VERITY PLOW Co. LTD.

THRESHERMEN who are about purchasing new outfits will have to consider that no one can do good threshing without a first-class outfit, and a first-class outfit cannot be built without first-class facilities and by using the very best materials, and that these facilities and high grade materials mean money. Hence honestly built Threshing Machinery and Engines cannot be sold cheap. They cost money to start with, they cost good money to build, and they must be sold at a reasonable price.

Three Points are essential to a satisfactory bargain in a Thresherman's equipment: (1) It must be economical in operation. (2) It must be durable and solidly built; and (3) it must have the adjustment and facility for rapid good work. Our works are the best equipped for the business in Canada. We use none but the very best materials, and we control the patents on the latest best devices.

We don't build the cheapest goods, but **WE DO BUILD THE BEST.**
