ENQUIRIES FOR NORTH TORONTO LOTS B roadway-avenue Property to Go on Market—Councillor Parke Improving.

NORTH TORONTO, Aug. 11.—(Special.)—Continued improvement is noticeable in the condition of Councillor Parke, and bright hopes are entertained for his ultimate recovery. A public meeting will be held in the town hall on Friday evening to consider ways and means for organizing a town band. Everbody old and young musicians and lovers of music are invited to attend on Friday evening. No progressive town like North Toronto ought to be without a town band. Mr. Jennings of A. C. Jennings & Co., the real estate brokers, says that never in his experience have there been so many enquiries for North Toronto property. Enquiries are coming in all the time from many towns and cities in Ontario. The fame and opportunities of this northern suburb appear to have gone far afield. Mr. Jennings will in the course of a few days commence the campaign of handling the famous Cleveburne property, consisting of about sixty acres on Broadway-avenue. Mr. Jennings is having Broadway-avenue opened thru to Bayview-avenue. This avenue, when completed, will probably be the finest in the City of North Toronto. It is his intention to sell this property in acre blocks, with reasonable restrictions to keep the district high class. Last night a married woman, about 25 years old, was taken to Chief Collins' house in a weak condition, having rammed all day with a baby in arms. She had been to the Woodbine and walked all the way here. Dr. Jeffs attended her and advised her to take a rest of food she was greatly improved. Her husband, who lives on Westmoreland-avenue, was sent for to-night and he took the woman home. He said his wife had been in the habit of wandering off and tramping for hours without a fixed destination. John Klees, 904 Yonge-street, had a harvest bed at his new home on Rowland-avenue. A large number of other guests were served with tea on the lawn.

Jennings, Joe Rowntree and Alex. Hain. The 230 yards lot at Boness-avenue, which West Toronto people have been practicing for the past ten days will continue until Monday next, when the street cars will again run over this section of Dundas-street. The lot, but the brickwork will not be in position until the end of the week. Some of an innovation in the line of street names was the plan of the Davenport Methodist Church. A spring lamb was let loose on the street, and the young lady competitors started off to capture the little animal. The lucky girl was Miss T. Hilday who succeeded in bringing home the trophy. Upwards of 200 people went with the excursion this afternoon, and a most enjoyable time was spent by the many. A long program was gone thru, including a tug-of-war in which a team from the Latham brickyard defeated the Townsley brickyard team.

PROGRAM FOR EXHIBITION

Finest Bill of Attractions Ever Presented Here. The program of special attractions at the Canadian National Exhibition, which has just been issued, shows that the entertainment part of the big fair to be more extensive than ever before. The program in front of the grand stand is divided into three parts, of an hour each. The first hour is given to vaudeville and the bill has to be well squeezed to get it on to the four stages in that space of time. The second part is given over to the military tournament, which includes the musical drive by the artillery, the musical side by the dragons and noted competition, in many of which corps will be matched against corps. The third hour is filled with everything with the British army quadrilles and tango with ten massed military bands, and the Battle of the North Sea. The whole concludes with a 15-minute display of everything that is new in fireworks. Add to this bill the model military camp, the blowing up of ships by submarine mines on the waterfront, horse races, daily displays of Japanese day fireworks, athletic sports, etc. It will be readily admitted that this is the greatest bill of specials the Canadian National ever presented.

TAX ON CORPORATIONS

Too Soon to Announce Policy, Says Premier. Sir James Whitney said yesterday in regard to the report that the government is contemplating a tax on stock transfers: "It is too early for the policy of the government to be made known on any subject. I must not be held responsible for suggestions as to what should or should not be done, and, therefore, I cannot be expected to say anything about this question. I believe that large sums of money are realized by the State of New York from the taxation of transactions in stocks and mortgages, and I believe that the Province of Quebec also gets considerable, although I do not know how much." Hon. Col. Matheson stated that the matter was under advisement, and it is understood that it has been informally discussed by the cabinet.

NEAR-DROWNING

Boy Pulled From Water at Centre Island. A small boy, 7 or 8 years of age, narrowly escaped death by drowning in the lagoon at Centre Island yesterday morning. The boy was attracted to the spot by a child who said that his chum had fallen into the water from the dock. The boy jumped into a boat and pushed out to the spot indicated in time to see a small hand reaching up from the water. He pulled the little fellow into the boat, and after getting him to land, commenced rolling him. After working on the boy for a few minutes he revived and was able to go home.

HUGE SALMON CATCH

All Records Are Broken on the Fraser River. VANCOUVER, Aug. 11.—All records in the salmon catch on the coast were surpassed to-day when the Fraser River fishermen and gill netters and purse seiners of Puget Sound were forced to abandon work because they could not dispose of the catch. There is the enormous total of 1,234,000 sockeyes in the Fraser River, Bellingham, Blaine and Anacortes canneries. Thousands of the fish are going to waste; the canners are not prepared to handle the surplus, but are speeding machines and men up to the highest notch and running the entire 24 hours without stop. Six For a Dollar Tickets. The six for a dollar tickets for the Canadian National Exhibition have been on sale for some weeks, and they are selling very rapidly. The public wishing to secure these reduced admission coupons should get them before the supply is exhausted. They can be had at the office of A. P. Webster & Co., northeast corner King and Yonge-streets.

ENGLISH STUDENTS ON TOUR

A party of engineering students from British universities, who are making a tour of eastern Canada, to study engineering methods, arrived in the city yesterday morning, and last evening left for Cobalt. The tour was organized by Nugent H. Cloucher, Toronto man who is attending London University. They will return to Toronto on Sept. 1.
