

WE TEST THEM PHYSIOLOGICALLY

Ergot, Cannabis Indica, Digitalis, Strophanthus

And other toxic and narcotic drugs. If you want a reliable fluid extract of these drugs that is submitted to a careful physiological test before it leaves the laboratory, specify P., D. & Co., and you will get it.

One Reason Why You Should Specify P., D. & Co.

Over 30,000 pounds of Cannabis Indica and 20,000 pounds of Ergot were rejected by us during the past twelve months—condemned by our Pharmacological Laboratory on the cogent ground of defective activity, or complete inertness.

Rejected by us, What Became of Them?

The only possible means of trustworthy assay of many powerful drugs is a physiological test, and we make it in our Pharmacological Laboratory.
