## WAS THE EM. TORTURED?

**Rumor That a Red Hot Iron Was Thrust Through the Chinese Ruler—Mud Thrown at Europeans by Drunken Rowdies—The Trouble in Africa Apparently Not All Over Yet—News by Cable.**

London, Oct. 1.—A special despatch from Shanghai says the announcement of the death of the Emperor is confirmed. The reports as to the means employed in his taking off differ. One story has it that he died by poison and another that death was caused by strangulation, while a third states that he was subjected to frightful torture, a red hot iron being thrust through his bowels.

**Europeans "Maddened."**  
During the celebration yesterday of the festival of the Moon the drunken crowds which had gathered upon the streets thronged upon Europeans who made their appearance. As a precautionary measure, the Russian Legation ordered an escort of Cossacks from Port Arthur. The British Minister ordered here a guard of 25 marines from Wei-Hai-Wei.

**Another Bad Symptom.**  
London, Oct. 3.—According to a despatch to the Times from Shanghai Hui-Ta-Pou has been appointed President of the Court of Censors and a member of the Grand Council. He is Hung Lu's chief supporter, and was recently dismissed from office by the Emperor. The projected imperial review of the forces at Tien Tsin has been abandoned.

**French Admiral Advises Vigilance.**  
Toulon, Oct. 1.—Admiral Humann, in the course of a farewell speech to the officers of the evolutionary squadron at the close of the naval manoeuvres, said that the friction in international relations was becoming more accentuated. Eventuallyities which every soldier and sailor ought to look in the face, without, however, desiring them, impose the duty of vigilance on the forces.

**Funeral of Queen Louise.**  
Copenhagen, Oct. 1.—The date of the funeral of Queen Louise has not been fixed, but it will not be held prior to Oct. 4. The funeral will probably be in the ancient cathedral of Roskilde, where most of the Kings and Queens of Denmark are buried.

**Big Meeting of Afridis Summoned.**  
Simla, Oct. 1.—General Egerton has summoned a great gathering of Afridis to meet at Peshawar, on Oct. 24, to hear the announcement of Great Britain's terms respecting the passes between Afghanistan and India.

**Lord Beresford at Hong Kong.**  
Hong Kong, Oct. 1.—Rear Admiral Lord Charles Beresford, who is on a special mission to China, arrived here to-day, and will proceed directly to Peking.

**HAD CHAMPAGNE TOGETHER.**

**Marchand Was Amiable When Kitchener Helped Him Out.**

London, Oct. 3.—A despatch from Cairo to The Daily Telegraph confirms the statement that Major Marchand had one brush with the Derwish gimbals, which had gone to fetch reinforcements. He was in sore straits and numbers of his men had died and deserted. On the arrival of the Sirdar he had the entire force of about 120 Senegalese and five Frenchmen entrenched on a small tongue of land. The natives in that vicinity were very menacing.

Major Marchand came to the water's edge to meet the Sirdar and chatted amicably with him. The Frenchman produced some champagne and drinks were had all round.

**Marchand Promoted.**  
Paris, Oct. 2.—Captain Marchand has been promoted to the rank of major.

**French Flag Degraded.**  
London, Oct. 2.—"Vanity Fair's" correspondent writes that the Nile expedition writes that Gen. Kitchener declared that a French flag was sent to the Khartoum on Dumdum. But, it appears, its reception was undignified. The Derwish leader used it to his Arab slave, who used it for cleansing himself before prayers.

**Reinforcements Ordered Forward.**  
Cairo, Oct. 2.—Reinforcements have been ordered from Dumdum to Khartoum. Where the force under Col. Parsons has repulsed another Derwish attack with slight loss. There is no news from Fashoda, but in all probability Major Marchand will shortly evacuate his position there.

**MONEY COMING SLOWLY.**

**Subscriptions for the Barbados Hurricane Sufferers Not Rapid.**

London, Oct. 1.—The subscriptions to the Lord Mayor's Fund for the relief of the sufferers by the recent hurricane in the British West Indies, are coming in quite slowly, and it is thought by many persons that if efficient aid is to be extended it will have to be by means of an Imperial grant. A deputation from the West Indian Committee to-day waited on Lord Zetland, Parliamentary Secretary of the Colonial Office, and expressed the opinion that Imperial aid, probably on a large scale, would be required to relieve the distress, and to help those whose homes and crops were ruined on their feet again. Lord Zetland, on behalf of the Government, expressed great sympathy with the sufferers, and said that he would report the observations of the deputation to Mr. Joseph Chamberlain, Secretary of State for the Colonies, who is at present visiting his wife's relatives in the United States.

**RAILIFFIN ZOLA'S HOUSE.**

**Octave Mirbeau Offered to Pay the Damages, But the Authorities Would Not Accept It.**

Paris, Oct. 1.—Octave Mirbeau's offer to defray the damages obtained against M.

Zola by the handwriting experts in the Dreyfus and Esterhazy cases, who charged him with slander, has been refused by the representative of the experts, because M. Mirbeau insisted that "full reserve" be mentioned in the receipt.

The judgment against M. Zola not having been satisfied, a process server, a valet and clerks this afternoon visited the novelist's residence for the purpose of taking an inventory, etc., of the property there, for use in the judicial sale that has been ordered.

Admittance was refused by Mme. Zola, whereupon they forced an entrance. Mme. Zola, who had obtained counsel's opinion that M. Mirbeau's protest was valid, indignantly expostulated, but the bailiff was unmoved and listed the tapestries, paintings and other art treasures and belongings in the novelist's study. Mme. Zola's bedroom and the other apartments in the house. This incident will lead to another lawsuit.

**Thanks Uncle Sam Would Help.**  
London, Oct. 2.—The Standard says editorially this morning that it is convinced England could confidently reckon on the support of the United States in Japan in the execution of necessary measures in China.

**Clyde Shipbuilding Booming.**  
London, Oct. 2.—Eighteen vessels were launched on the Clyde in September. The tonnage of 45,922 is the record for this month. The total for nine months is about 500,000 tons. A few fresh orders during the month have congested the yards.

**Will Not Wait for Marchand.**  
Paris, Oct. 2.—In order to avoid loss of time the British and French Governments have decided not to wait the arrival of Major Marchand's report, but begin negotiations immediately for the settlement of occupation of Fashoda.

**An Important Musical Event.**  
The keenest interest in the achievements of two young Canadian musicians will doubtless be displayed on Monday evening of next week when Miss Huston and Mr. Tripp give their piano and song recital at Association Hall. Both are old favorites, and both have been abroad long enough to justify the public in expecting a very finished rendering of the various numbers of their program. The plan opens to subscribers upon their patriotic songs, "Winter and Leaning's," and those who desire first choice of seats should either purchase subscription tickets, or get their names on the subscription lists, which are in all the leading music stores. Remember it is a week from to-night.

**Irishmen "Agitate" the Alliance.**  
Cork, Oct. 2.—An orderly demonstration took place here to-day in connection with the laying of the foundation stone by the mayor of the city, of a monument in memory of the Irish revolution of 1790, 1808, 1816 and 1848. Several Irish members of the House of Commons were present. A resolution was adopted congratulating Irish Americans upon their patriotic efforts to prevent the forming of an Anglo-American alliance.

**Insurgents Whipped.**  
Madrid, Oct. 2.—A despatch received here from the Viceroy Islands says the Tagales have been completely defeated by Spanish columns, after a sharp fight, in which 94 of the insurgents were killed.

**CAROLINE MISKELL-HOYT DEAD.**

**Well-Known Actress and Daughter of Prominent Toronto Tobacco Merchant.**

New York, Oct. 2.—Caroline Miskell-Hoyt, one of the most beautiful women on the American stage, the wife of Charles Hoyt, the playwright, died at her home in this city to-day. The cause of her death was Bright's disease, resulting in poisoning and convulsions. Mrs. Hoyt had been ill for only two or three days and her condition showed a marked change for the worse this morning. She became unconscious and died within an hour. Her husband, her mother and sister were with her when she died. The burial will take place on Tuesday next at Mr. Hoyt's home in Charleston, N. H., where the body will be taken by special train on that day.

Mrs. Hoyt was born in Covington, Ky., on Sept. 15, 1873. She was Miss Caroline Scales. Her family has resided in Toronto for many years, her father, Jacob Scales, being a well-known wholesale tobacco merchant in that city. Her first appearance on the stage was with Robert Marshall. Later she played a season at Jaly's Theatre in this city. She made her first appearance in any of Hoyt's productions in "A Temperance Town." It was during this engagement she became acquainted with Mr. Hoyt, whom she married on March 4, 1894. She retired from the stage at that time, permanently it was said, but returned last year in one of her husband's plays, "A Contented Woman."

**A Rush for Coon Furs at Diseno's.**

The greatest day for Coon furs ever experienced in any fall since Diseno's began business, over 30 years ago, was last Saturday. More Coon Coats and Coon Jackets were sold between 8 o'clock in the morning and 4 in the afternoon, on that day, than were ever sold through an entire week. Hunters say that the goosebore in winter this season than usual and predict great things for the fur trade in the future. The demand for Coon furs is so great that the dealers are now looking for furs to sell in the winter. The dealers are now looking for furs to sell in the winter. ## ROSSLAND MINES BOOMING

**The Output of Three Properties Aggregates a Rate of Six and a Half Millions a Year.**

Rossland, B. C., Oct. 2.—(Special.)—The expectations of the most sanguine mining men are now being realized. Three mines are shipping ore to the value of \$6,500,000 a year, and several others are ready to double the output as soon as the owners see fit. Twelve hundred men are working in the mines and drawing \$125,000 a month. The payroll will be largely increased within a month, when Le Bol, War Eagle and Centre Star will employ 900 men. The shipments for last week again broke the record, aggregating 4619 tons. Of this Le Bol shipped 2907, War Eagle 1500 and Iron Mask 62.

## DIFFERENCES NOT GREAT

**And in the Opinion of Lord Herschell They Will Be Easily Overcome.**

Montreal, Que., Oct. 2.—(Special.)—The dinner to Lord Herschell last evening by the Montreal bar, presided over by Sir Alex. Lacoste, was a great success. The guest of the evening referred to the amicable feeling that was growing and would still grow between the United States and Canada. He said that one of the chief discoveries of the commission had been that after all the differences between the two countries were slight, and would no doubt be got over.

## TO PLEAD FOR RECIPROCITY.

**Hon. D. H. McMillan Has Left Buffalo for Quebec.**

Buffalo, N.Y., Oct. 1.—Hon. Daniel H. McMillan started this afternoon for Quebec, where on Monday he will appear before the Anglo-American Commission to make an argument in favor of a reciprocity treaty, which shall adjust the duties on Canadian barley and on American corn as to make the exchange of products between Canada and the United States more equitable. He will urge the commission to recommend a return to conditions similar to those which prevailed in 1890. It is declared that corn from the United States is admitted to the Canadian provinces at a very low duty, or free and that Canadian barley, particularly that from the Bay of Quinte territory, be admitted to the United States practically free of duty. Mr. McMillan will appear before the commissioners as the representative of a very large and important commercial interests.

## BERTHA KILLED HER MOTHER.

**Then Fired Four Bullets Into Her Own Body—Was Despondent.**

Pittsburg, Pa., Oct. 2.—Bertha Belstein killed her mother to-day and later put four bullets into her body, from the effects of which she cannot recover. The only explanation the girl gave for her terrible deed were these words: "I wanted to die and did not want my mother to live and fret over my death." Frederick Belstein, the father of the family, was one of the best known residents of Allegheny. He died suddenly in December last from apoplexy, and since then the daughter has been despondent.

**The Calumet of Chicago, Composed of Millions, Was the Scene of a Bold Hold-Up.**

Alexander, a local business man, early this morning by three robbers, who entered his apartments in the Calumet Club house. He saw they obtained the property the thieves held revolvers to their victims' face and marched him into the closet of his bedroom, where they locked him in.

When the trio disappeared Mr. Alexander pounded on the closet door and yelled for help, whereupon other members of the club who slept in near-by apartments came to his assistance. The key to the closet had been thrown away by the intruders, and it was some time before the prisoner could be released from his perilous position in the closet, devoid of air.
