Hamilton Citizens Donate and Equip Homes for Wounded Soldiers.

By a Staff Reporter.
HAMILTON, Monday, Oct. 11.—Charles Smith, aged 19 years, employed as a farm hand by Steven King on the mountain top near Ancaster, died in the General Hoopital last night as the result of burns received when King's house was totally destroyed by fire yesterday afternoon. Smith used gasoline in endeavoring to light a fire in the kitchen, When he placed the burning match to the wood an explosion followed, igniting inflammable material hanging close to the mantiepiece. Soon the house was a mass of flames, and Smith received his injuries in an effort to extinguish them. Only the brick walls of the house remain. The loss its estimated at 3300.

Donates Home for Soldiers.

The offer of Stanley Mills & Co. to place at the disposal of the military authorities commission house No. 408, Barton street east, to be known as the Victoria Convalescent Hospital, for the use of convalescent soldiers returned from the front, has been accepted by the Ottawa officials and the work of remodeling the premises is being rapidly proceeded with.

Stanley Mills stated on Saturday that this house will accommodate at least 25 Stanley Mills stated on Saturday that this house will accommodate at least 25 patients, and that he and his brothers, where tand Edwin, assisted by the young women in the employ of the company, will equip the home in every detail.

H. C. Wright has also amnounced that his fine residence on Emerald street south will be remodeled and equipped as a convalescent home.

Many Homes Needed.

Col. Marlowe will be in Hamilton this week te again inspect the work being done at Victoria Convalescent Home. The secretary of the military hospitals commission has written from Ottawa that the need of convalescent homes is very urgent. From this it is assumed that disabled Canadian soldiers will be arriving from the front in large numbers in the near future.

Call for Recruits.

A special call has been made by officers of the 86th Machine Gun Battahon for 100 men to fill up the ranks of the battalion. All applicants must be up to required height and measurements. This will be the last opportunity afforded to join this crack battalion, which has already become one of the best known in the Dominion.

Conscription Looming.

An enthusiastic recruiting meeting was held last evening at Gore Park, when addresses were delivered by W. H. Wardrope, K.C., J. L. Caunsel, Samuel Landers, Canon Owen and Major Heatch. The speakers stated that Britain required many more men, and that if recruiting was not satisfactory conscription would have to be announced.

The Hydro-Electric commission on Saturday discussed the proposition to start a municipal or Hydro, trunk line telephone system in opposition to the Bell, and Engineer Sifton was instructed to co-operate with whoever is appointed to work on the scheme.

ON SERBIAN FRONT

Enemy Was Driven Back on

"Beigrade has failen into the hands of the Germans, after a desperate resistance.

"Fighting continues all along the Danube and Save fronts. The purpose of the enemy is to advance thru the Morava vailey, separating Kostulac (38 miles southeast of Beigrade) from Dubravatza (on the Danube, 35 miles east of Beigrade), where his chief efforts are concentrated.

"The enemy suffered enormous losses in making unsuccessful attacks on the lower Drina. The enemy has been thrown back on an Island he occupied before opening operations."

The Berlin statement says:

"Beigrade and the surrounding heights to the southwest and southeast are in our hands. The Serblans also were thrown back further east wherever they resisted. Our troops are advancing."

Rear-Guard Action.

For some time to come the invaders, it is expected, will have to fight only the rear guards, whose duty it is to delay their progress, for the Serblans will doubtless do as they have done on previous occasions—fail back until they reach positions in which they will have the best opportunity of holding their ground. In fact, military writers here do not expect a pitched battle on this front for tendays or a fortnight, by which time the allies' forces landed at Saioniki should have Joined hands with the Serblans. The Bulgarians, so far as is known, have not yet made any incursion into Serblan territory, and it is believed that they will hold their hands until they know how matters go with the Austro-Germans.

Will Bulgars Interfere?

Some Balkan authorities, indeed, still believe that the Bulgarians will not interfere with the movement northward of the Anglo-French expedition, for to do so would immediately bring the shells of the warships into their ports on the Black and Aegean Seas, probably followed by the landing of Russian troops at Varna and Burgas, and of other allied troops at Dedea-das allong actions.

and of other allied troops at Dedeagatch.

Greece and Roumania remain interested spectators, altho the former has given assurances of her benevolent neutrality towards the allies. Representatives of the entente have furnished the Greek Government with information concerning the agreement between Bulgaria and Germany, which, it is asserted, gives the Bulgars a free hand to deal not only with Serbia, but with Greece as well, should the central powers win.

Saturday Night Blaze on Dufferin Street Completely Destroys
Three Dwellings and Store.

Seventeen persons were rendered homeless and damage to the extent of \$7700 was sustained when two residences and a store were completely gutted by fire in what is known as the Italian colony, Dufferin street, a quar-ter of a mile from the city limits, Sat-

urday evening.

The frame dwelling, 2057 Dufferin street, owned and occupied by Pasqual Briganti, was seen to be ablaze shortly after 8 o'clock. The family was out at the time. In a very short time the houses on either side had caught and in less than an hour all three were a heap of ruins.

street, owned and occupied by Pasqual Briganti, was seen to be ablaze shortly after 8 o'clock. The family was out at the time. In a very short time the houses on either side had caught and in less than an hour all three were a heap of ruins.

Willis Rawlinson owned and occupied the residence to the north and Tony Conti the one to the south, the latter being a store and dwelling combined. Both were two storey and of frame construction. The loss to Mr. Briganti is \$3000 and a similar amount to Mr. Conti, but both are covered by insurance. Mr. Rawlinson's loss is estimated at \$1700 with \$300 insurance. He is a member of the 81st Battalion and is stationed at Niagara.

Wychwood, Ossington and Earlscourt brigades, with others, responded to the alarm, and the firemen did all possible to save the property. It required a quarter of a mile of hose to stretch from the nearest city hydrant at Morrison avenue. For nearly half an hour, however, the force of water was not sufficiently strong to accomplish effective work.

GRENADIERS ORGANIZE

Sgt. W. Worthington Directs Drill at Annette St. School and Forty Have Joined.

The 10th Royal Grenadiers have organized a platoon in West Toronto, which has been placed under the directorship of Sergt. W. Worthington. They drill every Friday evening in the Annette Street School. The names of 40 young man have been recorded, and of these, a fairly good number is already attending the drill classes. They are given primary instructions, after which, upon registering at the armories, they will receive a uniform, and are admitted into a company of the main regiment.

Suggested That Work on Road Between Humber Bay and Etobicoke River Commence.

Many people using the Lake Shore road between Humber Bay and the Etobicoke River have suggested that the Toronto-Hamilton Highway Commission be requested to commence work on that section of the road east of the Etobicoke River this fall. The road between that point and the pavement, running thru Mimico, is almost impassable at present, and if the grading and preparation for the laying of the concrete would be done now, the people would not be more inconvenienced, and the cement could be put down early next summer.

On the other hand, if the work of grading, etc. is not commenced until

grading, etc., is not commenced until next spring the road will be practically out of commission the whole of the summer, the season when it is most used, and especially used by market gardeners coming to Toronto with their produce.

RATEPAYERS ELECT OFFICERS FOR YEAR

North Toronto Association Held Opening Meeting and Capt. A. Thorne Was Made President.

The opening meeting and annual election of officers of the North Toronto Ratepayers' Association was held in Eglinton town hall on Saturday held in Eglinton town hall on Saturday evening, the attendance being very gratifying for an opening night. Election resulted in the following officers being chosen: Capt. A. Thorne, president; D. D. Reid, first vice-president; W. L. Cuttell. second vice-predent; A. W. Wooten, secretary-treasurer, and an executive committee composed of Frank Howe, R. A. Peddie. S. B. Robins, W. G. Ellis, G. H. Hodgson, J. M. Skelton, E. V. Donnelley, Ald. H. H. Ball and H. Kerswell.

E. V. Donnelley had a number of petitions ready for signature looking to the secession of the old Town of North Toronto, but the whole matter was referred back for further consideration by the executive. General dissatisfaction was expressed at the continued delay in remedying the abominable railway conditions on Yonge street at Farnham avenue, but no general resolution was adopted. At subsequent meetings this phase of the matter will be vigorously discussed.

CELEBRATED HIGH MASS

Archbishop McNeil celebrated high mass at 9 o'clock yesterday morning at St. Clement's Italian Catholic Church, Corner of Dufferin street and

Davenport road. At the conclusion of the service His Grace addressed the congregation in Italian. COMPLAIN ABOUT YOUTHS

Numerous and repeated complaints are being received by the Earlscourt Business Men's Association of the large number of boys of from 15 years and upwards who frequent St. Clair avenue on Sunday evenings, continually parading up and down and standing in second ing in groups at street corners doorways of business premises.

OPPORTUNE TIME

PARLIAMENTARY ASSOCIATION

The inaugural meeting of the Hill-crest Parliamentary Association was recently held at the old Shuter homestead, 1099 Davenport road, when the following officers were elected: Speaker of the house, Fred Breeze; prime minister. Clifford Blackburn; leader of the opposition, Thos. Edmonds; Conservative whip, George Parliament; opposition whip, Albert W. Shuter, and secretary of council, George Batchin.

APPOINTMENT UNLIKELY

LONDON. Oct. 11, 1.40 a.m.—A Copenhagen despatch to Reuter's Telegram Company says the German steamer Lulea of Lubeck has been torpedoed by the British submarine E-19 near Giedser lightship, according to a despatch, which says that at 6 o'clock Saturday evening a boat came ashore near the lighthouse with eleven men of the Lulea's crew. They reported that the yessel had been torpedoed three hours previously, but was still floating at 5 o'clock. The crew of 22 men were given time to enter the boats. One of the boats proceeded in the direction of a steamer coming from the west, which probably rescued the occupants.

FORTY HAPPY FELLOWS ARE ANXIOUS TO ENLIST

Will Work Their Way to England and Try There Because Turned Down Here.

There was a big time at the Union Station last evening, when forty men left to take charge of remounts to be sent to England. Their chief cry was, "Are we downhearted? No." And the "no" was very emphatic. There is a singular meaning to that expression, for the reason that a majority of these men had tried to enlist for the war, but for minor reasons were not accepted.

They believe they will be taken on when they reach England, and so they are working their way across with that object in view. They were a determined looking lot, and happy in the thought that their unfitness may be overlooked when they get across. Richard Newman had charge of arrangements.
