SMART HATS FOR EARLY SPRING WEAR.

Fabric hats are again popular to bridge in between the times when the winter hat has become more or less shabby and the season is not far enough advanced for a real springlike affair. Silk models in various new shapes and colors are especially noticeable; trimmed with flowers, beads, ribbons, fancy pins and novel feather decorations. You will notice a cleverness and originality in decoration that is most important to smart millinery.

Some of the very smartest models are showing touches of celphane on satin, silk and other fabrics.

Poke shapes, turbans, toques, sailors and hats with rolling brims are in a very popular choice of new colors. You can see these things for yourself by calling at the M. R. A. Ltd., Millinery Salon any day you care to come.

Se spoke Lord Shaughnessy while the private car Killarney was being switched to a special train which left directly for

Montréal. Coming from such a keen observer of world affairs, and so shrewd a propagandist of world conditions, this statement has particular significance. Asked to express an opinion on the Montreal situation, Lord Shaughnessy said: "I am in favor of Germany paying, providing we do not ask too much."
