LOCAL NEWS

PATRIOTIC FUND
Contributions for the Canadian Patriotic Fund have been received by C. B. Allan as follows: R. O'Brien \$25; Geo. Rathburn for May 22, Havelock, Kings county, per Miss Keith, \$4.35.

HAS SECURED LICENSE
Isaac Weber was fined \$100 in the police court this morning for acting as an auctioneer on May 8 without a license. Magistrate Ritchie said he would strike the fine but left it to the discretion of the common council to decide whether or not it should be collected as the defendant had procured a license on the following day.

DEATH OF SAMUEL BAYARD BAXTER
News of the death of Samuel Bayard Baxter of Lewis's End, Kings county, was brought to the city this morning and it will be learned with regret by many friends here. He was only twenty-three years of age, the son of Joseph and Mary Ann Baxter. He had not been in good health for the last two years but was seriously ill only since last Sunday. He passed away at six o'clock last evening. Mr. Baxter is survived by his parents, five sisters and two brothers. They are Eliza, Ada, Amy, Hettie, Olivia Arthur and John. His father, Edward, lost his life in the Crystal Stream disaster a few years ago. The funeral will be held on Saturday at one o'clock from St. Alban's church of England, Land's End, of which Mr. Baxter was a member. The bereaved family will have much sympathy in their great loss.

"CRAZY BILL" PUBLISHED
The Times has received a copy of "Crazy Bill" the song composed by Steve Matthews. The music was written by Roy Bond of the J. A. McDonald Music Co. and is a very stirring march. It will be remembered that Mr. Matthews sang his song at the Lyric Theatre recently at a patriotic concert, and it met with the universal approval of the large audience present. He also sang it at Halifax with tremendous success. It is the intention of Messrs. Matthews and Bond to have "Crazy Bill" orchestrated next week and set to band music. The song is on sale at all the leading music stores in the city and every patriotic citizen should have a copy. "Crazy Bill" deals with the war in seven verses and seven choruses and an author remarks that a person without "Crazy Bill" is like a soldier without ammunition."

LANCASTER LEAGUE
Further Plans For Baseball — Await Final Word From Firemen as To Grounds

The Lancaster Baseball League will hold another meeting early next week when final plans will be made for the season. The formal sanction of the firemen has not yet been received in regard to the use of the park, but that is looked upon as a certainty, the grounds not being used for any other purpose for several years.

It was hoped to open the season with a double header on May 24 but the teams are nearly all ordering new uniforms and may not be ready for so early a start. The grounds will have to be rolled and fixed up as in previous years, requiring three or four days' work, but the strong sun is drying up the ground nicely. It is planned to build a few seats for the spectators, if the funds will allow the expenditure.

Further encouragement has been given the boys in the shape of a catcher's mitt and mask for use of the league, each team sharing in the ownership and not one in particular.

Indication point to good sport in Fairville this summer and it is hoped the firemen will not delay their sanction and so impede preparations.

REV. GORDON DICKIE CHOSEN CHAIRMAN

At a meeting of the board of governors of the Maritime Home for Girls in Truro yesterday, the following officers were elected—Rev. Gordon Dickie, St. John, chairman; Rev. G. W. Glendinning, New Glasgow, secretary; J. O. Orrey, Halifax, treasurer. The executive committee composed of Bishop Richardson, Principal Cummings of Truro; Dr. Bond of Halifax; Miss Carmichael of New Glasgow.

There are now twenty-one girls in the Home and another building to accommodate fifteen to twenty more will be erected as soon as possible.

The institution is doing excellent work with its present limited facilities, but of those now there, even at that age, two have been before the supreme court, and the task of the staff of the Home is therefore not at all an easy one. Of the twenty-one girls now there two are from New Brunswick, three from P. E. Island and the rest from Nova Scotia.

PROGRAMME FOR EMPIRE DAY IN PROVINCE SCHOOLS

The suggested programme for this occasion prepared by the St. John Women's Canadian Club in the hands of the printers, and it is hoped a copy will reach every teacher in the province by Wednesday of next week.

It consists of an oration upon the extent, activities and glory of the British empire, to be read by an orator chosen from the school, by a visiting speaker or by the teacher.

This is interspersed with short poems suitable for recitation by the pupils, and appropriate to certain points of the text. It closes with a short reading on "The War," and several selected poems of an inspiring and patriotic character.

STREET RAILWAY WORK HELD UP

City Cannot Pave Market Square This Year

SOLUTION SUGGESTED

Company Can Lay Tracks if They Repair Street—One Mile House Connection up in the Air—Water Assessment For 1915 With One Reduction

Street railway matters occupied the attention of the common council at a special meeting at noon today. After some discussion of the cost of paving Market square, it was decided to let this work stand over until next year. As the plans for the new connection at the One Mile House provided for a level of fourteen inches above the roadway, this matter was held up also for an agreement with the company regarding the leveling of the road.

Water and sewerage rates for the present year, with but one change the same as last year, were approved.

The council was called to order at twelve o'clock with all members present.

Com. Potts submitted the road engineer's estimate for paving the northern half of Market Square. The estimate was for asphalt macadam with concrete rail sections, enlarging the grass plot on the northern side with a fourteen inch curb on that side, at a cost of \$7,467, and two new catch basins, costing \$200. The commissioner moved that the report be received and considered.

Mayor Frink said the only way to meet the cost would be to borrow the money, a bad piece of business, unless the commissioner would meet it out of his own pocket.

Com. Russell favored in amendment, seconded by Com. Wigmore, that the work be over until next year. Com. Potts concurred, but suggested that if the street railway company wished to proceed with the change in rails they might be allowed to do so at their own cost for any street repairs involved.

The assessment, as changed, carried.

Speaking of conditions on the One Mile House and Kane's Corner loop, Com. Potts said that while the street railway paid \$1,500 towards the cost, the city already had spent \$2,500 on the Marsh road and the total cost would be from \$6,000 to \$10,000. He submitted plans and profiles for the One Mile House corner, pointing out that the connections at one place these would be fourteen inches above the road level. He would not approve the resolution to allow the work to proceed unless the company would build the road to the same level. The matter was referred back.

Water Assessments

Com. Wigmore submitted the water assessment rates for 1915, no change being made except in minor charges. In the past one cent per 100 gallons was charged on all accounts using up to 200,000 gallons a quarter, above that one half cent. The new rate will allow the city a loss of revenue of \$4,000 a year, but he considered the present rate excessive.

Com. Potts asked if the household rate was not excessive.

Com. Wigmore said that they were lower than in almost any other city in Canada.

The rates were approved.

The application of S. McDermid for permission to erect an electric sign in King street was granted.

As Com. Potts and Com. Wigmore are to be out of the city next week, the mayor and Com. Russell respectively were authorized to act in their places.

The committee arose and reported and the council adjourned.

EDWARD SPEIGHT IS REPORTED MISSING

North End Man With First Connection—Had Come Through Battle of Neuve Chapelle Safely

Mrs. Ellen Speight of 622 Main street received the following telegram from Ottawa today:—
"Sincerely regret to inform you 22787 Private Edward Speight 14th Battalion, is officially reported missing. Further particulars when received will be sent you."

Private Speight wrote to his brother on April 10 from France, saying that he had been in the battle of Neuve Chapelle and came through safely. He went from St. John with the 12th Battalion and was transferred to the 14th, which apparently included quite a number of New Brunswick men. He is 25 years old and was employed in the Portland Rolling Mills. Besides his mother he has two brothers, James and William T. Speight and three sisters, Mrs. George D. Philmy, Mrs. Richard McLennan and Miss Annie Speight. His relatives and friends await with the deepest anxiety further news concerning him. It is hoped that he may be alive as a prisoner.
