

We leave here to-morrow night to return to Delhi, where I perform next Tuesday morning. I am enclosing a copy of what I intend to say and hope it meets with your approval.

Speech to follow

I am glad to tell you that I have never been as well in the last three years as I am now. India seems to agree with me very well indeed, I am touching wood. My wife is also very well.

With kindest wishes from us both,

*Yours Ever
A.W.C.*
