RATED HIS 93rd BIRTHDAY.

Bayard is in Good Health

is Warmly Congratulated

Yesterday

William Bayard yesterday com- in ninety-third year. The health is still good and he can enjoy any day driving around

and to his patients. He re- ceives congratulations yester- day for his continued good health and wishes for many more years.

WILLIAM BAYARD.

Bayard received his degree of M. A. from the University of Edinburgh and has thus completed thirty years of active service. The amount of Dr. Bayard's devotion to the benefit of the St. John Hospital is not to his enterprise and un- der the leadership of the oldest of the citizens can be ranked as one of the most medical men and citi- zens of the city.

Daily Grind on the Nerves

Business and workshop, office work, and in the home, too, being worn out by the wear and tear of un- necessary summer time especially is heavy to bear, and with- out opportunity for rest or recrea- tion a victim falls by the way, nervous exhaustion, heart physical decline.

SAFELY OVER CHASM.

ND. Pa., Aug. 21.—A Lehig- er which left this city at eight on route for Hazelton and by a mine cave at Japan four miles east of here, an sliding, as the car moved, that his car was running him although there had been a look for the car ahead of him a deep fissure was going to fast to stop, drew out his lever, added the weight of the motors to the car.

JEROME DECLARES WAR AGAINST TAMMANY HALL

Would Not Accept Support of Men of Chas. F. Murphy's Type—"Birds of a Feather Flock Together," He Said, when Referring to Murphy and William R. Hearst.

NEW YORK, Aug. 21.—A statement by Chas. F. Murphy today that he found no sentiment in Tammany Hall for District Attorney Jerome as a prospective nominee of the Democratic party for governor, but that on the contrary, he found plenty of sentiment for Wm. Randolph Hearst, brought a quick response from Mr. Jerome tonight. Mr. Murphy in his interview declared that Tammany delegation to Buffalo undoubtedly would be bound by the unit rule and that Tammany delegates usually were guided by the sentiment of the organization.

seeking the nomination of a political party by advancing dollars and not ideas, and by methods akin to those of the blackmailer, no thinking man could doubt where Murphy could be found. "I should fear I had lost all my ideas if I found men of this type supporting me, except under absolute compulsion. "If I ever come to have any influence in the Democratic party it will be used to drive out of it bases of support of this type. "The fight is to free the parties from just such men as Murphy. To deprive them of their control, of the executive machinery, and to restore to the dis- charge of functions for which it was created, viz: the effective expression of the will of the people who compose the party."

BOSTON AGAIN SUFFERING FROM HEAT

Yesterday Was One of the Warmest Days of the Year—Thermometer Was 110 in the Shade.

BOSTON, Aug. 19.—Another exceedingly hot Sunday, was added today to the many already experienced in New England this season, tempting city people to seashore and mountain resorts, but the crowds could not wholly escape the heat. In Boston it was one of the hottest days of the year, though officials of the weather bureau at the top of the post office building said there had been days one or two degrees warmer. The official thermometer registered 92 degrees. Reliable instruments on Washington street recorded 110 degrees in the sun. It being a holiday, allowing people to rest from their work in the city, there were few prostrations.

WARD H. PATTERSON TEACHING IN CALGARY.

Ward H. Patterson, of the Rothesay Collegiate Institute, N. B., was appointed to the position of mathematical and science master in the high school, made vacant by the resignation of Inspector Smith.

MINISTER OF RAILWAYS VISITING THE ISLAND.

CHARLOTTETOWN, P. E. I., Aug. 21.—Hon. H. R. Emmerson, minister of railways, Deputy Minister Butler and other officials, arrived here tonight and will remain on the island till Saturday. On Thursday the minister will visit Montserrat, where he will attend a meeting of the Kings County Liberal Association. In an interview he said he hoped to add materially to the earning power of the I. C. R. and branches by the establishment of a motor car service on the short Branch Line. Mr. Emmerson has left for Europe to negotiate respecting the purchase of these cars in France.

NOT SKEPTICAL. "Do you believe that Samson lost his strength by having his hair cut?" asked the non-believer. "I have no reason to doubt it," replied the practical man. "A talkative barber always makes me tired."

EMPEROR WILLIAM MAY VISIT CANADA

Told a New York Man that He Was Very Anxious to Come out and Visit the Folks on this Continent

LONDON, Aug. 19.—Emperor William of Germany has a very strong desire to visit America, and it is possible that he may see his way to do it moderately soon. He frankly talked of his longing to cross the Atlantic to Hermann, Rider of New York, who a few days ago had the pleasure and honor of being received by him. There are two things that stimulate the Kaiser's longing. The one is political and the other personal. The political consideration that moves him is his anxiety to cultivate as much as possible friendly relations between his country and America. He seems to think that if he should spend a little time in the United States he would demonstrate his good feeling for that country and no doubt bring about an improvement in American regard for Germany.

WARD H. PATTERSON CAUGHT A SHARK; BATHERS AFRAID.

NEW YORK, Aug. 20.—The people bathing at Seaside, Rockaway, on the Long Beach, are frightened since the talk about the great number of sharks and sea serpents that had been seen there. The story came true yesterday, and a sharp lookout was placed and efforts made to catch one, and yesterday one was caught by one of the hotel keepers, near the Iron Pier. His shouts were heard by the life savers and different men on the pier who were fishing, and among those that went to his aid was Edmond Goldman, of 279 Seventh street and Sigmund Gottlieb of 57 Pitt street, this city, who were fishing on the pier at the time, and also a large crowd of people aided with the life savers, and they had quite a hard job to bring the shark ashore, which weighed a couple of hundred pounds, and it was brought ashore not until a few shots were fired into it and two were broken. The bathers got frightened and left the water. Rumors were frequent all summer about sharks being seen near the Iron Pier, but this is the first one caught. Owners of the bathing establishments, and the hotel keepers tried to keep the matter quiet for fear that people might not go in bathing.

MR. HYMAN MUCH INTERESTED IN ST. JOHN

OTTAWA, Ont., Aug. 21.—Hon. Charles Hyman, minister of public works, will probably visit St. John some time in September. Mr. Hyman, who is now on holidays, is greatly interested in the development of St. John as a port for winter shipping. He wants to see not only what is being done at St. John in the way of improvement, but also what will need to be done for the further development of the port.

FAMINE THREATENS PEOPLE OF VALPARAISO

The Foreign Residential Section, Abtao Street on Concepcion Hill.

VALPARAISO, Aug. 21.—The loss of life by the earthquake of Thursday, August 16, probably will not be short of 4,000, while the property destroyed is estimated at \$200,000,000 and possibly far in excess of that sum. Order is being maintained with the utmost severity by the military, police and armed citizens patrol, who are empowered to shoot looters on the spot. The authorities are showing the utmost energy in the protection of property.

Sotomayor Square on the Water Front.

NEW YORK, Aug. 21.—Two dispatches received today at the office of the Presbyterian Board of Foreign Missions, from representatives of the board of Chile. One dated Valparaiso, was as follows: "Buildings destroyed; missionaries safe." The other came from Santiago. It was as follows: "Buildings and missions safe." The board has extensive interests in Santiago, including a large school. VALPARAISO, Aug. 21.—The greatest damage occurred in the provinces of Valparaiso and Aconcagua. The town of Abarca suffered severely. Lissal is reported to have entirely disappeared, and Limache and Hierro Viejo have been almost totally wrecked. At Vina Del Mar the quarters of the houses are in ruins.

DRUG CONCERNS IN LEGAL MIXUP.

An interesting case which is occupying the attention of the equity court at the present time is a suit brought by the Canadian Drug Co. against the National Drug and Chemical Co., claiming that the defendant company had been making use of their name and that the National Co. had given orders at the post office, including the post office in St. John, to get the mail consigned to the office addressed to the Canadian Drug Co.

CONSERVATIVES OFFER TO SUPPORT FIELDING.

LIVERPOOL, N. S., Aug. 21.—The leading Conservatives all over the constituency of Queens and Shelburne are signing a petition to Hon. W. R. Fielding, asking him to continue to be their representative and not only pledging their support but also to secure his return and election by acclamation.

SEVERAL BUILDINGS DESTROYED BY FOREST FIRES NEAR HAVELOCK

Rain Fell Up River and in Northern Part of the Province Last Night. Doing Great Good—Barn Destroyed Near Harcourt.

HAVELOCK, Aug. 21.—This section of New Brunswick is literally drying up. Last summer was a dry one, but this is the driest that was ever known here. Forest fires are raging on all sides, and having wiped up the woods are approaching the settlements and destroying fences, crops and farm buildings. On Sunday morning all the buildings and valuables belonging to Henry Morton of Morton road, at the upper end of Upper Ridge, were reduced to ashes, the inmates of the house just getting out with their lives. The fire starting at or near Canaan road last week has worked its way through to Hicks Settlement and threatens to wipe it out of existence. The fire in Salsburg has crossed the Salmon road and is making for Springfield and the farms along Canaan road. The fire at White Mountain is still raging in that vicinity. There is little or nothing left in the fire's wake, even the soil being consumed. The air is hot, smoky and filled with cinders. Last night and today people have been fighting the fire at Creek road, and to-

night people are out there fighting fire and at Hicksville and Canaan road. At Corn Ridge the drought is worse than any predecessor. The farmers are turning their cows into their grain fields in many instances as the best means of getting the milk. At the cheese factory the milk last week fell off 200 per cent over the week. The fire at Harcourt, N. B., Aug. 21.—Yesterday afternoon James McArthur's barn was destroyed by forest fires, and many buildings narrowly escaped. In several places the railway sleepers caught fire. FREDERICTON, N. B., Aug. 21.—A heavy rain storm accompanied by thunder and lightning, passed over the city between five and six. The fires in this vicinity must have been well drenched out. CHATHAM, N. B., Aug. 21.—A heavy thunder storm, accompanied by hail, passed over the town this evening about seven o'clock and has had a good effect on the fires, extinguishing some and preventing further spread.

SERIOUS FIRE AT HAILEYBURY, ONT.

Chief Portion of Business Section of the Town Wiped Out—Several Private Houses Burned.

HAILEYBURY, Ont., Aug. 21.—By fire which broke out in a store near the post office last evening, almost the entire business portion of this town was wiped out. The damage is estimated at \$100,000, of which nearly two-thirds is covered by insurance. It was well after midnight when the first flames were noticed issuing from the butcher shop on Main street, about two blocks above the harbor. An alarm was at once given and the fire brigade, supplemented by the exertions of many hundreds of citizens, at once began to fight the flames. Owing to the extreme heat of the past couple of months the buildings, which are nearly all frame, were as dry as tinder, and it was not long before the flames rapidly spread along Main street, soon reached an inter-section of Farrar street and thence to radiate north and west.

1,000 DELEGATES BRITISH MEDICAL ASSOCIATION

TORONTO, Aug. 21.—The 74th annual meeting of the British Medical Association was opened in University Convention Hall this afternoon at two o'clock with seven hundred delegates in attendance. It is expected the total attendance will be 1,000. The attendees walked in procession to the hall, where the retiring president, Dr. Geo. Cooper Franklin of London, delivered his valedictory. The induction of the new president, Dr. Reeve of Toronto, followed. The Canadian and provincial welcome was delivered by Lt. Gov. Clark, while Mayor Coatsworth presented that of Toronto. Irving Cameron that of local reception committee, President McPherson for the Canadian Medical Association. Dr. Reeve was then delivered the presidential address. The retiring president and Sir Victor Horsley were elected life vice-presidents of the association.

FIRES UNDER CONTROL.

BANGOR, Me., Aug. 21.—No new forest fires are reported in the Penobscot region, and all information received today is to the effect that fires previously reported are under control.

MEN DANCED WHILE SHIP WAS ASHORE

Captain of H. M. S. Dominion had All Hands Piped on Deck and Ordered Band to Play

QUEBEC, Aug. 21.—It was about 4.30 on Thursday last that H. M. S. Prince Edward Island. The navigating officer mistook a light, which proved to have been caused by a bush fire on one of the Souris range lights. The ship struck two obstacles, over which she passed, and grounded on the third. The shock was very heavy, so much so that Mrs. Kingsmill, the captain's wife, who had boarded the vessel at Halifax, was prostrated and had to be attended by the ship's doctor. The provisions on board were ordered to be piped all hands on deck, the men with heavy bags containing their kits. For the double purpose of avoiding a panic and of assisting the ship off, the Dominion's band was ordered to play a jig, and all hands danced to it, the effect being to jig the vessel off the rock with the assistance of her engines. As some of the four compartments were making water, the ship's pumps were at once set at work, and it was found that even when floated they were able to keep well ahead of the leakage, which it is reported is at the rate of sixty thousand gallons an hour. An attempt was made to send down divers, but this was found to be impossible, owing to the tide. Most of the provisions on board were destroyed by salt water, and canned goods were served out until the ship's arrival here.

DRY WILSON INSPECTS OMAHA PACKING PLANTS.

OMAHA, Neb., Aug. 21.—Secretary Wilson, of the Department of Agriculture, returned to the city late last night and without uttering a word of criticism or disclosing his identity early this morning drove alone to the packing plants in South Omaha. After a short inspection of several of the plants, the secretary returned to the city saying: "I have inspected all the packing plants and found them in good condition. I will go from Omaha to Minneapolis."

AMOTHER NEGRO LYNCHED.

TAMPA, Fla., Aug. 21.—While the Folk county authorities were bringing Will Lawrence, a negro, to Tampa last night, to prevent his being lynched, an infuriated mob at Mulberry, also in Folk county, hung John Bapes, a negro, and riddled his body with bullets. Bapes attempted to kill Captain Hughes, a prominent white citizen. Lawrence was charged with an attempted criminal assault on a young white woman.

KNOW HIS BOOK.

"Under what circumstances," asked the chief examiner, "would you call in a doctor?" "When I don't want the patient to die on my own hands," promptly answered the medical student.
