THE PATRONS ARE IN A HOLE

VOTED AGAINST THEIR PLATFORM ON THE FIRST DIVISION.

Abolition of Government House Will Come Up on Tuesday Next on Mr. Haycock's Motion—Yesterday's Session Characterized Only by Brevity—Two New Government Bills Introduced.

The Liberals held a caucus at Parliament buildings yesterday, at which it was decided to push on the work of the session, in order that they might be free to help Mr. Laurier in the coming Dominion campaign.

The Patrons are not an altogether happy party just now, although Leader Haycock denies there has been any dissension in the ranks. The votes which they cast last night against the Opposition amendment in regard to the fees question has placed them in a hole. Several of the party disapproved of the course, and many of them are objecting to Mr. Haycock's having, as they think, gone out of his way to criticize the Opposition for its effort to gain what the Patrons are asking. Mr. Haycock believes that his speech will clearly show his attitude on the question; but at the same time the fact remains that the party at the first division voted against one of the principal planks of its platform, and the Opposition are delighted.

Brevity the Soul of the Session.

The session of the House yesterday was very short and no important business came up.

Asked by Mr. Howland whether it was the intention of the Government to provide for the temporary renewal of licenses in townships under the Local Option Act, pending the final decision of the Judicial Committee of the Privy Council on the validity of that act, the Provincial Treasurer replied that the question was now under the consideration of the Government.

Mr. Harcourt returned the same reply to Mr. Bennett, who asked whether it was the intention of the Government to unite the license districts of Cornwall and Stormont and dispense with the service of one of the license inspectors.

In reply to Mr. Cleland, the Attorney-General stated that the Government had concluded arrangements with the Dominion for the settlement of the question of jurisdiction between the province and Dominion in the matter of the fisheries in the border and inland lakes, and it had been agreed to submit a case to the Supreme Court.

Mr. Hardy introduced a bill to amend the election law, making the provisions respecting corrupt practices more stringent.

The Attorney-General introduced two bills, one an act relating to leases, sales and mortgages of settled estates and the other respecting dowers, mortgages and other property.

To Have His Grave Kept Green.

As an amendment to the Cemetery Companies Act, Mr. Stratton introduced a bill providing that a person may leave an annuity on his death for the purpose of having his grave kept in proper condition. The bill also prevents heirs from selling the land or tombstones of their deceased relatives.

Mr. Wood introduced a bill to amend the act respecting the spread of noxious weeds, preventing traders from selling mixed turnip seeds.

The same member also brought in a bill to enable statute labor commissioners to collect taxes.

Mr. Hardy's bill respecting road allowances in the Rainy River survey was read a second time. The bill reduces the widths of the highways along the banks of the Rainy River from 99 feet to 66 feet, and assigns the margin of land to the lots.

Government House.

The question of the maintenance of Government House will come up on Tuesday next, when Mr. Haycock will move: "That in the opinion of this House the maintenance of Government House and the establishment connected therewith at the expense of the province should, upon the expiration of five years from the appointment, or the earlier termination of the term of office of His Honor the present Lieutenant-Governor, be discontinued."

Mr. Kerns will move for a return showing the names, evidence and occupation of all parties who gave evidence before the Fees Commission.

Notes.

The annual report of the Commissioner of Public Works shows that previous to Confederation there were but 1447 miles of railway in Ontario, whereas to-day there are nearly 5000 miles and 139 miles in course of construction. The total expenditure on capital account for 1894 was $427,607. Following are the amounts expended in 1894 on the different public institutions: Government House, $2593; new Parliament buildings, equipments, etc., $12,754; asplum for insane, Toronto, $9511; asylum for insane, Mimico, $17,174; asylum for insane, Brockville, $204,772; asylum for insane, London, $11,213; asylum for insane, Hamilton, $15,435; asylum for insane, Kingston, $29,177; asylum for idiots, Orillia, $7057; deaf and dumb institute, Belleville, $10,244; blind institution, Brantford, $3224; reformatory for boys, Penetang, $4347; agricultural college, Guelph, $12,189; Central Prison, Toronto, $25,330; school of practical science, Toronto (new building), $11,436; Mercer Reformatory, Toronto, $3402; normal and model schools, Ottawa, $9675.

At the first meeting of the Public Accounts' Committee, Mr. Awrey presiding, Mr. Matheson gave notice that he will move that the committee report to the House a recommendation that in the public accounts of the province, the details of all expenditures shall be published in as full a manner as shown in the Auditor General's report of the Dominion. The next meeting of the committee will be held on Tuesday morning.

Mr. Crawford will enquire of the ministry whether municipalities in this province have the power to regulate the hours for the retail sale of liquors by the license holders therein, and if not, what body has such powers?

Miss Kedzie, instructor in the cooking school of the Kansas State Agricultural College, writes: "Dr. Price's Baking Powder is my preference of all powders in the market. My fifty-seven girls who come to my laboratory every day for class work enjoy it."

Sale of Valuable Property.

The attention of investors is directed to the sale at Dickson & Townsend's today at noon of the strip of land on west side of Sherbourne-street, 66 feet in depth, running from Front to Esplanade-street. This property adjoins the Toronto Railway Company's power house, and with the railway property would complete the block bounded by Frederick, Front, Sherbourne and Esplanade-streets.

Mr. T. J. Humes, Columbus, Ohio, writes: "I have been afflicted for some years with kidney and liver complaint and find Parmelee's Pills the best medicine for these diseases. These pills do not cause pain or griping, and should be used where a cathartic is required. They are gelatine-coated, and rolled in the flour of licorice to preserve their purity and give them a pleasant, agreeable taste."

Dibbs' Want of Confidence Motion Defeated

Sydney, N.S.W., March 8.—The Assembly yesterday voted on the motion of want of confidence in the Ministers, introduced by ex-Premier Sir George Dibbs. The motion was defeated 66 to 27.

FOR THE CANADIAN HORSE SHOW.

The Prize List Will Be Increased—Preparations for the Big Event.

The committee for the Canadian Horse Show, to be held in the New Armories on Thursday, Friday and Saturday, April 18, 19 and 20, is meeting with great success in swelling the prize fund. A number of additions will be made to the prizes and special features added. The prizes will amount to over $5000. His Excellency the Governor-General has signified his intention of being present for the opening.

"Trip to Chinatown."

Foremost among the attractions at the Grand Opera House this season may be mentioned Hoyt's masterpiece of farce, "A Trip to Chinatown," on Monday next. Every newspaper reader, as well as theatre-goer, is familiar with the superior merit of this capital farce, and its two years' stay at Mr. Hoyt's New York Theatre is a matter of history. Its pretty story, its beautiful scenic investiture and its innumerable bright features combine to make up an evening's entertainment of far more than ordinary enjoyment.

"The Prodigal Father."

"The Prodigal Father," which is described as being the latest farce-comedy craze, will begin a week's engagement on Monday at the Toronto Opera House. A Buffalo exchange has this to say of its recent production in that city: "The Prodigal Father" sent ripples of laughter over a large-sized audience at the Lyceum last evening. The comedy is written on heights of the ridiculous, usually reserved for pure farce, and its chief object seems to be to occupy these heights from curtain to curtain. It is one of those productions at which people are expected to laugh, and they do it largely, as a matter of course. The play affords the clever performers opportunities for the display of farcical comedy during the three acts through which it is distributed.

Patti Outdone — Miss Yaw's Wonderful Voice

Over a year ago, while Miss Yaw was abroad, The New York Herald discussed her voice as having the greatest compass of any soprano recorded by history —a range of nearly four octaves, from G below the staff to E in alt., and expressed surprise that a voice reaching such an altitude should possess such breadth and beautiful quality of tone in the lower and medium register. Later we heard more of this phenomenal voice through the Parisian papers. Not only did they comment upon the extent of this young girl's voice, but upon the sympathetic quality and strength of the medium tones, and the perfect ease with which she sang.

Academy of Music.

Twenty good-looking girls are said to be in the ranks of Rose Sydell's "London Belles," at the Academy of Music next week. The farce, "Mrs. Patty's arrival," opens the performance and introduces nearly the whole company in specialties. Then comes the vaudeville olio of unusual strength with George P. Murphy and Kitty Kursaie, who were for three years leading lights of Donnelly and Girard's "Natural Gas Company," Julia Kelly, banjoist, whistler and bone soloist; Moran and Murphy, Irish comedians, dancers in a skit called "Tommy and the Professor." Rose Sydell, vocalist; the Los Vegus family in the laughable "Dance De Vermouse;" Grace Celeste, dancer, and Campbell and Shepp, German knock-about comedians. Rose Sydell assumes the leading role in the extravaganza, "The Crystal Shipper," which is said to be elaborately costumed, introducing enchanting marches and medleys.

The Thomas Orchestra.

The Thomas Orchestra concert on Friday week in Massey Music Hall will be the most fashionable musical event this season. The orchestra is composed of 60 artists. The subscribers' list will be at Nordheimers' till to-night.

Rev. Robert McIntyre.

The subject of the Rev. Robert McIntyre's lecture, which will be given in Massey Music Hall two weeks from to-night, will be "Egypt the Land of the Pharaohs." This will be the tenth and last event of the "People's Course."

Street Railway Employes' Concert.

The large attendance in Association Hall at the first concert in aid of the Toronto Railway Sick and Benevolent Association so encouraged the committee last evening that it was announced the entertainment might be considered an annual affair. Mr. J. H. Wallace stated that since the incorporation of the association in April last it had proved very useful. Above $900 had been paid in sick benefit. The program was interesting, leaning to the humorous side. Frank Wright and Charles J. McReath contributed in this line. Two clever reciters, Miss Edith Murray and Miss Annie Louise White, were recalled several times. The chariot race from Ben Hur was given by Miss White in admirable style. Mrs. Caldwell and H. W. Webster delighted with their songs, and W. H. Hewlett and George Fox with instrumental music. The committee were Messrs. Bowen, McKee, Greene, McCallum, Jackson, Wallace, Harron, Cruise, Reeves, Ryan, Whalen and Murray, with J. Wilson as chairman, W. H. Nix, treasurer, and T. W. Jelliman, secretary.

Notes.

A grand concert will be given by the combined choirs of all Methodist churches in Massey Hall on Easter Monday evening. The first mass rehearsal will be held in lower Massey Hall next Wednesday evening at 8 o'clock. Members of all city Methodist choirs are invited.

God Save the Queen.

Editor World: I noticed last evening at the "Una" concert in the Massey Hall that when His Excellency and the Countess of Aberdeen entered they reverently stood until the National Anthem was sung in honor of the Queen's representative here, but at the close of the performance, when the National Anthem was sung in honor of Our Most Gracious Sovereign, I regret very much to say that the vice regal party showed a very bad example to a respectable Toronto audience by putting on overcoats and wraps and exhibiting the same impatience to leave that usually characterizes an audience not taught to respect the sovereign. A standard of excellence for forty years Dr. Price's Baking Powder has eclipsed all competitors.

Death of a Toronto Architect

Norman Bethune Dick of the firm of Dick & Wickson, architects, Canada Life Building, died last evening at his residence, 113 St. George-street. The deceased was the son of the late Captain Dick of the R.M. Line. He was an enthusiastic yachtsman. He was owner a year or two ago of one of the finest yachts on the lake and carried off many prizes. He took much interest in all kinds of sports. For 18 months Mr. Dick's health has been failing, and it had been foreseen that his life could not be prolonged.

Sale of Jewelry.

The well-known jewelry stock belonging to the insolvent estate of Lee, Segsworth & Co., city, is to be sold under power of chattel mortgage at Suckling & Co.'s on Wednesday next at 2 o'clock, gold, rolled plate, silver goods of every description, spectacles, show cases, clocks, etc., amounting to about $7500.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually expels worms and gives health in a marvelous manner to the little one.

A NOTED JOURNALIST AND TRAVELER.

Rev. W. H. Withrow, D.D., Editor Canadian Methodist Magazine, and a Distinguished Traveler in Foreign Lands, Has Used Dr. Agnew's Catarrhal Powder.

Personally, and in his official position, few men are better known within the Methodist Church than the Rev. W. H. Withrow, D.D., editor of the "Methodist Magazine," and "Onward," and author of many valuable books of history and travel. Dr. Withrow has been principal in some of the most successful tourist parties that have visited distant lands. It has been at home, however, that he found in Dr. Agnew's Catarrhal Powder a safe, satisfactory and speedy remedy for cold in the head and catarrhal troubles, and it is with pleasure that he recommends this remedy, over his own signature.

One short puff of the breath through the blower, supplied with each bottle of Dr. Agnew's Catarrhal Powder, diffuses this powder over the surface of the nasal passages. Painless and delightful to use, it relieves in ten minutes and permanently cures catarrh, hay fever, colds, headache, sore throat, tonsilitis and deafness.

Each Year Heart Disease Claims As Its Victims Tens of Thousands of Our Best Citizens.

It is almost impossible to pick up a paper without seeing a notice of the sudden death from heart failure, of a prominent citizen, who, prior to the attack, was in the very best of health. But this condition was only apparent, the disease had been at work for months, perhaps years, and its warnings had been unheeded. Such a course is suicidal. When any of the symptoms of heart disease are noticed, treatment of some kind is imperative.

Dr. Agnew's cure for the heart is adapted only to the cure of diseases of this organ. It not only gives relief within 30 minutes to all sufferers from organic or sympathetic heart disease, no matter of how long standing, but effects a radical cure by its direct action on the nerves and nerve centres, which control this most important organ and supply it with the necessary power to perform its great work. A single dose of this remedy will convince the most incredulous, as it never fails to relieve at once.

IT IS ABSURD.

It is absurd to try to cure rheumatism with sarsaparillas and the ordinary advertised compounds which are recommended for the cure of almost every disease to which the human flesh is heir.

This disease, as all know, is caused by an acid poison in the blood and can only be quickly and effectually removed by the use of an internal remedy, which will neutralize it and thus destroy its irritating properties. The ingredients of South American Rheumatic Cure have not long been known, but are recommended by some of the latest English medical works as being to rheumatism what quinine is to ague, an absolute specific. The first dose of the remedy gives perfect relief, as it at once begins the chemical process of neutralizing the acid of the blood. It usually cures in one to three days.

Do Not Suffer With Kidney Complaint—You Can Be Relieved Within Six Hours.

I take much pleasure in stating that I have been using South American Kidney Cure and found relief within six hours after the first dose was taken. I became sick in January, 1893, when I employed several of the local physicians, and was treated by them until the fall of 1893, without receiving much benefit. I then began using South American Kidney Cure, and have found great benefit and am almost, if not quite, cured. Have not been taking any of the medicine for seven weeks and feel as well as ever.
