, and
The officers of the Y. W. C. A. for
the year are:—
President—Miss Jarvis.
Vice-Presidents—Miss Ware, Miss
Hopkirk, Miss Moore, Miss Yates,
Miss Priddis and Miss Loughrey.
Treasurer—Miss McGuffin.
Recording Secretary—Miss Florence
Fraser.
Corresponding Secretary—Miss
Trebilcock.
General Secretary—Miss Kirkpatrick.

THE PHILIPPINE COMMISSION.

Opt. Leary's Report of the Situation on Gu m. in
the Ladrones.

Washington, October 30.—The Philip-
pine commission held its first meeting
at the quarters selected for them in
the Arlington to-day. It was an-
nounced before the meeting that all
the sessions would be secret, and that
none of the deliberations would be
made public until the commission had
finished its labors.

The Navy Department has received a
report from Captain Leary, the naval
governor of the island of Guam, in-
dicating that the situation in the
Ladrones, which has excited a
good deal of interest among the of-
ficials to whom it has been exhibited.
The President himself has read the
report, his interest being particularly
attracted by the disclosures of the
fact that the first American Governor
of the island has already been obliged
to adopt heroic measures to ensure
a proper administration of affairs
there. Captain Leary soon learned
that his authority as Governor was
being subverted, and every one of the
measures of the reform which he pro-
posed was being defied by the hos-
tile influence of the friars. They re-
sisted every decree, no matter of what
character, from a spirit of intense
conceit, and a belief that any
disturbance of the order of things
which had governed the island for
so many years would cause them to lose
their hold upon the natives. After
exhausting all other means to over-
come this influence, Captain Leary re-
ports that he was obliged to notify
half a dozen of the friars that they
might have free transportation away
from Guam and he should expect them
to avail themselves of the offer. That
left but one friar on the island, and
he was a man whose character and
reputation was such as to convince
Captain Leary of his fitness to re-
main.

Farmers will have an opportunity of
making themselves better acquainted
with the poultry industry in December
next. The Fat Stock Show at London
December 11th to 15th next, will at-
tract the principal stock breeders of
the country, and such arrangements
have been made by the management
of the show that the exhibition of
dressed poultry will be the best ever
attempted in Canada. All points will
be discussed by experts, lectures being
given each day at the show. Professor
Robertson will be up from Ot-
tawa, and none better than he can
give the requirements of the British
market. Experts, under his direction,
will kill, pluck and dress poultry, prior
to which will be illustrated the method
of cramping adopted in Europe. The
poultry committee consists of Messrs.
Bogue and McNeil, of London; Meyer,
of Kewstun, and Ross, of Toronto.
The prize list is made up of all vari-
eties of dressed fowl, so that the un-
initiated may judge for himself what
breed makes the best table fowl. The
prize money exceeds anything ever of-
fered in Canada, and will doubtless
attract farmers from all over the
country, especially as the entrance is
only 50c. Prize list can be obtained
from the secretary, Mr. F. W. Hod-
son, Parliament Buildings, Toronto.
