There was practically nothing done on the street or St. Lawrence markets, and prices were unchanged, consequently quotations are unchanged. Barley continues firm with good demand at 40c for No. 3 extra outside and 40c for No. 2. The oat market is also firm, with 28c to 28½e asked by holders outside, with 27c and 27½c offered. There is little demand for peas. GRIFFITH & CO

A YEARLY AVERAGE INCREASE of 50,000 to our population for the next 10 years would give us half a million more than at present, beyond which it would not be safe to count. This increase is already more than provided for in lots in the outskirts of the city. We are unquestionably 10 years ahead of practical requirements in this class of property. In every possible direction for 6 or 7 miles land is being blocked out and boomed to death, until the buyer is left without forthcoming profit and declines to sink money for so many years in dead stock.
