

Article 22.8: World Trade Organization Waivers

If a right or obligation in this Agreement duplicates a right or obligation in the WTO Agreement, a measure adopted by a Party in conformity with a waiver decision adopted by the WTO pursuant to Article IX:3 of the WTO Agreement is also deemed to be in conformity with this Agreement, except as otherwise decided by the Parties. The conforming measure of either Party may not give rise to a claim under Section C of Chapter Ten (Investment – Settlement of Disputes between a Party and an Investor of the Other Party).
