IF THIS IS YOUR BIRTHDAY. You will travel and make changes, and the things you accomplish will seem to require a great effort. Your efforts will benefit you unless you carry them to a point where your health is injured.

Those born today will be over-sensitive. To avoid this they should be taught when young that living things have feelings similar to their own. Success will come to them as a result of their own energy and perseverance.

What Children Should Eat

I have already given you ideas for introducing solid or semi-solid food into baby's diet. And also one complete schedule for meals during the second year.

Today I give you a second schedule which may suit you and baby better. It is started at the fourteenth month. Previous to this the baby has had five bottle meals and one meal of a cereal, zwieback and milk from a cup. The arrangement of meals for a day is as follows: 7 a.m. cereal, milk, toast; 11 a.m., eight ounces of whole milk from bottle or cup; 2 p.m., baked potato with a little milk, a cup of milk, bread; 6 p.m., eight ounces of whole milk; 10 p.m., eight ounces of whole milk.

At fifteen months a meal made up of one vegetable, mashed fine, besides the baked potato may be given. And an egg may be given on alternate days. The schedule may be changed to: 7 or 8 a.m., cereal, bread, milk; 12 or 1 p.m., egg, potato, vegetable, bread, dessert; 5 or 6 p.m., milk, bread; 10 p.m., eight ounces of whole milk.

At eighteen months, meat is added to this dietary. And since the meat supplies more concentrated nourishment, the 10 o'clock meal is omitted. For 8 a.m., breakfast—Cereal, bread, egg or toast.

12 or 1 p.m., dinner—Meat, potato, one vegetable, dessert.

5 or 6 p.m., supper—Bread, milk or broth, fruit.

Doctor Dennett claims that this last diet should be given to children until they reach adult life. When the child starts school, however, it is not always possible to give the hearty meal by noon and a light supper—which is by far the best arrangement, if it can possibly be carried out. When the hearty meal must be given at night, the child should not go to bed for two hours. Meat should never be given more than once a day. Milk, custards, junket and other desserts made with milk and eggs will help to make the lunch on a nourishing one, so that the active child shall not go from early morning until late dinner without sufficient nourishment.

Receptions.

POLICEMAN DIED FROM PNEUMONIA

Constable Frederick Davidson of Agnes St. Division III Only Few Days.

Toronto lost one of its most efficient police constables yesterday afternoon when Constable Frederick Davidson died in the General Hospital from pneumonia and pleurisy. He was 26 years old, and although he had only been on the staff four years he was advanced very rapidly, and at the time he took sick was a member of the Agnes street division, where he had the difficult beat on Queen street, west of Yonge. He was a big man and one of the most popular men in the division.

Davidson came from Scotland and joined the Toronto force on coming to Toronto. He leaves a widow and child who live at his home, 183 Leslie street. He took sick on April 26, just a day after he bought his house.

The funeral will be on Wednesday at 2.30, from B. D. Humphrey's, 1058 Yonge street, to Mount Pleasant Cemetery, and it is expected that a section of the police force will attend.

FIRE DESTROYED CANNING FACTORY

Serious Blaze at Trenton Threatened to Wipe Out Many Buildings.

TRENTON, May 11.—About 8 o'clock this morning the large canning factory of Miller & Co., a branch of the Dominion Canners, was discovered to be on fire, and before the firemen could get out the fire had gained such headway that to save the plant was impossible. The factory consisted of three large wooden structures and the engine house, which was of stone.

The Barr Registers Company, in a building just east of the canning factory, soon caught fire and is a total loss also. Both concerns are pretty well covered by insurance. Fortunately there was no wind, else other property adjoining would have gone also.

Only last Thursday Thomas Flynn, who for a long time had been foreman of the factory, dropped dead in his garden.

CRUDE BOMB DISCOVERED WHILE Fuse Was Sputtering—Girl Arrested.

DUBLIN, May 10.—(Can. Press).—A tin canister containing 42 gunpowder cartridges, was found tonight in the laboratory of the Empire Palace, which was quite covered by a tremor of oil. A cotton card, also oil soaked, was attached to the canister, and the cord was burning when the bomb was found.

A girl, formerly employed at the theatre, was arrested. Nothing is known, however, that would connect her with the suffrage movement.

Later in the evening, an alarm clock to which a small box was attached, was found in the telephone booth of the postoffice on College Green. An examination failed to disclose any explosives.

Mr. Rudolf's Recital

Vernon Rudolf, a pupil of W. O. Forsyth, gave a piano recital in the Margaret Eaton Hall, on Saturday evening, before an audience which filled the building. His clear, firm touch, sympathetic and of adequate power when required, provided the agency of a most interesting program of a varied nature, including Beethoven, Grieg, Moszkowski, Bach, Mendelssohn, Kullak, Arensky, Crosse, Godard, Chopin and Liszt.

He displayed facility and delicacy in his rendering of Grieg's "Dwarf Dance" and Clarence Lucas's "Moon of Omar" was beautifully played. The Bach fugue was given with excellent equality of touch and he showed charm and brilliance in the Arensky and Crosse numbers.

Miss Anna Ponton assisted with several solos. She has a sweet, clear and sympathetic mezzo of great charm, which was quite marked by a tremolo too persistent not to be intentional. This fault is the greatest in a voice otherwise possessing beautiful qualities.

"YOUNGEST OLD MAN"

C. Luther Wells, Septuagenarian, Lectures Tonight.

Mr. C. Luther Wells, who is to lecture in the Westminster Church tonight, claims to be the youngest old man in America, and is certainly a fine example of the system he is bringing before the people of our city. Mr. Wells was superintendent of schools in the State of Ohio, fifty years ago, and says he is a better man for the position now, than he was half a century ago.

Sixty clergymen of the city have been under his instruction, and have only words of praise for his methods. The lecture will be tonight at eight o'clock, for the men and women. If you want to know how to keep well and enjoy life, hear him. Seats free.

MOTHERS' DAY

Special Services Held and Carnations Worn Yesterday.

Mothers' Day, celebrated annually throughout Canada and the United States, was observed in several of the Toronto churches yesterday. The event is conducted in the United States by an advisory board, of which President Wilson, Ex-President Taft and Roosevelt are honorary members. Forty state governors are vice-presidents. The wearing of a white carnation, and writing a letter home by those who are absent from home, are two of the features of the celebration.

Six hundred white carnations were given away at the doors at the Mothers' Day service at Jarvis street Baptist Church. It was held in the afternoon with special music by an orchestra and choir. Prof. Trotter of McMaster University gave an appropriate address.

Rev. R. M. Burns conducted three Mothers' Day services at Berkeley street Methodist Church. At the evening service his topic was "A true Canadian home," the keynote of which he declared to be the devotion of the mother to the welfare of the family.

Rev. W. E. Prescott observed Mothers' Day at Bathurst street Methodist Church by expanding the event to include both parents. In the morning he preached on "My father's God," and at night upon the topic "Our tribute to mother." Many of those present showed their appreciation of the anniversary by wearing a white flower.

At the New Jerusalem Church, Euclyd avenue, Rev. E. D. Daniels, of Berlin, preached on "Motherhood."

BATTLE OF ROYAL MOTHERS-IN-LAW

Madrid Scents It in News of Princess of Battenberg.

WHO WILL LIVE THERE

Queen Victoria's Mother Decides to Leave England For Good.

MADRID, Spain, May 11.—Queen Victoria's mother, Princess Henry of Battenberg, expects to come to Madrid to take up her permanent abode, having sold her English residence, Osborne cottage, on the Isle of Wight. The news has been received at the royal palace with mingled emotions, and there are already signs of a brewing storm, as the king's mother has always strongly objected to the masterful tactics of her son's mother-in-law. It has been a considerable time since Princess Henry has made a long visit to her daughter on that account. The king and queen have gone yearly to the Isle of Wight instead. But these visits will, of course, cease.

King George has signified his desire to place Frogmore House, near Windsor, at the disposal of his aunt after Prince and Princess Christian leave it for their own country place, Cumberland lodge, which is going through alterations. Princess Henry has, however, informed everybody that she expects to spend more of her time in the future with her only daughter.

Queen Maria Christina, who is greatly loved in Spain for her devotion to her son, thru his minority and the conciliatory attitude toward the people during her rule as regent, is receiving a good deal of sympathy at the prospect of having to fight for her position at her son's court with Princess Henry.

The latter was the favorite daughter of Queen Victoria of England, and any one familiar with the inner story of the English Queen's last years knows what a terror Princess Henry was to cabinet ministers, ambassadors and courtiers. She ruled the aged queen and her word was law, not only in Windsor Castle and Buckingham Palace, but in the most important affairs of state.

Intends to Rule.

She made herself so obnoxious that her brother, King Edward, would not make the slightest move to place a royal residence near London at her disposal. She was kept away, on the Isle of Wight, as far from state affairs as possible. King George appears to feel a little kinder towards his aunt in this respect. But she apparently intends to place the Madrid court under her rule.

Princess Henry and Queen Maria Christina have already had their preliminary skirmishes, and the Dowager Queen of Spain, an imperial archduchess of Austria, has not the slightest intention of allowing the English princess to place the Madrid court under her rule.

It is over the control of the children that the two grandmothers will clash first. Princess Henry is determined that they shall be brought up in the English way, trained at first to be good at sport, with books and manners as secondary; Queen Christina is equally determined that they shall be educated in the Spanish way, with a certain amount of etiquette and ceremony even from the beginning to the end of their lives.

The English grandmothers have so far been unable to force her plans in Madrid from the Isle of Wight. But she is apparently now taking the bull by the horns in coming to Madrid.

SAYS HE'S ABOVE EARTHLY COURTS

"Reincarnated Buddha" Refuses to Obey Order to Return to Madras.

SPECIAL CABLE TO THE WORLD. LONDON, May 11.—Krisnamurthy, the Brahmin youth who is claimed by Mrs. Annie Besant and the Theosophists to be a reincarnation of Buddha, now declares himself superior to all earthly decrees or tribunals and refuses to obey the order of a Madras supreme court to return to his father.

The father, G. Naryan Iyer, claims improper conduct on the part of a noted Theosophist named Leadbeater, to whom Mrs. Besant originally gave the care of Iyer's two sons. The judge decided that the accusation of improper conduct was not proved against Leadbeater, but pronounced him an immoral person, unfit to have charge of the youths.

The boys are in the care of Miss Bright, daughter of a famous British statesman, John Bright. She is a woman of the highest character, who is preserving youths not only from immoral influences, but as far as possible, from worldly influences.

The court has, nevertheless, directed that both boys be returned to their father, against which order an appeal has been taken. Meanwhile, Krisnamurthy and his brother are living quietly in Sussex, England.

SIXTEEN PRINCES ATTEND WEDDING

But Husband Has to Leave His Bride and Report at Barracks.

SPECIAL CABLE TO THE WORLD. BERLIN, May.—(Copyright)—The chief social function of the week in Berlin was the wedding last Tuesday of Count Roger von Seher-Thoss (brother of Count Hermann Seher-Thoss, who married former Ambassador White's daughter Muriel) and Countess Fedora Matuschka, a cousin of Ella Holbrook Walker, of Detroit.

Countess Herman Seher-Thoss wore a marvelous gown of real Brussels lace. The bride's mother was also magnificently gowned and wore the rare Theresian order, which is the highest decoration a woman can wear in Europe. This order is only granted to women of fifty generations of nobility, in whose family no marriage with a bridegroom under count's rank has occurred.

Sixteen princes were among the eighty guests who attended the wedding. After the ceremony breakfast was served at the Hotel Adlon. The floral decorations in the church alone cost \$4,000, and the wedding breakfast was the most elaborate ever served in this hotel.

What some regarded as ominous was an order from the war minister to the bridegroom, who is serving with the Hussars of the emperor's bodyguard at Potsdam, summoning him to report for duty at the end of the week, all leave having been stopped by the military authorities, so the honeymoon had to be abandoned.

ESCAPED FROM JAIL WRECKED IN TITANIC

Court Holds Experience Equal to Three Years' Imprisonment.

SPECIAL CABLE TO THE WORLD. PARIS, May 11.—A survivor of the Titanic disaster has just been before the Paris courts on a charge of theft committed in 1911.

Former Sergeant Laguel, who received a sentence of five years for his crime, escaped from prison and sailed from England last April in the ill-fated ship. As the liner sank he jumped from the deck, swam to an overboarded boat, and was finally rescued by the lifeboat which contained Mrs. John Jacob Astor.

The court this week reduced the former sentence from five to two years, the judge holding that the prisoner's terrible experience in the "Titanic" should be taken into account as punishment in itself.
