THREE MEN KILLED EIGHT INJURED

BY THE PREMATURE EXPLOSION OF DYNAMITE

Gold Found Near North Battleford—Railway Employee Electrocuted in Roundhouse at Hamilton.

Quebec, Nov. 7.—Three men are dead and eight are injured, one rather seriously, as a result of a premature discharge of dynamite at Lataque. The victims are all Italians, working on construction of the eastern division of the Grand Trunk Pacific.

Hamilton, Ont., Nov. 7.—John Goldard, while helping a fellow workman to adjust an arc light in the Grand Trunk roundhouse last night, came in contact with a live wire and was electrocuted.

Toronto, Nov. 7.—Counsel for Charles McGill, former general manager of the Ontario Bank, to-day applied for his release on \$25,000 bail. The magistrate refused to take the responsibility on his shoulders, and refused it.

Charlottetown, N. E. I., Nov. 7.—A Norwegian borque bound for Campbellton, N. B., is ashore at Black Bush, on the north side of Prince Edward Island, about fifteen miles west of Tasi Point, and supposed to be a total wreck. The fate of the crew is unknown.

North Battleford, Nov. 7.—Gold in what appears to be immense quantities has been discovered at Purling, a tank station on the Canadian Northern Railway, 42 miles west of here. The discovery was made by an old prospector named Hughes. Hughes sent samples of dirt taken at random over a square mile of territory to the assaying office at Ottawa. The report came back Tuesday that it had assayed 449 of the precious stuff to a ton. According to Hughes the vein extends for ten miles and is over a mile wide. It lies in what is thought to be the bed of an ancient river. The precious metal is found in a soft shale which can be panned like the rock here about ten feet below the surface. Hughes has been prospecting about the country for some time. When the assayers report came he told several friends of the find. He has taken out several claims and is busy at work washing the dirt. Many citizens of this town are packing camping outfits preparing to rush to the scene to-morrow.

Montreal, Nov. 7.—The Conservative convention to-night unanimously chose Frank J. Curran as candidate for the vacant seat in the House of Commons for Saint Ann's division of Montreal.

Ottawa, Nov. 7.—A bazaar in aid of the Protestant hospital was opened to-night by Countess Grey. There was a large attendance. Lady Grey was accompanied by her daughters, Ladies Sobell and Evelyn Grey, and her daughter-in-law, Lady Howick.

Hamilton, Ont., Nov. 7.—There were no developments in the street railway strike to-day, except that the company stated it would be prepared to operate the city system shortly. One hundred men have been engaged, and advertisements appear in the newspapers for more.

St. John's, Nfld., Nov. 6.—Rev. John Marsh, aged forty-two, rector of the Catholic cathedral of Grand Harbor, was consecrated there yesterday into Bishop of Grace diocese, succeeding Bishop McDonald, recently resigned owing to ill-health after twenty-five years in the episcopate. Archbishop Howick of St. John's presided. Rev. Archbishops McDonald and McNell, of St. George's, assisting. Bishop McDonald also received the insignia creating him titular archbishop of Gortyna, an honorary dignity conferred by the Pope upon his retirement.

Saskatoon, Sask., Nov. 6.—Word has just been received from the city of a bad fire about thirty-five miles west of here, by which some twenty-five square miles were swept almost clear. The construction camp of D. Bryson, contractor on the C. P. R., was struck by a sweeping fire. The loss will run up to the neighborhood of \$2,000.

Police Commissioners. Board Met Yesterday Afternoon and Transacted Usual Routine. The police commissioners held a short meeting yesterday afternoon to transact the regular routine business of the board. There were present, the Mayor, Commissioners Douglas and Mable, Chief of Police Langley and Clerk King.

firemen were not indemnified in the same manner. His Wrensch said that while he agreed that the firemen should either be provided with uniforms or recompensed for the loss of their clothes, the matter was out of their jurisdiction, and should not have any bearing on the application before the board. As far as he knew the firemen would receive uniforms as soon as the city could provide them.

The request was granted, and Constable Fry will be fully compensated. The chief notified the board that he was pleased to report the recovery of Detective Sergeant Palmer, who had been confined to the Jubilee hospital for several weeks with typhoid fever. The clerk was instructed to write Mr. Palmer a letter conveying the congratulations of the board.

This was all before the commissioners, who adjourned at 4 o'clock.

FROM ATLANTIC TO PACIFIC. E. H. Harriman Secures Control of Line Across the Continent.

New York, Nov. 7.—By the election today of J. T. Harahan, president of the Illinois Central Railroad Company to succeed Stuyvesant Fish, E. H. Harriman has at last, it is believed, realized the fulfillment of his desire to control a line from the Atlantic to the Pacific. Until within a few months the Illinois Central was the only link missing to complete a line of track from New York to San Francisco and Portland, Ore., from the Great Lakes to the Gulf of Mexico, and from the Gulf to the Pacific. By the purchase of a block of 40,000 shares of that company, which was sold by the Pennsylvania Railroad Company.

This would give Mr. Harriman a route from Chicago and St. Louis to Baltimore and New York. To complete the ambitious proposition for a continuous line from ocean to ocean it was necessary only to connect the western terminals of the Baltimore and Ohio with the eastern terminals of the New Orleans and Southern Pacific. Taken together, this system, if unified, puts under one control more than 23,000 miles of track, capitalized at more than \$1,700,000,000.

Members of the Council.—As your delegate to the Vancouver labor convention I have to report that as the result of the convention the Canadian Labor Party of British Columbia has been successfully formed, and is now in active existence, and that in spite of a movement adroitly manoeuvred with the intention of strangling the labor party at its birth.

You are aware that the Canadian Trades and Labor Congress of delegates from all Canada at the Victoria meeting, carefully and earnestly discussed the importance Mr. Gray submitted his report. This was greeted with enthusiasm, and was carried almost unanimously, only one dissentient voice being heard.

GRAND TRUNK CHOOSES THE YELLOWED PASS

(Special to the Times.) Ottawa, Nov. 7.—The Grand Trunk Pacific has decided upon the Yellowed Pass as the one which it is to use to reach the Pacific Coast.

ATTEMPT TO CRUSH THE NEW LABOR PARTY President Gray Makes Strong Comment on Work of Socialists at Vancouver Convention.

(From Thursday's Daily.) President Gray, of the Trades and Labor Council, at the regular meeting of that body last night, presented a lengthy report on the results of the meeting recently held in Vancouver to form a labor party. In this report he clearly indicated that the Labor element and Socialists are distinct, and the latter made a deliberate and determined attempt to deprive the infant Labor party of its life.

Before this report was taken up some routine business was disposed of. Credentials were received from two newly organized unions, from Messrs. W. Tyson and H. Randolph, representing the Barkeepers' Union, and from Messrs. F. W. Gault and George Hampson of the Cooks and Waiters' Union. The executive reported that they had advised the drydock laborers to lay their grievances of delayed pay days before Ralph Smith, M. P., who is at present visiting the district.

After some further business of minor importance Mr. Gray submitted his report. This was greeted with enthusiasm, and was carried almost unanimously, only one dissentient voice being heard.

the chief on a charge of insubordination. The mayor then appointed Police Sergeant W. J. Hayes, acting chief. The patrolman announced that they would receive orders only from Chief O'Haver. Mayor Malone visited several polling places and suspended more than 50 policemen. Vice Mayor Walsh and two fire and police commissioners held a meeting and passed a resolution reinstating O'Haver. The election was quiet and orderly.

DYNAMITE OUTRAGE. Wheeling, W. Va., Nov. 6.—An attempt was made to-day to wreck the tippie of the Elmgrove coal works, six miles east of here. A stick of dynamite was placed in the stove in the scale house directly under the tippie. Shortly after a fire was kindled in the stove there was a terrific explosion. The scale house was blown to pieces and the under-pinning of the tippie was wrecked. The man who kindled the fire fortunately had left before the heat reached the dynamite, and no one was hurt. The company is the only one in this sub-district who has not signed the compromise scale settling the recent coal strike, and on Monday it started shipping coal with non-union men.

WAGES OF SWITCHMEN. Chicago, Nov. 7.—The Switchmen's Union to-day declined the proposition made by the managers of the railways entering Chicago to arbitrate the demands of the men for an increase in wages of 10 cents an hour. The railroads' managers then offered the men an increase of 3 cents an hour and proposed arbitration of the question whether the men should receive the 10 cent increase. The questions at issue are now under consideration with the prospects that there will be no strike.

pared to go a considerable way in that direction. The Mail considers the result as an evidence of growing exasperation against trusts and their tactics, while the Chronicle in a similar vein says: "Americans, if they are wise, will read the true moral, not in the majority against Hart, but in the huge majority for him."

The Standard and the Tribune say the result is a serious blow for the president, while the Mail says it is an unquestionable victory for him. The Telegraph says the president will find little cause for self congratulation in the result, while the Post is of the opinion that he turned the scale at the critical moment in what it calls the "cause of decency."

SHOWER OF METEORS. New York, Nov. 5.—Remarkable stories of a meteoric shower at sea last Tuesday were brought into port yesterday by the Phoenix liner St. Andrew and the Hamburg-American liner Brazilia. One of the meteors which struck the water less than a mile from the St. Andrew is described by the first mate, V. Spencer, as being 15 feet in diameter. "The first meteor was seen on the afternoon of October 30th," Spencer said. "The ship was then about 60 miles northeast of Cape Race. I was standing on the bridge when suddenly an enormous fiery ball dropped dead ahead. Just afterwards three others fell. The meteors travelled so rapidly that they seemed only streaks of fire to a height of 40 feet. If one had hit the ship she would have gone straight to the bottom."

Capt. Ross, of the Brazilia, reported seeing a meteor at 7 o'clock on same waters on October 7th.

Washington, Nov. 5.—The Supreme court of the United States affirmed the decision of the court of claims in the case of Daniel Redbird, the Cherokee Nation and others versus the United States, known as "The White Man's Case." The cases involved the long pending claims of 2,000 or 3,000 white persons to participate in the distribution of the lands and the funds of the Cherokee Nation because of marriage with members of the tribe. There are over four million acres of land, and the tribal funds are extensive. The decision was favorable to the Indians, who strenuously resisted the claim, contending that they had never been re-

SCALP DISEASES. Eczema, Ulcers and Skin Diseases. Don't you believe in nature? Don't you think that skin and blood diseases such as the above, can best be cured by applying nature's own herbal extracts? From Bible times the "herbs of the field" have been commended to mankind for this purpose. Zam-Buk is a combination of the finest medicinal herbal essences, concentrated, purified, and rendered highly antiseptic. Zam-Buk eases pain, stops suppuration, and heals all sores and skin diseases. A natural herbal balm, operating in nature's own way. Note well following cases. PROOF OF ZAM-BUK'S POWER. Mr. Montague Jones, of Tavistock, Ont., says: "About four years ago sores started to break out on my skin. I used salves to check them, but to no effect. I then burned them with Iodine, and that took them away for a time, but only for a time, and they caused me great pain. Sores then started to break out on my head. I went to the doctor, who told me that it was scalp eczema and that I should need to give it very careful attention. He gave me some salve which I rubbed on, but notwithstanding all my care I continued to get worse. I then tried several advertised remedies, but to the same end. One day I read a report about Zam-Buk, and I thought that what it had done for other people I could do for me, so sent for a sample box. The result: of the use of so small a quantity was so satisfactory that I at once obtained a full supply. I also obtained a few boxes of Bileans for internal use. Within a very short time there was a marked improvement. I applied Zam-Buk in accordance with the directions and very soon the scales were all gone and the sores completely healed. They show no trace of returning, and I feel that I am cured to stay cured."
