CHLORAL HYDRATES.

Messrs. Morson & Son feel it necessary for their protection to inform their friends that the statement made by Mr. A. H. Mason, a gentleman in the employ of Messrs. Evans, Sons & Co., Druggists, of Liverpool, in a paper on Chloral Hydrate, and its preparations, read at the Chemists' Association in Liverpool, and published in the *Pharmaceutical Transactions* for January, is entirely incorrect as regards the strength and purity of the Hydrate furnished by Messrs. Morson & Son, and also as regards the preparation of this substance by several eminent German makers to whom great injustice is done. Although this publication would be considered by most readers as a Trade advertisement, yet its hasty publication in the *Pharmaceutical Journal* requires that it should not pass unnoticed and uncontradicted.
