for the members, and every afternoon and evening groups of laughing, merry faced young people may be seen soci-ally chatting together, indulging exciting and hard fought games, peacefully reading books by the windows. Entertainments are also held on a large scale, while every week special instructive lectures are given by men who have been specially engaged for this purpose. Night School.

The association also boasts of an excellent educational department. some time night schools have been credit of both the pupils and the instructors to state that in the last ccuple of examinaions over threequarters who tried the examinations

Undoubtedly the most important branch of the work done among the members in the west end is the religious training they receive. The young men have formed themselves into va. rious classes to study the Bible, while during the week lectures are given them on various portions of the Bible. A band of the workers have also formed themselves under the name of the "Yoke Fellows," and do a lot of work outside of the institution. Look After the Boys.

The boys' department of the West End Y. M. C. A. is also particularly interesting. This important branch of the work is now under the charge of W. Tait. The growth of this work really dates from the beginning of the last decade, when a separate department was inaugurated. It was then necessary to form a department, and
