BOND ISSUES ARE AUTHORIZED

For Payment of Breach of Town Hall and Permanent Street Work.
A meeting of the Town Council was held in the Council Chamber Tuesday evening. His Worship Mayor McKay presiding. Councilmen: Bell, Galt, Miller, St. Onge, Moore, Duncan, Graham and Graham.
The minutes of the last regular meeting and several special orders were read and approved.
A communication was read from Town Solicitor Galt setting forth the town was liable for the treatment of Mr. Thompson, a poor patient, at the Soldiers' Memorial Hospital, from Jan. 15th to March 1st, 1922, for which that institution notified the town as to his being there, and was legally liable from that date until his discharge from the institution. "Laid on table" to be taken up later.
The Mayor of Montreal wrote that an effort was being made to change the route of the Trans-Canada Highway from via the Matapedia Valley to via the St. John river route and Councilman Miller said this was an important matter and should receive prompt attention.
His Worship suggested a strong resolution be drafted and forwarded to the President of the Canadian Motor League.
Councilman Graham made a motion covering this which was carried.
Witney McDonald wrote the council that through some error he had sent his son in December last which was justly one him. Referred to Executive Committee with power to act.
The town engineer submitted an offer from O. A. Alexander for the heirs of the Alexander estate, offering the land necessary for opening up streets and widening existing streets, about three and three quarter lots for \$1800.
Councilman Miller accepted the offer.
A communication was read from Walter Sunderland complaining of an amount of \$10 which had been deducted from his wages for the water service leading to his house. He contended that this service was from an amount of the low water pressure. Referred to Water Board with power to act.
A communication was read from Dr. Plunkett asking the town to bear the expense of sending a little girl aged 13 years, belonging to one of the town's families, to a sanatorium.
On motion of Councilman Moore a delegation from the Red Cross Committee was asked.
Mrs. D. A. Harquail was the spokeswoman of the party and made an eloquent appeal for this little girl referred to. Her father was a hard working man who had a sick wife and son suffering from the same disease. Mrs. Harquail stated she had been informed that three months at such a sanatorium would practically cure the child. The cost would be \$150 per day and it was possible an older brother of this little girl upon whom the same disease had a firmer hold, would be taken into the institution free of charge. The little girl had been discovered by the Health Nurse while visiting the school.
Councilman Bell moved that the necessary grant be made to send the little girl to a sanatorium for a period of three months.
Councilman Miller expressed the thanks of the delegation.
An application from Earl Lutes for the job of driving one of the motor trucks was placed on file for future reference.
The Secretary of the School Board wrote setting forth the amount required this year for school purposes would be \$30,000. Placed on file to be taken up when the estimates were being considered.
Geo. G. Melvin, Chief Medical Officer for the Province wrote requesting blue prints of water and sewerage system also for information as to source of water supply, that he be notified of any changes being contemplated. He pointed out the necessity of the Provincial Board of Health having all such information in view of the fact that in some towns in this province typhoid was contracted by reason of impure water supply. Referred to Water and Sewerage Committee.
Town Engineer St. Onge wrote stating that his term of office expired end of May.
Councilman Duncan said that Mr. Sly's work had been very satisfactory for the past year and he moved that Mr.

STORE ROBBERS CONFESS GUILT

John Roy, Wm. Hargrett, and John White Sent Up for Trial.
On Saturday morning last, John Roy, William Hargrett, and John White, all of Richmondville, were taken to the court, held at Dalhousie, there to stand trial on the charge of stealing from the general store of the Richmondville Co. at Richmondville.
At the preliminary hearing before Judge Matheson at Dalhousie, evidence was elicited to the effect that quantities of merchandise were mysteriously disappearing from the Richmondville store for the past two or three months. Believing that the person or persons were robbing these goods at night, Mr. James McMillan, manager of the store, remained on watch for about two weeks.
At the preliminary hearing before Judge Matheson at Dalhousie, evidence was elicited to the effect that quantities of merchandise were mysteriously disappearing from the Richmondville store for the past two or three months. Believing that the person or persons were robbing these goods at night, Mr. James McMillan, manager of the store, remained on watch for about two weeks.
The three culprits, who were apparently leading the first, the culprits took their trial at Dalhousie. Although Mr. McMillan stated that he was obliged to abandon the chase as one of the men fired three revolver shots in his direction.
Chief Adams was notified and hurried to the scene accompanied by Officer Smith and after looking over the premises with Mr. McMillan they secured search warrants and searched the houses of these under suspicion. Their assumptions proved correct and their search, unaided, considerable quantities of merchandise which was identified by Mr. McMillan as belonging to the Richmondville Co. The three culprits, who were apparently leading the first, the culprits took their trial at Dalhousie. Although Mr. McMillan stated that he was obliged to abandon the chase as one of the men fired three revolver shots in his direction.

J. L. STEWART DIES AT MELROSE

Dean of Newspaper Men of Maritime Provinces Has Passed Away.
St. John, April 24.—News of the death of James Lemuel Stewart, veteran newspaper editor of New Brunswick, in a sanatorium near Melrose, N.S., reached the city this evening. Mr. Stewart, who was 80 years of age, had been ill for several months and had gone to the United States for special treatment.
Mr. Stewart had been prominent in newspaper work in all parts of the Maritime Provinces and for the last forty years he had been proprietor and editor of the Chatham World-Herald and the Chatham World and several other papers. He was also a contributor to various magazines.
Mr. Stewart was a member of numerous societies, being Past Grand Master I. O. O. F., Grand Representative Sovereign Grand Lodge, President of a Natural History Society, Commodore of the Chatham Yacht Club, and for twenty five years a member of the Board of School Trustees at Chatham.
Always actively interested in politics, from 1912 to 1917 he was a member of the provincial legislature as a supporter of the Fleming government.
During the war he was overseas as a volunteer of invitation of the British government and is said to have been the only civilian to go over the lines in an airplane. During his stay in England he was presented to King George, Queen Mary and Princess Mary at Buckingham Palace.
For several years he was alderman and Chairman of the Finance Committee at Chatham. In religion he was Methodist and in politics a Conservative.

INSULIN GREATEST DISCOVERY OF AGE

No Person Should Die of Diabetes, Says Doctor Ringer.
New York, April 23.—Insulin, discovery of Dr. F. G. Banting, Ontario, has been used with complete success in the treatment of diabetes at the Montefiore Hospital, according to the report of hospital physicians given before a meeting of the board of directors last night.
Dr. A. I. Ringer, attending physician, reported that eighty patients, five of whom were in the last stages of the disease, have been treated at the hospital. He said that five of the patients treated were in a coma out of which few sufferers from the disease have ever come. One, a young man of 22, was in the last stages of the disease. Three injections of insulin were administered each day for several days, and yesterday the patient was sitting up and reading a magazine. Another patient, past fifty, pronounced incurable, was now on his way to Europe.
"From the results obtained at Montefiore Hospital," said Dr. Ringer, "I can state unequivocally that no person should die from diabetes. Insulin is undoubtedly the greatest discovery of the age."

\$20,000 LOSS IN ATHOL FIRE

which broke out about 12.30 on Sunday morning last in the woodshed at Josiah Cooling's home in Athol, completely destroyed four dwellings and the general store of A. J. Comeau and occasioned a loss which it is believed will amount to over \$20,000. Besides Mr. Cooling's house and the Comeau store, the houses and outbuildings of Joseph Bugould, Philip LeBlanc and Mr. Dechene were reduced to ashes. Very little of the furniture and household effects in the various dwellings was saved owing to the shortage of water in that district and the inadequate facilities for fighting fire. Mr. Comeau's loss is a severe one as his store was valued at about \$5000 and his stock over the \$2000 mark while he carried only \$2,200 in insurance.
The blaze made rapid progress from the start and the inmates of Mr. Cooling's house, were the first originated, had difficulty to escape being trapped by the flames.
A message was sent over the wires to Campbellton and the local fire brigade started for the scene at once. Owing to the bad condition of the roads, however, the chemical hose-sled got stuck in the soft snow just beyond the town and considerable time elapsed before it could be extricated. Consequently when they arrived at Athol the blaze had spent its fury. The dwellings are situated in close proximity to this point but fortunately no other buildings caught fire.
The cause of the fire is unknown. Mr. Cooling who works at the C. N. R. shops here, and who was on night duty last week stated that everything about his premises was in order when he left for work at eleven o'clock.

PARTRIDGE FROM HUNGARY TO N. B.

Suggestion Favoring Importation Made to Chief Game Warden Gagnon.
Fredericton, April 23.—Suggestions that Hungarian partridge, or quail, be imported into the province for the purpose of replenishing the supply of game birds, have been made to Chief Game Warden L. A. Gagnon.
These suggestions have been made simultaneously with the announcement of a new British export industry which has been established for the purpose of shipping eggs of English peasants to the United States where these will be hatched and distributed to the American State Game League. The initial export of these eggs is being undertaken shortly which shipment of a consignment of 10,000 eggs will be commenced from England. Special precautions will be observed in the shipment of these eggs which require cool quarters and daily turning.
The Hungarian partridge is at present being bred at various places in the United States and provides a game bird suitable to the American climate, while game authorities doubt the ability of the English pheasants to sur-

AN IMPROVEMENT IN BRITISH TRADE

Chancellor of Exchequer Sees Brighter Outlook in Budget Statement.
London, April 23.—Stanley Baldwin, Chancellor of the Exchequer, making his budget statement before a crowded chamber in the House of Commons said the past year's surplus of £101,000,000 has gone to reduction of the debt. The financial year just closed had become steadier as it proceeded, trade at home and abroad had improved and unemployment had diminished considerably.
FUNERAL.
The funeral of the late Charles Brown of Esquimaux Plats, Que., took place at that village yesterday.
CARD OF THANKS.
Mr. W. C. Hamilton of Black Lands wishes to express his sincere thanks to all those who were so kind and sympathetic during his recent bereavement, and especially Mr. Dougal Stewart of Dalhousie who was particularly attentive to him in his trouble.

OBITUARY.

Robert L. Duncan.
In the death of Robert L. Duncan, which occurred at his residence on Roseberry St. West about 2 a.m. on Monday, Campbellton has lost the only surviving member of one of the oldest families in this district, the deceased gentleman being a son of the late Mr. and Mrs. John Duncan who will be well remembered by old residents here. The late Mr. Duncan, who was in his seventy-second year, had been ailing for several months, his trouble being attributed to cancer of the stomach. After some years spent in the western States he returned to Campbellton and has resided here on the old Duncan homestead for the past twenty or twenty-five years. As a citizen the deceased was highly regarded by a large circle of friends. He was also a prominent member of the Orange Order.
The funeral services were held yesterday afternoon under the auspices of the Orange Order and were very largely attended. The officiating clergymen were Revs. B. C. Salter of Tide Head and E. J. Shaw of Dalhousie.
The floral tributes were large and beautiful, consisting of the following: A broken triangle from the Royal Black Chapter of the Orange Order, wreaths from Heine Lodge No. 54, Lady Carson Lodge No. 517 and Jeanie Gordon Lodge No. 540 the family and Mr. and Mrs. David Allison.
OPENING OFFICE.
Mr. Lionel Poirer who for some time represented the Metropolitan Insurance Co., as an agent here, is opening an office on Roseberry Street West just above the old I. N. R. crossing, where he will carry on a general insurance and real estate business.
Mr. Poirer who for some time represented the Metropolitan Insurance Co., as an agent here, is opening an office on Roseberry Street West just above the old I. N. R. crossing, where he will carry on a general insurance and real estate business.
The Hungarian partridge, it is claimed, would provide ten pairs for distribution in each county of the province which is considered a sufficient number for breeding purposes. These birds are somewhat larger and provide more meat than the native partridge.
