## TO PRESS RIGHTS OF THE JAPANESE

### Alleged Differences Between Japan and Britain Over South Sea Islands.

Tokio, Feb. 4.—Information rela-  
tive to the differences which are  
alleged to have developed between  
Japan and Great Britain relative to  
the administration of the former Ger-  
man islands south of the equator  
has been demanded by Kotaro  
Mochizuki, a leader of the opposi-  
tion party. Foreign Minister Uchida,  
speaking before the Japanese diet on  
January 12, referred to the South  
Pacific islands, where Japanese have  
acquired property rights.  
He declared that Great Britain  
maintained the clause of the Ver-  
sailles treaty guaranteeing adhe-  
rence to the principle of equal oppor-  
tunity in mandated districts could  
not be applied to the administration  
of islands in the South Seas. The  
Japanese, he said, had taken a con-  
sistent view, but had tentatively ac-  
cepted the British theory, reserving  
the right to resume the negotiations  
to insist upon the rights of the  
Japanese in the islands over which  
Great Britain has been given a man-  
date.

## LABOR MINISTER ON DEFENSIVE

(Continued From Page 1).  
another. I demand that he retract  
that statement."  
Premier Drury: "I think any mem-  
ber could advise another to stick  
to the truth."  
Mr. Ferguson: "Not a bit of it.  
The inference is that Mr. MacBride  
said something that was not true."  
Mr. Rollo: "If that is the under-  
standing I will withdraw the state-  
ment."  
Mr. Rollo maintained that his state-  
ment would not give us the  
mother's allowance act unless we  
sacrificed the right for a day."  
Premier Drury took the view that  
the Brantford member's statement  
had not been substantiated by the  
newspaper reporter.  
G. Howard Ferguson was for mov-  
ing the adjournment of the house so  
that the whole affair might be freely  
discussed but the motion was refused  
and the incident closed.

Patronage Motion.  
There was another little flurry when  
Mr. MacBride moved for an order of  
the house for the return of copies of all  
letters of instruction, or correspon-  
dence from the attorney-general to  
Mr. W. R. Mallon, and copies of all  
letters between J. W. Mallon and any  
members of the U.F.O. or  
groups of the legislative assembly  
upon the subject of naming a com-  
mittee of five to inquire into the  
each constituency for the purpose of  
advising the government in connection  
with the appointments to the civil  
service.  
In reply, the attorney-general said  
there never was any such correspon-  
dence in connection with the matter.  
But the government had sent a letter  
to all members of the house asking  
them to suggest the names of repre-  
sentative men to whom the commis-  
sion might be appointed, as the propo-  
sition would imply that a committee  
should be appointed in each constitu-  
ency.

"Hire a Hall."  
Every little while Mr. MacBride  
hired a hall in Brantford and spoke.  
No. 10. It was the people  
who hired it and invited me to the

At one of the meetings Mr. Mac-  
Bride had charged the attorney-gen-  
eral with fostering one of the greatest  
gambling schemes in the world. This  
statement was on a par with a report  
of his speech in which he said he  
knew nothing about the appointment  
of Crown-Attorney Charlton of Brant-  
ford, when as a matter of fact he  
had written the attorney-general ap-  
proving the appointment.  
The premier explained that the com-  
mission had been appointed to con-  
sider some better method of appoint-  
ing outside officers. But Mr. Mac-  
Bride was, it seemed to the premier,  
opposed to this idea.  
My idea has always been that sit-  
ting members should name several

## IF BACK HURTS BEGIN ON SALTS

### Flush Your Kidneys Occasion- ally If You Eat Meat Regularly.

No man or woman who eats meat  
regularly can make a mistake by  
flushing the kidneys occasionally, says  
a well-known authority. Meat forms  
uric acid, which clogs the kidney  
pores so they sluggishly filter or  
strain only part of the waste and poi-  
sons from the blood, then you get sick.  
Nearly all rheumatism, headaches,  
liver trouble, nervousness, constipa-  
tion, dizziness, sleeplessness, bladder  
disorders come from sluggish kidneys.  
The moment you feel a dull ache in  
the kidneys or your back hurts, or if  
the urine is cloudy, offensive, full of  
sediment, irregular of passage or at-  
tended by a sensation of scalding, get  
about four ounces of Jad Salts from  
any reliable pharmacy and take a  
tablespoonful in a glass of water be-  
fore breakfast for a few days and  
your kidneys will then act fine. This  
famous salt is made from the acid of  
grapes and lemon juice, combined with  
lithia and has been used for genera-  
tions to flush clogged kidneys and  
stimulate them to activity, also to neu-  
tralize the acids in urine so it no  
longer causes irritation, thus ending  
bladder disorders.  
Jad Salts is inexpensive and can-  
not injure; makes a delightful efferves-  
cent lithia-water drink which all  
regular meat eaters should take now  
and then to keep the kidneys clean  
and the blood pure, thereby avoiding  
serious kidney complications.

names from which the government  
should make an appointment," said  
Mr. MacBride.  
The patronage system was unde-  
sirable, the premier added, and it was  
to get away from it that a commis-  
sion was appointed to consider the  
best way to do this. He repeated that  
it had never been suggested that a  
committee in each constituency should  
be appointed to advise the government  
regarding appointments.  
The upshot was that Mr. MacBride  
agreed to withdraw his motion pend-  
ing the receipt of the commission's  
report.

Toronto's Bill Introduced.  
Capt. J. E. Thompson introduced the  
city of Toronto's bill. The bill pro-  
vides for the deputy city auditor to  
sign cheques. It further authorizes  
the city without consulting the elec-  
tors to pass a bylaw for the issue of  
city of Toronto general consolidated  
loan debentures to raise \$250,000, to be  
applied \$100,000 to defray the excess  
cost of a relief sewer on Bloor street  
from Garrison Creek sewer, Willow-  
dale Park, to Lansdowne avenue, and  
\$150,000 to erect a new building on  
the Canadian National Exhibition  
grounds for the exhibits of the food  
products association.  
The council may pass a bylaw  
declaring that all buildings erected  
upon lands abutting upon any high-  
way or in defined areas shall be used  
for private residences only. It will  
also provide for limiting speed of  
vehicles on the highways in High Park  
and Exhibition Park to 15 miles an  
hour.  
Firemen May Speed.  
Hon. P. C. Biggs introduced a bill  
amending the motor vehicles act.  
This bill will allow fire apparatus, on  
duty to exceed the speed limit. It  
also provides that licensed numbers  
of vehicles shall be placed in a  
prominent position.  
The minister of public works also  
introduced a bill providing that  
vehicles may pass standing street cars  
where safety zones are provided.  
Hon. Beniah Bowman introduced a  
bill enabling the government to set  
aside crown lands and enter into  
agreements with private individuals  
for acquiring lands for reforestation  
in northern Ontario.

Old Age Pensions.  
The Ontario government will like-  
ly take the initiative in calling a  
conference of provincial governments  
with reference to old age pensions  
and unemployment insurance. Hon.  
Walter Rollo made a statement to  
this effect to a deputation which  
waited upon him yesterday from the  
Trades and Labor Council. The min-  
ister stated the Labor group had  
recommended this to the govern-  
ment.  
As regards filling the vacancy on  
the workmen's compensation board,  
Mr. Rollo said an announcement  
would be made in a few days.  
Those on the deputation were  
James Stevenson, James Simpson,  
Roy Palmer, James Ralph and Frank  
Morgan.

Extension of the scope of the  
mother's allowance act to provide  
relief for deserted wives and un-  
married mothers was urged by the  
deputation. Mr. Rollo intimated that  
deserted wives might be included  
under the act, but that it was un-  
likely unmarried mothers would be.  
Decrease in Deaths.  
The reports of local boards of  
health to the provincial authorities  
shows a decrease in cases and  
deaths for January, compared with  
the same month last year. The cases  
were 3,630 and 4,790, respectively,  
and the deaths 523 and 607. There  
was a decrease in deaths last  
month, as compared with 1,138 cases  
and six deaths in January last year.

Abbreviated Hansard.  
Mr. Dewar has given notice of  
the following motion: That it be  
in the interest of public business of  
the province that each weekly number  
of the Ontario Gazette should contain  
a short summary of all orders-in-  
council passed during the preceding  
week, with their consecutive num-  
bers, without interfering with the  
setting of certain orders-in-  
council, as has been customary in  
the past.  
Mr. Stover proposes inquiring:  
What was the total number of civil  
service employees (both inside and  
outside service) employed by the  
province at the end of the fiscal  
year, 1919, and what was the total  
number of civil service employees  
(both inside and outside service)  
employed by the province at the end  
of the fiscal year, 1920.  
Mr. Stover will ask: Has any  
regulation been passed increasing  
the license fee payable by the net  
fisherman or fisher in Ontario  
from \$25; if so, to what  
amount; if not, is it the intention of  
the government to pass such regula-  
tion?

## WELL SATISFIED WITH BABY'S OWN TABLETS

Once a mother has used Baby's  
Own Tablets for her little ones she  
will use nothing else. Her use of them  
leads her to believe there is no other  
medicine to equal them for any of the  
many minor ailments of childhood.  
Concerning them Mrs. Eugene Bois-  
vert, East Alder, Que., writes: "My  
baby was terribly constipated, but  
after the use of Baby's Own Tablets  
he is entirely well again. I am so  
well satisfied with the Tablets that I  
lose no opportunity in recommend-  
ing them to other mothers." The  
Tablets are sold by medicine dealers  
by mail at 25 cents a box from The  
Dr. Williams' Medicine Co., Brock-  
ville, Ont.

## CAPTAIN WAS ENTITLED TO BEAT IRONED SAILOR

Boston, Feb. 4.—The rule of the seas  
that a skipper can exact obedience of  
his orders aboard ship was upheld in  
the federal court today when Captain  
John McFee of the steamer Winnes-  
conne was discharged after a hearing  
on complaint of Christian Karlson,  
able seaman, that he had been beaten  
while in irons at the hands of a bruis-  
ing captain and bully mate. Tsa-i-  
mony indicated that the assault fol-  
lowed Karlson's refusal to scrub the  
decks, upon which the word "starva-  
tion" had been chalked.

"I suffered with Rheumatism for five  
years, having it so badly at times I was  
unable to get up without assistance.  
I tried different medicines I saw  
advertised and was treated by doctors  
in Amherst, also in my home town,  
but the Rheumatism came back.  
In 1916, I saw in an advertisement  
that 'Fruit-a-tives' would stop Rheu-  
matism, and took one box and got  
relief; then I took them right along  
for about six months and the Rheu-  
matism was all gone and I have never  
felt it since.  
Anyone who would care to write  
me as regards 'Fruit-a-tives' I would  
be glad to tell them what 'Fruit-a-

## SENSATION LIKELY IN JAIL BREAKING

### Officials Alleged to Be Invol- ved in the Escape of Prisoners.

Kingston, Ont., Feb. 4.—(Special)—  
Joseph Hilton, the young Toronto con-  
vict arrested in Detroit, and who  
escaped from the penitentiary on Aug-  
ust 14 last, in the warden's car, along  
with Albert Griggs, also of Toronto,  
was brought back to Kingston today,  
and will be placed on trial. Griggs  
is still at large. In view of allega-  
tions current that officials as well as  
persons in the city were involved in  
the escape, there are reports that  
the whole thing was hatched by per-  
sons who desired to embarrass War-  
den Ponsford and for this purpose the  
lock that he had on his garage was  
saved off the night before, so that  
no obstacle would be in the way of  
the convicts when they reached the  
in a woman. Apparently the escape  
of the prisoners was facilitated, for  
the lock that was on the garage was  
never found. There was a good sup-  
ply of gasoline in the car, too, for it  
was not until after they got to Yarker,  
22 miles away, that they had to secure  
a further supply. This they got from  
a woman at a farm house, offering as  
security for the rug out of Warden  
Ponsford's car. Just five minutes  
after Hilton and Griggs left the farm  
the fugitives ran into a culvert  
and lost valuable time, they outwitted  
their pursuers.

## MANY APPLICANTS WERE TURNED DOWN

### Lack of Accommodation for Spec- tators at Ottawa Opening the Reason.

Ottawa, Feb. 4.—(Canadian Press)  
—Unless a smallpox scare or some-  
thing of that nature keeps away  
Turk had expected to be in  
in attendance, there will be a  
great scarcity of accommodation for  
those wishing to view the proceed-  
ings of the opening of parliament in  
the new senate chamber. Although the  
new parliament building gives the im-  
pression of being a most roomy struc-  
ture, in some regards there is less  
space than in the old building.  
This is the case in the senate  
chamber, the show place of the  
building, where there is only gallery  
seating for about 200 people. As the  
number of people to whom invita-  
tions are always issued, wives of  
ministers, members and offi-  
cials and prominent outsiders, will  
probably equal this, there is bound  
to be disappointment in many quar-  
ters.  
Hundreds of applications for tick-  
ets have already been received by  
the Gentleman Usher of the Black  
Rod, Colonel Ernest Chamberlain, and  
most cases it has not been possible  
to acknowledge the application with-  
out regrets that it could not be taken  
care of.

## PUT CREAM IN NOSE AND STOP CATARRH

### Tells How To Open Clogged Nos- trils and End Head-Colds.

You feel fine in a few moments.  
Your cold in head or catarrh will be  
gone. Your clogged nostrils will  
open. The air passages of your head  
will clear and you can breathe freely.  
No more dullness, headache; no  
hawking, snuffing, mucous dis-  
charges or dryness; no struggling for  
breath at night.  
Tell your druggist you want a  
small bottle of Ely's Cream Balm.  
Apply a little of this fragrant, anti-  
septic cream in your nostrils, let it  
penetrate through every air passage  
of the head; soothe and heal the  
swollen, inflamed mucous membranes,  
and relief comes instantly.  
It is just what every cold and cat-  
arrh sufferer needs. Don't stay  
stuffed-up and miserable.

## OVER HALF MILLION GRAVES REGISTERED

### Annual Report of the Imperial War Graves Commission Is Published.

London, Feb. 4.—The annual report  
of the imperial war graves commis-  
sion for 1919-20 states that the total  
number of graves registered up to  
Sept. 30, 1920, was 552,426 and the  
number of burials registered was 137-  
705.  
The extent of the work of exuma-  
tion and concentration of scattered  
graves in France and Belgium up to  
March 22, 1920, is indicated by the  
following figures: Reinterments, 128-  
577; already known, 55,508; identified  
for first time, 623; unknown 65,796.  
The total number of graves in France  
and Belgium when the work has been  
completed would be probably over  
500,000, and the number of cemeteries  
requiring architectural treatment in  
addition to the erection of headstones  
approached that of posterity. One difficulty  
which is practically all that will be  
required for graves in French commu-  
nial cemeteries) will exceed 1200.  
The Manchester Guardian remarks  
that France and Belgium account for  
almost 500,000 registered and authenti-  
cated graves. It is here, of course, that  
the work of reinterment in the appoin-  
ted cemeteries becomes the greatest  
task before the commission has had to  
face has been the shortage of skilled labor  
for work on the headstones. The  
orders for these have been distributed  
throughout the United Kingdom, and it  
is significant of the way in which this  
patriotic undertaking has been ap-  
proached that an attempt has been  
made to let every district see for  
itself examples of the chosen regimental  
designs.

A Heavy Task.  
The task of the war graves commis-  
sion is as great as it is significant,  
and its difficulties are many as re-  
gards both sentiment and administra-  
tion. The present report is a dignified  
and encouraging reminder that the  
work has been entrusted to the right  
hands, and that the type of the type  
pending the consideration of the erec-  
tion of permanent headstones by the  
imperial war graves commission, a  
temporary wooden and administration  
designed for all war graves. It desired  
by the next-of-kin, will be erected at  
the public expense over the graves of  
all soldiers who fell in the great war  
and are buried in Great Britain and  
Ireland.

The next-of-kin who desire the cross  
to be erected are instructed to com-  
municate with the director of graves  
registration and enquiries, 32 Baker  
street, London, W. L. within three  
months giving full particulars as to  
the buried soldier's name, regimental  
number, regiment date of death, cen-  
tury and row and number of grave.

## NEW YORK MURDER

### Claims He Shot Druggist to Force Him to Release Grip.

New York, Feb. 4.—(By Canadian  
Press)—Indictments for murder in  
the first degree in connection with  
the killing of Isaac Turk, a druggist,  
here last Saturday, were returned by  
a grand jury today against Robert  
Brown, who says he is a Canadian,  
and Rosa Schmetz.  
Before leaving the court Brown  
made a statement in which he ad-  
mitted killing the Broadway drug-  
gist. He said also that he was a  
graduate of a Canadian college and  
that he at one time owned two cab-  
nets in Canada, which he called  
"The Black Cat" and "The Black  
Maple."  
"I went to the Turk apartment to  
get the jewelry that I heard Mrs.  
Turk had," he said. "I waited for  
him to get to sleep, but Turk came  
into the room where I was hiding  
and we got to struggling. I told  
him I would shoot him if he didn't  
let me go. I fired once. I didn't  
mean to hit him in the stomach, but  
just to make him let me go. Then I  
ran out. I am not a murderer at  
heart. I did not want to use the  
gun."  
In his statement Brown philoso-  
phized, saying that women tempted  
hungry men to steal while they par-  
aded about with jewels and furs. He  
made a plea for Mrs. Schmetz, say-  
ing that she merely told him where  
the Turk jewelry was. Brown de-  
clared that he never smoked nor  
used liquor. He has money and will  
use it for his defence. He said that  
while serving a term in Atlanta fed-  
eral prison for impersonating an  
officer he was foreman over Debs,  
the socialist leader.  
Yesterday, Mrs. Ruth Garcia of  
Montreal identified Brown as a man  
who robbed her of valuable jewelry.  
Mrs. Schmetz has made a state-  
ment, according to the district at-  
torney, in which she admits asking  
Brown to "fix" Mrs. Turk, whom  
she accused of going out with her  
husband.

## LABOR AFFILIATION

Winnipeg, Feb. 4.—Changes in the  
platform of the Dominion Labor party  
and revision of its constitution were  
under consideration by the party ex-  
ecutive at a meeting last night. A  
sub-committee was appointed to study  
tentative proposals at a meeting  
of the party to be held February 9.  
Secretary Maybank reports that sev-  
eral communications had been receiv-  
ed from eastern organizations expres-  
sing favor toward the Dominion-wide  
affiliation project.

## \$14.00 Coal! Why Pay More?

Hundreds of people are burning our new ANTHRACITE BRIQUETTES and getting better satisfaction than with coal. Here is unsolicited evidence:  
"Please forward two tons of your 'Briquettes,' same quality as you supplied to me November last."  
"I have tested the efficiency of your product in my own furnace against the ordinary furnace coal, and for heating units am satisfied that your 'Briquettes' are the best."  
"Yours truly,  
(Sgd.) "A. FAIRCLOUGH,"  
"Consulting Engineer."  
(William Davies Company, Limited.)

"The results are beyond my expectations, as the heat given out is superior to that obtained from anthracite coal, and the furnace heat can be maintained for hours without any drafts being on, while the freedom from chimneys and cinders lessens considerably the work of attending to the furnace."  
"Yours sincerely,

## CANADIAN ADMITS NEW YORK MURDER

Claims He Shot Druggist to Force Him to Release Grip.

New York, Feb. 4.—(By Canadian Press)—Indictments for murder in the first degree in connection with the killing of Isaac Turk, a druggist, here last Saturday, were returned by a grand jury today against Robert Brown, who says he is a Canadian, and Rosa Schmetz.  
Before leaving the court Brown made a statement in which he admitted killing the Broadway druggist. He said also that he was a graduate of a Canadian college and that he at one time owned two cabs in Canada, which he called "The Black Cat" and "The Black Maple."  
"I went to the Turk apartment to get the jewelry that I heard Mrs. Turk had," he said. "I waited for him to get to sleep, but Turk came into the room where I was hiding and we got to struggling. I told him I would shoot him if he didn't let me go. I fired once. I didn't mean to hit him in the stomach, but just to make him let me go. Then I ran out. I am not a murderer at heart. I did not want to use the gun."  
In his statement Brown philosophized, saying that women tempted hungry men to steal while they paraded about with jewels and furs. He made a plea for Mrs. Schmetz, saying that she merely told him where the Turk jewelry was. Brown declared that he never smoked nor used liquor. He has money and will use it for his defence. He said that while serving a term in Atlanta federal prison for impersonating an officer he was foreman over Debs, the socialist leader.  
Yesterday, Mrs. Ruth Garcia of Montreal identified Brown as a man who robbed her of valuable jewelry. Mrs. Schmetz has made a statement, according to the district attorney, in which she admits asking Brown to "fix" Mrs. Turk, whom she accused of going out with her husband.

Little Rock, Ark., Feb. 4.—The senate has passed, without a dissenting vote, a bill providing capital punishment for bank robbery. The bill gives juries the right to fix either life imprisonment or electrocution as a punishment.

## PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.  
Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, anti-septic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membranes, and relief comes instantly.  
It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

## MAKED NIGHT RIDERS TERRORIZE FARMERS

Bridgeport, Ala., Feb. 4.—Masked night riders with horses covered with white cloth descended upon a score of non-union farm renters last night and served notice that they "either join the tenants' union or leave your farms within ten days." They also called upon land owners and demanded that only union farmers be employed or given shelter.  
The demonstration, it is understood, was a result of differences arising between land owners and union tenants.
