

ONLY EDUCATION SAVES DEMOCRACY

Hon. Dr. Cody Speaks to the Women's Canadian Club.

A capacity house greeted Hon. Dr. Cody, minister of education, when he spoke to the members of the Women's Canadian Club at the Masonic Temple yesterday afternoon.

In opening the speaker said that he hoped no sentimentalism would rob the soldiers of the victory they had won, and that no mundane softness would allow the Kaiser and his people to escape without the penalty of their deeds.

Speaking of the new era that is to follow the war, the speaker pointed out that if the spirit of service and sacrifice which guided the boys who died was not to be found in those at home, then there might result a very hell in industrial Canada.

Reconstruction, according to the speaker, has been understood in two ways, first, its early meaning, which meant getting back to pre-war conditions, and the later meaning, which implied the bringing in of a nobler and worthier world.

Dr. Helen Macdonald presided, and Lady Hendrie was among those on the platform.

The fundamental importance of education was pointed out, and in this connection the speaker emphasized the point that the so-much-talked-of democracy was only safe when it was guarded by education and by being honestly and efficiently led.

IDA AND THE POWDER THROWERS

BY IDA L. WEBSTER.

On Monday night, when everyone was filled with the greatest joy of the last four years, there were a few citizens who lost control of themselves so far that the only outlet which they could give to their highly strung nerves, or rather the only vent which satisfied them, was the throwing of talcum powder.

Now, there is a possible chance that that particular stunt, may be fearfully funny, but at the same time it is so absolutely rowdy that it is disgusting.

We have just had our attention drawn to a case which we think is worthy of the high court of Berlin, Germany. A young girl was one day sitting on a street and had her left eye completely blinded by this powder.

While she was standing trying in some manner to wipe the stuff away, or at least make it possible to see, she was accosted by some young hoodlum, who asked her in a most kind manner what the trouble was.

She was then completely blinded, and had to stagger along the street with the aid of her companion until such time as she was able to get a taxi and be driven to her home.

Another young lady was taken into one of the drug stores on Yonge street suffering from the same thing, and yet nothing was done to prevent it.

In the former instance the person who thus treated that girl was a Hun of the worst calibre at heart, and we venture to say that he was one of the sort who got married to evade the draft, or managed in some other way to keep himself free of military service.

Yet he and the rest of his ilk roared and yapped around the streets, making more noise and fuss than a regiment of real Canadian boys when they are going "over the top."

If Toronto is blessed with one thing more than another, it is a crowd of inconsequential whippersnappers who should be put on a farm where they could get a lot of real hard work, and learn to keep their mouths shut.

From their appearance and their talk one would gather the impression that they had but lately arrived from the interior of Russia, and if this is so then they had better take a trip back, because they will not be a credit to any part of the new world.

These very same persons made life practically unbearable on Monday for the people who did not feel that they wanted to be powdered from head to foot, and if there is going to be any more such demonstration then the police department had better see to it that the throwing of that sort of thing is made an offence with a large fine attached.

That one thought alone would no doubt put enough fear in their souls to keep them from indulging in the exorcisingly funny pastime, but unless it is made plain that money will have to be paid out it would be quite useless to attempt to stop them.

And to those people who had their clothing ruined we can only say that we are very sorry, but we do not think that you could put a bill in to the city, that is, and get any satisfaction, because we understand that one man has claimed \$12 for a wagon which was taken from his place and burned, but instead of being consoled by the city fathers, he was smothered down with the news that if the culprit was caught he would be handed over to Judge Cohen for sentence.

DISCUSS NEW STREET TO THE NEW STATION

King Street Association Meets and Hears Plan for Big Improvement.

The board of directors of the King Street Association met yesterday afternoon, and after listening to the routine reports admitted a new lot of members, the association showing rapid growth as its activities are extended and become better known.

The proposed new Federal street (no copyright on the name and no objection to a better one) came in for discussion on the motion of W. E. Barker, who had gone into the matter from a standpoint of costs, and it was resolved to appoint a committee to consult with the civic guild with a view to getting the matter before the

public in such form as to be readily understood and action had thereon.

Wesley E. Barker said a rapid survey of the problem showed \$1,495,272 as the actual assessed valuation by taking into consideration 100 feet only. There had been no consideration whatsoever given to the cost of installing sewers, water service, paving, etc. Twenty new corners would be created within a very short time.

HARI SINGH IS HOME; HAD THREE YEARS' WAR

Hari Singh of Jinkan Jan, Rajputana, is one of the "Victory" arrivals of returned soldiers from the fields of Flanders. Enlisting in Toronto in July, 1916, with the 75th Battalion, Hari was wounded by shell at Vimy Ridge in April, 1917. Hari was ordered to Col. S. G. Beckett, the well-known Toronto man who was killed in action with the 75th Battalion.

Later Hari was ordered to Col. Cooper of the 19th Battalion, and finally joined the R.C.D.s. with which unit he has remained since April, 1918. He was badly wounded in the left side.

LONG SENTENCE FOR OBJECTOR

Pte. Arthur Ernest Hill, 2nd Battalion, Canadian Garrison Regiment, has been sentenced, following a court-martial, to ten years' imprisonment, for refusing to don the military uniform. He is a Christadelphian and protested that his religious beliefs would not permit him to take any part in the war.

OBITUARY

FRANCIS JAMES FRY

November fifth, nineteen eighteen, saw the passing of Francis James Fry, for some years Chairman of the House of J. S. Fry & Sons, Limited, of Bristol, England.

For nearly seventy years Mr. Fry held a leading position in the development of the House of Fry, and to his commercial genius, unflinching tact, and gracious courtesy the worldwide success of the House was very largely attributable.

It may be stated with confidence that Mr. Fry was a man who, while he had hosts of friends, never made an enemy in business, politics or religion—yet he consistently maintained independence of thought. His sterling honesty and his courteous tolerance of opposing views had always ensured him respect.

At the ripe age of eighty-four years, and after a long life of active usefulness, the Empire loses one of its Merchant Princes, and the World is today poorer by the loss of one of her finest Citizens.

Our deepest sympathy goes out to the bereaved family, and our hope that the sadness will be brightened by the memory of many kindly acts during the long life so nobly spent.

Two Thousand Who Defied M.S.A. Are Now Free

Two thousand Military Service Act defaulters in Toronto military district, which includes central Ontario, are made free from arrest, immune from punishment, and free to return home, by an order received at Toronto headquarters yesterday from the adjutant-general, Ottawa. Much surprise was caused among military men by the Ottawa announcement. The order states that proceedings against defaulters are also to be stopped, except in cases where bribery has been committed to obtain exemption.
