

LLOYD GEORGE ON HARDING MESSAGE

Welcomes Disarmament Proposal on Behalf of Empire—Relations With Far East Touched Upon.

London, July 11.—President Harding's message looking to the calling of an international conference on the limitation of armaments has been received with the utmost pleasure by Great Britain, Mr. Lloyd George declared in the house of commons today.

Speaking on the subject of the United States communication, the premier said: "I need not say that we welcome with the utmost pleasure President Harding's wise and courteous initiative."

The house cheered this statement and the premier added:

"In saying that, I speak for the empire as a whole."

The premier said China would be treated as an independent in the conference on Pacific affairs.

The premier continuing said:

"The world has been looking to the United States for such a lead. I am confident that the house will esteem it as an act of far seeing statesmanship and will wholeheartedly wish it success. No effort will be lacking to make it so on the part of the British Empire, which shares to the full the liberal and progressive spirit inspiring it."

Mr. Lloyd George began his statement by referring to the Anglo-Japanese treaty.

He said the Japanese government took the view that no notice of denunciation of the treaty had been given, and that this view was also held by Lord Curzon, the foreign minister.

"The matter was referred to the Lord Chancellor, the premier declared, who after a consultation with the law officers of the crown held that no notice had yet been given and that the treaty therefore remained in force until denounced."

"It was, however," Mr. Lloyd George said, "the desire of both parties that the agreement be brought into complete harmony with the covenant of the League of Nations."

"In Japan we have an old and proved ally. The agreement now of twenty years standing between us, has been of

very great benefit, not only to ourselves and her, but to the peace of the Far East. In China we have a very numerous people of great potentialities who esteem our friendship highly, and whose interests we desire to assist and advance." (This statement of the prime minister elicited cheers from the house.)

"In the United States we see today, as we have always seen, the people closest to our own aims and ideals," the prime minister continued, "and with whom it is for us not only a desire and an interest, but a deeply rooted instinct, to consult and co-operate."

There was renewed cheering from the house at this point. Mr. Lloyd George went on:

"These were the main considerations in our minds and upon them we were unanimous. The object of our discussions was to find a method of combining all these three factors in a policy that would remove the danger of a heavy naval expenditure in the Pacific with all the evils that such expenditure would entail and that would ensure the development of all legitimate national interests in the Far East."

"We had first to ascertain our exact position in regard to the Anglo-Japanese agreement. There had been much doubt as to whether the notification to the League of Nations last July constituted denunciation of the agreement in the sense of Clause VI. If it did it would be necessary to decide on some interim measures regarding the agreement, pending fuller discussion with the Pacific powers, and negotiations with this object in view were, in point of fact, already in progress."

"If, on the other hand, it did not, the agreement would remain in force until it was denounced either by Japan or ourselves and would not be exactly determined until twelve months from the date on which notice of denunciation was given."

General Agreement.

"A broader discussion of the Far Eastern and Pacific policy to which we then turned showed a general agreement on the main lines of the course which the imperial cabinet desires to pursue."

I have already explained that the first principle of our policy was friendly co-operation with the United States. We are all convinced that upon this, more than any single factor, depends the peace and well-being of the world."

"We also desire, as I have stated, to maintain our close friendship and co-operation with Japan. The greatest merit of that most valuable friendship is that it harmonizes the influences and activities of the two greatest Asiatic powers and thus constitutes an essential safeguard to the well-being of the British Empire and the peace of the East."

"We also aim at preserving the open door in China and at giving the Chinese people every opportunity for peaceful development."

In addition to these considerations we desire to safeguard our own vital interests in the Pacific and preclude any competition in naval armaments between the Pacific powers."

"All the representatives of the empire agreed that our standpoint on these questions should be communicated with complete frankness to the United States, Japan and China with the object of securing an exchange of views which might lead to more formal discussions and a conference last week with the United States and Japanese ambassadors and the Chinese minister, in which he communicated to them the views of the imperial cabinet and asked in turn for the views of the British government. He expressed at these conversations the very strong hope that this exchange of views might, if the government shared our desire in that respect, pave the way to conferences on the problems of the Pacific and the Far East."

\$4,593,933,000 PAID IN INTERNAL TAXES

Of Federal Total for Fiscal Year in U. S. \$2,127,130,000 Was in Income and Profit Taxes.

Washington, July 12.—The total of Internal Revenue taxes paid during the fiscal year 1921 was \$4,593,933,000, according to announcement made by the Treasury Department.

From income and profits taxes alone, including the third and fourth installments of the 1920 incomes, the Government received \$3,212,713,499.05, and from miscellaneous taxes, \$1,381,219,500.95. These figures are based on telegrams received from collectors as of June 30, and some slight changes in the final figures are possible.

New York paid nearly one-fourth of the total taxes—that is, \$1,124,251,706.21. Of this amount \$803,255,004.07 was paid in income and excess profits taxes.

NUXATED IRON

Helps make rich, red blood and revitalizes weak nerves

HOW TO MAKE MONEY TODAY

Men Who Lack Bodily and Mental Vigor, Who Are NERVOUS, Irritable and Easily Fatigued, Should Not Fail to Read This. It's Not the Smartest Man Who Always Makes the Most Money.

A New York newspaper in a very able editorial, says that it isn't the gold case, the fancy chain or the jewels in a watch that make it go, but that it is the MAIN SPRING. With man it is the same as with a watch—without the MAIN SPRING you cannot go ahead.

With it nothing can keep you back. It is plenty of iron in the blood that helps put the iron-will, the iron-determination, the "go ahead" in the main spring of success and money-making in man. "Men of blood and iron" have been the rulers of the world since the beginning of every age. Without iron, your blood loses its power to change food into living cells and tissue and you are left in a state of nervous prostration not only does your proper amount of food—does you not get the strength out of it, and therefore you become weakened both in body and mind. There are 30,000,000,000,000 red blood corpuscles in your blood and each one must have iron.

When you find yourself nervous, weak, irritable and easily upset, do not wait until you go all to pieces and collapse in a state of nervous prostration but take some organic iron like Nuxated Iron at once to help enrich your blood and revitalize your worn-out exhausted nerves.

Nuxated Iron is like the iron in spinach, lentils and apples. It is so prepared that it is ready for almost immediate absorption and assimilation by the blood, while some physicians claim that metallic iron, which people usually take, is not absorbed at all. Nuxated Iron often increases the bodily and mental vigor in two weeks' time.

Beware of substitutes. Look for the word "Nuxated" on every package and the letters N. I. on every tablet.

A safe, certain method for ridding the skin of ugly, hairy growths is as follows: Mix a paste of tooth powder and water, apply to hairy surface about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment it is advisable to see that you get genuine delecton. Mix fresh as wanted.

MUCH SMUGGLED RUM IS FOUND

(Canadian Press Despatch)

Gloucester, N. S., July 11.—Forty-five cases of St. Pierre rum valued at \$15,000, said to have been taken aboard an unidentified schooner, at South Head, Cape Breton, on Saturday last, are now safely aboard the revenue cutter Restless off Port Morien, under the charge of customs officers. Residents of South Head who are alleged to have seen the rum runner landing his cargo, discovered the forty-five cases concealed in bushes near the shore. It is said that three truck loads had been taken away before the liquor was found.

KETEPEC AND MORNA OUTING ASSOCIATION

At an open-air meeting last evening at Ketepec by over one hundred people of both sexes, it was practically decided to go ahead with the formation of an outing association, along the lines of those already in existence at Grand Bay, Westfield, and other places. No definite steps were taken last night, but a committee composed of three representatives each from Ketepec, Morna and Delmont was appointed to investigate what means must first be taken and
