another friend to-day, the day after he landed here, that there would be no unpleasantness over supplies of the Peary party: that he had found some of Peary's men in possession of one of his depots, and had turned them out uncerementausly.

Believe Him to Be Sincere

Dr. Cook's apparent confidence is the greatest factor working in his support in Copenhagen.

Those who have had the opportunity talk with him are only of one mind, that he is an absolutely sincere, simple man, or deserves a pedestal in history as one of the greatest actors. When the latter alternative was suggested to him he merely expressed the conviction that time, even if there was no other evidence, would confirm him his statements, because, with the rapid advance of the means of travel his route would pass judgment on the commendations were a serious treatment of the foreign population problem, encouragement of provincial police, the attorney-general to provincial police, the attorney-general to provincial information problem, compulsory education up to 14 years, street employment of boys over 14 to be discouraged, shorter hours and more adequate support for women and children workers, free government employment bureaus.

Hon. W. L. M. King, minister o' labor, was present and spoke in appreciation of the work of the board. He invited suggestions and requests for invited suggestions and representatives appointed to the Canadian Social and Moral Reform Council, which meets on Friday. A special committee was formed to carry on an ageressive educational campaign.

Among the recommendations were a serious treatment of the foreign population problem, couragement of provincial police, the attorney-general to prov
