### "THE JOURNAL OF TEMPERANCE"

Is a new monthly periodical, devoted to the interests of Temperance. It is published the 1st of every month at 50 Cents per Annum.

The "Journal of Temperance" has been undertaken at the suggestion of friends, who take a deep interest in the Temperance cause, in consideration of the fact that at present there is no periodical published in Canada whose pages are specially occupied with Temperance literature, and adapted by price and principles for general circulation.

This periodical will not be the organ of any of the Temperance Societies. Some of these have organs specially devoted to Temperance, and to the peculiarities of their own organization. With such no interference will be made. It will advocate the disuse of all that intoxicates as a beverage or as an article of entertainment, and go in cordially for a prohibitory law.

We do not pledge ourselves to any particular method in conducting our periodical, nor make rash promises that may be difficult or impossible to redeem; but shall do our best on all occasions to make it as suitable for the object contemplated as we possibly can.

The subscribers of THE GLAD TIDINGS who are interested in the subject of Temperance, will find that the JOURNAL OF TEMPERANCE, published at our office, contains the largest amount of Temperance literature, for the price, of any periodical in the Province.
