HOCKEY.

THE JUBILEES GET THERE.

The bitterly cold night Saturday seemed to heat the enthusiasm of the large crowd that gathered at the Jubilee rink to witness the opening game of the city hockey championship series. And the enthusiasts who attended were well recompensed as the East End and cleaner game of hockey could not be desired. The play was lively from start to finish. The Jubilees scored after about two minutes' play. Then South London seemed to wake up, for the puck was carried to the Jubilees' goal with a rapid rush, and held there for 15 minutes; but the good defense work of the Jubilees prevented a tally. Then there was another rush of the East Enders that resulted in making the score 2 to 0. Just a few minutes before half-time the South Londoners forced the puck forward and scored. The rubber was then kept in the center of the ice until the referee's whistle announced the 10-minute intermission.

At the commencement of the second half, things looked very blue for the Jubilees, and innumerable shots were made at their goal, but Johns was equal to the occasion, and not one went through. At last the East Enders woke up and managed to get their fourth goal. However, in spite of the one-sided look of affairs, the South Enders were not discouraged, and after a hard fight managed to score. Two minutes after the "kick-off" they scored again, and it was their last tally. In spite of all they could do, two more marks were made against them, leaving the score 6 to 4 in favor of the Jubilees when time was called. The line-up was:

Jubilees	Goal	Ferguson
South London	Goal	Hunt
Johns	Goal	McEvoy
Little	Goal	Lind
Stinson	Cover point	Kerrigan
Feel (Capt.)	Forwards	McLaren
Carrothers	"	Martin
Reid	"	McEvoy
Fraser	"	Lind

OFF-SIDES.

Reid made an extremely impartial referee. The disputes over goals were conspicuous by their absence. Both Jubilee and South London teams show good combination work. Stinson's and Kerrigan's work as cover points was excellent. The crowd was wildly enthusiastic. It was remarked by several who took part in the match that Mr. Smith's accommodation for the players was the finest in town. The lighting of the Jubilee rink is a great improvement over last year. The next game will be between the Collegiates and the Y.M.C.A., and will be played on Wednesday night. The rumor that Berlin's hockey team has disbanded is denied.

AT OTTAWA.

The Ottawas defeated the Shamrocks Saturday night in the first senior championship game of the season by 4 goals to 3.

AT WELLAND.

The Southern Ontario Hockey League match Saturday night resulted: St. Catharines, 4; Welland, 5.

BASEBALL.

ESTERBROOK AS A "FLY CATCHER."
Thomas Esterbrook, known in the old days as "Dude," especially when he was playing third base for the New Yorks, and who played in this city with the Tecumsehs in the old International League, walked into the Fifth Avenue hotel during the recent league meeting, and met his old friends, "Ester" had on the same fur overcoat that used to create a flutter of excitement on Broadway, and also carried the little cane which he has twirled with him for a decade. Among those he met at the hotel was Buck Ewing. Their meeting recalled an incident that was talked of by baseball cranks all over the country at the time. It was in 1887, when Esterbrook was playing third base that the New Yorks went to Boston to play a holiday game. The latter club was late in coming from the west, and had not arrived at the South End grounds at 3 o'clock. After the New Yorks practiced a little Ewing called Esterbrook to the home plate, and asked him to show the crowd how many straight-up fly balls he could catch without a miss. Tommy was willing and Buck proceeded to send up high ones. Esterbrook had a way of his own of catching drives of this kind, and it amused the crowd greatly. As soon as the ball was hit skyward Esterbrook took one or two looks at it before it began to fall; then he stood perfectly still, formed a sort of cup with his hands, and without turning his eyes up again, he caught the ball

every time. Ewing by actual count, sent up 31 fly balls, and the "Dude" got them all. Esterbrook is living at Staten Island, and says he cannot understand why the league clubs are not scrambling for his services.

BASEBALL GOSSIP.
Columbus is still a member of the Western League, and may continue to be, although the chances are against the Ohio city.

Von der Ahe's effort to bottle up the league will be as futile as Hooson's much-vaunted attempt to seal up Cervera's fleet in the Santiago harbor. When the magnates got ready to move Von der Ahe will not be considered the dapper lion in the outer harbor patrolled by the minor leagues. — Sporting News.

Bob Gilks, a former Cleveland player, now of the Toledo team, broke an arm and a leg in an ugly fall on the streets of the last-named city.

President W. W. Kerr, of Pittsburgh, declares that he has not tried to repurchase Slagle from Washington. The Pittsburgh papers say the story is one of J. Earl Wagner's clever advertising schemes.

"Wild Bill" Everett has the inside track for the captaincy of the Orphans. He need not break his neck to get it. Captaining a ball team is just a shade more thankless and onerous position than managing.

President Young says the revolt of the league demanded a more economical policy, and consequently the reduction of salaries. Such lofty salaries as \$6,000 and \$8,000, paid to the players of the reputation of Comiskey, Ewing and Hanlon came under the cheese-paring knife. The players groaned, but were obliged to hear it there are more anxious prepared to undergo the clipping of the financial wing.

President Nick Young has so far secured 15 applications for umpires who are anxious for positions in the National League next season. The names of the applicants are as follows: Tim Hurst, Bob Emsie, Gaffney, Lynch, Andrews, Brown, Swartwood, Connolly, Hunt, Warner, Smith, O'Day, McDonald, Brennan and Snyder. Out of this list it can be safely stated that Uncle Nick will appoint Hurst, Emsie, Lynch, Brown, Andrews, Swartwood, Connolly, Hunt, O'Day and McDonald.

BUFFALO.
Chicago, Jan. 9.—The Western Baseball League on Saturday ratified the admission of Buffalo to the league. There was no compensation, the league giving the franchise and seven players to Franklin for the purpose of adding another big city to the circuit, and thus strengthening the same. The players who now belong to Buffalo are McCauley, Daub, Pickering, Wadsworth, Bustace, Roat and Hollingsworth.

LOUISVILLE'S CLUB.
Louisville, Ky., Jan. 9.—At the annual meeting of the stockholders of the Louisville Baseball Club, it was voted that the club should be continued for the balance of the ten-year agreement; that they do refuse to sell either players or franchise; and that they call upon the public to subscribe to the capital stock and aid in continuing and supporting a first-class club, which will not only advertise the city, but under favorable circumstances will bring a profit on the investment.

SYRACUSE.
Syracuse, N. Y., Jan. 9.—The Syracuse Baseball Club and the franchise in the Eastern League has passed from the hands of George M. Kuntz to a stock company. Lew Whistler, has already signed sixteen new players.

THE WESTERN.
Chicago, Jan. 9.—Columbus, Ohio, was not a financial success as a baseball town last year, and members are looking for a substitute for the Ohio city. Toronto was selected as a candidate a few weeks ago, but the members are inclined to favor Cleveland in case the National League team there should be transferred to St. Louis. No definite action can be taken until the courts decide the legal controversy now pending in St. Louis between Chris Von der Ahe and Receiver Muckenfuss over the ownership of the St. Louis Browns.

GROUNDERS.
Billy Nash, former manager and captain of the Philadelphia, will manage the Bisons.

Patsy Donovan, captain of the Pittsburghs, does not see how the Bostons can be beaten for the pennant next year.

The Eastern League will hold a meeting at the Fifth Avenue Hotel, New York, on Tuesday to decide on the circuit for the coming season.

WHEEL.
"GIMM WON THE 24-HOUR RACE."
New York, Jan. 9.—Louis Gimm, of Pittsburgh, won the 24-hour bicycle race that ended at 10 o'clock Saturday night. There were 18 starters and eight finished. They were: Louis Gimm, Pittsburgh; Turville, Philadelphia; Fredericks, Switzerland; John Lawson, Chicago; Oscar Julius, New York; T. Hale, Earl D. Stevens and Charles W. Miller. The final score was: Fredericks, 450 miles; Pierce, 450 miles; Turville, 450 miles; Gimm, 450 miles; Lawson, 449 miles; Julius, 437 miles 6 laps; Hale, 433 miles 4 laps; Miller, 422 miles 6 laps. Gimm was first by a wheel's length. Pierce second, Turville third, Fredericks fourth and Lawson fifth.

The record for the time is 457 miles 1 lap, by Pierce. Fully 10,000 persons saw the close of the 24-hours race. The finish was the most sensational ending of an athletic contest ever witnessed in this country. After riding an average pace of 18 miles an hour for a day, four of the best long-distance bicyclists in the world were almost tied. Behind them were four others who had dropped back a lap or a mile or so, and had no chance of catching up. The long race resulted in a sprint. Louis Gimm, who led by a wheel's length, was followed by Burns W. Pierce, the Canadian, who now hails from Boston; Charles Turville, of Philadelphia, was third, and Fredericks, of Switzerland, was fourth. The four leaders covered 450 miles—about seven miles behind the record for 24 hours made by Pierce in the recent six-days race at the garden. Miller, the six-days champion, finished last of the bunch. Eighteen started and eight finished. The last to drop out was Stevens, the Buffalo rider, who was one of the leaders, when he became absolutely exhausted, and was carried from the track. For 24 hours four of the men rode side by side, and at the finish it was a fearful sprint to the tape. Gimm gets \$1,000 as the winner; Pierce, \$400, and the others in a like ratio.

It was not so much a question of speed as endurance. Fredericks, Pierce, Turville and Gimm never left

their saddles for a moment. They even refused to take nourishment and stimulants from their trainers when the sprint was on. Waller, who was one of the favorites, lost a lap through an accident to his tire on Friday night, and as a result had to make a brave struggle to regain his lost ground, but he was not on the track to finish. Miller dropped behind lap by lap, mile by mile, but he hung on gamely to the end, while Stevens, from Buffalo, a warm favorite, had actually to be carried from that track. The crowd became enthusiastic near the finish, as man after man tried to gain an advantage. Pierce made an almost successful effort to get away at 8:10. For two laps he fairly flew around the track. The foxy Fredericks, Gimm and Turville were left to the rear gradually, and the crowd was in a frenzy of cheering. Pierce was riding for money to send his sick wife, and every muscle struggled to drive his wheel faster, but he was tired, and gradually his lead was cut down. It left the four leaders exhausted, and the pace settled down to a slow one, until the last few laps, when Gimm pushed his wheel in front.

TURF.
Boswell, Jan. 2, 1913, six brood mares and twelve head of young stock were recently shipped from San Francisco to the West Coast. The horses were packed in a sailing vessel to leave for the once famous Agnew stock farm.

The prize list of the Boston horse show, to be held in the early part of April, will be ready about Jan. 15. The premiums will amount to about \$16,000. The best of the prizes will be the first crop of weanlings by Henry of Navarre at August Belmont's nursery stud are said to be very promising. There are eleven colts and nine fillies.

An application to the Jockey Club for reinstatement from Patsy McDermott is still under consideration. McDermott is a clever jockey, but it may be doubted whether the turf would be benefited by his reinstatement to good standing.

The oldest jockey in the world who is now riding is C. Loates, the crack English rider. Loates was born at Derby, England, on Oct. 1, 1852, and is now a little over 46 years of age. Loates has ridden as well as he would twenty years ago, and he considered one of the crack riders of the English turf.

ADAM BECK.
Detroit Free Press: Adam Beck, of London, Ont., has begun his married life by retiring from the turf. While Mr. Beck has never aspired to own high-class horses, his withdrawal will be regretted as a loss to the turf.

ATHLETICS.
RUNNING DOUBLE HIGH KICK RECORD.
Dayton, O., Jan. 9.—In a local athletic contest held at the Y. M. C. A. gymnasium Saturday night, Oliver Achor established a world's record in the running double high kick with a score of 7 feet 8 inches. Achor is 20 years old.

NOTES OF SPORTS.
In the event of success on the part of Buffalo to secure the national meet of the L. A. W. for 1899 an effort will be made to secure a double meet by including the National Cycle Association to hold its first annual championship there.

The motors of electric padding machines for bicycle races in France have been increased to two and three-fourths horse power. With these, it is predicted pace will be reduced to 1:20 to the mile in 1899.

An English cyclist agent recently had the hard luck to have both his house and depot broken into at once, the thieves making use of the best machines in the shop to assist their escape with the silver plate.

It is said that the soldiers who had taken Hood's Sarsaparill stood the long marches in Cuba much better than the others.

Mrs. B. A. Corthell, of Millbridge, Me., has made a wonderful patchwork quilt, the centerpiece of which is a lot of blue bunting from a signal flag saved from the battleship Maine.

Robbed the Grave.
A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continuing. The finish of the long race resulted in a sprint. Louis Gimm, who led by a wheel's length, was followed by Burns W. Pierce, the Canadian, who now hails from Boston; Charles Turville, of Philadelphia, was third, and Fredericks, of Switzerland, was fourth. The four leaders covered 450 miles—about seven miles behind the record for 24 hours made by Pierce in the recent six-days race at the garden. Miller, the six-days champion, finished last of the bunch. Eighteen started and eight finished. PERISHED BY FLAMES

A Woman Drenched With Kerosene Oil and Set on Fire.

Three Hotel Guests Suffocated by Smoke—Sad Fate of a Detroit Child.

Cincinnati, Jan. 9.—Ida Price was fatally burned in her room in a flat in West Sixth street by having coal oil thrown over her clothing and then fired. Her screams brought help, but the door was locked. The door was broken in, the flames subdued and the woman taken to the hospital. She was able to say that Wm. Kennedy, who was living with her, was the man who tried to burn her to death. He had locked the door to insure her death. He is under arrest. She died at 7 o'clock Saturday night.

Pittsburg, Pa., Jan. 8.—Fire, which broke out in the Hotel Richelieu at 5:35 this morning, resulted in a property loss of only \$15,000, but three lives were sacrificed and three people are badly hurt. The dead are: Amos S. Landis, Grapelle, Pa.; George A. Walters, Camden, N. J.; Mrs. Catherine Boyle, Pittsburg, Pa. The three victims were guests of the hotel, and all were suffocated by the dense smoke. The fire originated on the second floor from an explosion of gas, and within a few moments the building was a mass of flames and blinding smoke. The noise of the explosion awakened most of the guests, about 20 in number, and a frantic fight for life ensued.

A SAD AFFAIR.
Detroit, Jan. 9.—Mrs. Chas. Lucius, who lived with her husband and three children at No. 79 Porter street, on Saturday morning lighted a gasoline stove in the kitchen, with fatal results. The blaze shot out in a sheet of flame, she enveloped in the door and into the street. In the meantime the fire had reached her little son, 2 1/2 years old, who was in the room next to the kitchen. On the alarm being given, Capt. Fremont rushed into the building, Capt. Carroll chopped his way into the building amidst the blinding smoke, lifted the child, Charley Lucius, into his arms and carried him into the street. On the way to a neighbor's the little one murmured something about his mother and died in the fireman's arms. The baby had been lying on a bed in the sitting-room of the house when the shock came.

The mother was all aflame, and was taken to Emergency Hospital. She was badly burned about the arms and legs, and as she was in a delicate condition, the hospital authorities expressed serious doubts as to her recovery.

Blake & Son, undertakers, volunteered to give the baby burial, and J. L. Hudson & Co. came forward with suits of clothing and other necessities for the remaining children of Lucius, who hasn't a cent in the world. Lucius was badly burned on the hands. His injuries were attended to at the hospital.

At 7:55 in the evening an interesting event occurred at the hospital, in connection with the fire. At that hour Mrs. Lucius gave birth to a little girl, and the hospital authorities reported that the mother and child were doing well, and that the mother was likely to recover.

Radway's Pills

Always Reliable, Purely Vegetable.

Perfectly tasteless, elegantly coated, purge, regulate, purify, cleanse and strengthen. RADWAY'S PILLS for the cure of all disorders of the Stomach, Bowels, Kidneys, Bladder, Nervous Diseases, Dizziness, Vertigo, Costiveness, Sick Headache, Female Complaints, Biliousness, Indigestion, Dyspepsia, Constipation and all Disorders of the Liver.

One to three of Radway's Pills, one in every four hours, will secure regular evacuations from the bowels. Persons who, for 20 years, have not enjoyed a natural stool, and had an uncompleted evacuation, have been cured by a few doses of Radway's Pills.

Persons advanced in life often suffer from indigestion and from paralysis or inability to evacuate from the bowels. Likewise from urinary difficulty. We have the evidence of a large number of aged persons, from 70 to 80 years of age, who have been cured of this defect (who were compelled to resort to injections to empty their bowels) by the use of Radway's Pills. Two or three pills every night, in all cases insure a natural evacuation from the bowels and a regular flow of urine. In cases where there is irritation of the bladder, the Resolvent should be used alternately with the pills. If these organs are kept regular, life may be extended to a much longer period. By keeping the Liver, Stomach, Bowels and Kidneys in a healthy condition, the blood will continue pure and dissolution checked. This great desideratum is within the reach of all by the use of Radway's Pills and Resolvent. Drastic Aloetic Pills, in persons of advanced age, hasten dissolution, irritate and wear out the bowels and coats of the stomach, destroys the absorbents, so that these vessels are incapable of assisting in the repair of the body's waste. Radway's Pills and Resolvent are used by the aged, life will be prolonged to the full measure of time. Another great end is secured by nourishing the body with these remedial facilities will remain in a healthy condition. A weak, feeble and decaying body enflees the intellect and clouds the brain.
