the cleanliness of the well, and the much be-

Kingston, May 15 .- Mr. L. Yott of Wolfe Island, opposite this city, has been cured by Dodd's kidney pills. It is a well known fact that Mr. Yott has been a sufferer for years from backache resulting from disordered kidneys, so much so that if in a stand druggist of this city, from whom he pur-chased the pills, he said: I have been a suf-ferer for years from pains in the back and kiduey disease. Have tried liniments, plas-ters, ointments and other remedies from doctors and druggists, but none of these remedies helped me in the least. Hearing Dodd's kidneys pills so much talked of, gave them a trial, and as a result two boxes cured me. This cure is probably not as marvelous as many that has resently been made by Dodd's kidney silk but it is constituted. Dodd's kidney pills, but it is creating con-siderable talk and comment among his friends and aquaintances here.

To Feed London.

For the feeding of London a little more For the feeding of London a little more than 323,089 tons of meat, poultry, and general provisions were delivered last year from the public markets alone. This total was some 15,000 tons more than in any previous year. There was an increase of over 19% in the supplies of American meats; 936,442 animals passed through one cattle market of the metropolis, and 141,130 through another, all going to supply the city with food. These figures, of course, only indicate a part of the supplies. of the supplies.

For Frost Bites. For Frost Bites.

Sirs,—For chapped hands, sore throat and frost bites I find nothing excels Hagyard's Yellow Oil. I had my feet frozen three years ago and obtained no relief until I used Hagyard's Yellow Oil, which soon healed up the frozen part. Chas. Longmuir, Alameda, N. W. T.

RHEUMAPISM CUBED IN A DAY. - South American Rheumatic Cube for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and The first dose greatly benefits.

Agricultural.

Scraping Bark from the Trees. I have been greatly surprised at the var

following anecdote by Dr. Dio Lewis admir- bark from apple or pear trees whenever I have come into possession of an orchard A young lady came into his office one day | which was greatly troubled with defective bark. But if an orchard is properly cared Doctor," said she, "do you not think I for, there will be very little loose bark—not am looking very old for twenty, and so thin, enough to cause trouble. The shaggy bark on trees is a good deal like the cotted tufts The doctor admitted that she was right, of hair on an animal—an evidence of want of proper care and attention.

If an orchard is so cared for and fertilized "Can you not give me some prescription?" | that the trees make an average annual "Would you be willing to take something growth of from 12 to 16 inches, there will not be enough loose bark to do any harm, and if, in addition to the above, the trees "The technical name of it is Bedibus nine- be washed occasionally from the ground up, there will be none.

I have tried all the washes recommende

and many others, and there is none I like so

said a good word. All kinds of potash "Oh, I can't do it. I thought it was washes leave the bark smooth and soft, but I object to them, because they give it a sort of reddish look, and it soon seems to break up into patches, and I have thought it loosens worse than if no washing had been done. fresh and your spirits improve wonderfully." the bark equally smooth and glossy, but of "I'll do it, though of course when I have a fine, healthy green color, and not at all inclined to break up into patches and peel "It is regularity that is vital in the case. off. To make the wash dissolve one pound

nine, one might think would do very well. | rags, tied to an old broom handle. If I don't think this every other night early caustic soda or soda ash, which is the same, and every other night late is much better cannot be readily obtained, common sal soda than every night late. Even sitting up one can be taken and put into an iron kettle and night in the week deranges the nervous sys- heated until it becomes red, which will make tem. Regularity in sleep is every bit as it very nearly as good as the caustic soda as sold. As this will not be quite as strong, important as regularity in food."

As this will not be quite as strong,

The doctor's argument prevailed. The a little more should be used, say 1; pound

before nine o'clock if it kills me, or, rather, after scraping (for this purpose I use an old remember that the loose bark is a symptom and to doctor the symptom does not cure the disease. The trees need better culture and zare, and without these the washings behind the times, tied fast to a cow's tail." near Martin's Ferry, Ohio State. The work and care, and without these the washings of removal has been in progress for two and scrapings only make them look better. weeks, and at least two more will be required. without making them any more vigorous .-J. S. Woodward, in Rural New Yorker.

Growing Seed Potatoes.

Before planting the seed have the soil in stones, perforated stones, etc., have been controlled with manure. Choose seed large found. Some of the relics are entirely different from any described in history. Most form. Cut in large pieces and plant in rows controlled with manure.
