LAMBTON'S CORN SHOW

Petrolia, Feb. 13.—Lambton County Winter Fair held its closing session Friday and elected the following officers for 1920: President, B. Fancher; first vice-president, J. McMillan; second vice-president, G. French; secretary, W. P. McDonald.

The outstanding features of the fair were the corn show, the dispersion sale of pure bred live stock, and the poultry show. The corn displayed was the best this county has yet produced. One special bushel grown by John McRae of Port Lambton being judged by Principal Creelman of Guelph as the best bushel he had ever seen. The highest price paid for corn at the pure bred stock sale was \$255 each for two, the property of G. H. Sinclair of Ailsa Craig. At the mass meeting held under the auspices of the fair Thursday night Principal Creelman of Guelph substituted for Hon. Manning Doherty, who was ill. S. L. Sinclair of Toronto spoke of the desirability of consolidated schools. J. E. Armstrong, M.P. for East Lambton, urged the erection of a Winter Fair building at Petrolia, to the building of which the county of Lambton would contribute \$5,000. The Government would be asked to furnish the balance.

Carolyn of the Corners

(Continued from page 7)

might have run down to see her. First she had worked in the newspaper office as a stenographer. Then she had married John Lewis Cameron and they had gone immediately to housekeeping.

Cameron was a busy man; he held a "desk job" on the paper. Vacations had been hard to get. And before long Hannah had written about her baby—"Hannah's Carlyn."

After the little one's arrival there seemed less chance than before for the city family to get up to Sunrise Cove. But at any time he might have gone to them. If Joseph Stagg had shut up his store for a week and gone to New York, it would not have brought the world to an end.

Nor was it because he was stingy that he had not done this. No, he was no miser. But he was fairly buried in his business. And there was no "look up" in that dim little office in the back of the hardware store.

On this evening he closed the store later than usual and set out for The Corners slowly. To tell the truth, Mr. Stagg rather shrank from arriving home. The strangeness of having a child in the house disturbed his tranquillity.

The kitchen only was lighted when he approached; therefore he was reassured. He knew Hannah's Carlyn must have been put to bed long since.

It was dark under the trees and only long familiarity with the walk enabled him to reach the back porch noiselessly. Then it was that something scrambled up in the dark and the roar of a dog's barking made Joseph Stagg leap back in fright.

"That mongrel!" he ejaculated, remembering Prince.

The kitchen door opened, revealing Aunt Rose's ample figure. Prince whined sheepishly and dropped his abbreviated tail, going to lie down again at the extreme end of his leash and blinking his eyes at Mr. Stagg.

"The critter's as savage as a bear!" grumbled the hardware merchant.

"He is a good watchdog; you must allow that, Joseph Stagg," Aunt Rose said calmly.

"The hardware dealer gasped again. It would be hard to say which had started him the most—the dog or Aunt Rose's remark."

(To be continued next week.)

Nathaniel Dailey, who died at Forest on Feb. 3rd, was born on the 4th line north of Warwick. In his younger days while working on the G.T.R. he had a foot injured by getting caught in a switch. He then went to Sarnia and was clerk at the Belchamber hotel for 10 years and afterwards conducted the Commercial Hotel, Wyoming.

THE BEST TONIC FOR NERVOUS PEOPLE

Increase Your Nervous Energy by Building Up the Blood With Dr. Williams' Pink Pills.

Nervous people who have not yet developed a disease that can be recognized and treated by the medical profession have the greatest trouble in finding relief. Irritation, headache, sleeplessness, nervous indigestion, all these discomforts make life miserable but are endured rather than run a doctor's bill without hope of recovery.

Every such sufferer should know the danger of such a condition to the nervous system. Nervous debility and even paralysis may result if the tone of the nerves is not restored by building up the blood! As a tonic for the blood and nerves Dr. Williams' Pink Pills have been used with the greatest success. They have a direct action on the blood and therefore enable it to carry to the nerves the elements they need to fully restore their normal function—and at the same time improve the general health. The benefits that follow the use of this medicine, is shown by the statement of Mrs. Jenny Marr, R. R. No. 3, Port Rowan, a well-known school teacher, who says:—"Some years ago I became greatly run down, and was in this condition for nearly a year. A doctor whom I called in said I was suffering from complete nervous prostration. It would hardly be possible to tell all the symptoms of my case, but anyone who has passed through a nervous break-down will know what I suffered. As I did not seem to improve under the doctor's treatment, I decided to try Dr. Williams' Pink Pills, and the decision was fortunate one for me, as I soon found some relief through the use of the pills, and after taking eight boxes I was fully restored to health. To-day I am strong and hearty, without an ache or pain, and for my present physical condition I feel I am indebted to Dr. Williams' Pink Pills, and can heartily recommend them to anyone suffering from nervous troubles."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ontario.
