One Barrel of Flour Instead of Two

YES, in the old way there was one kind of flour for bread and another for pastry. Now, OGILVIE'S ROYAL HOUSEHOLD FLOUR is an all around flour. It makes not only the very best bread but also the very best cakes, pies, biscuits, rolls, muffins, pop-overs, pancakes, dumplings, anything that you want to make or bake from flour.

"ROYAL HOUSEHOLD" saves money and trouble. Instead of having two barrels of flour in the house you can get along much better with one. And you can be certain that it is always uniform—will always come out right whether for Bread or Pastry.

ROYAL HOUSEHOLD FLOUR makes better bread and better pastry than any other flour because it is better flour—made from the finest grade of wheat in the world, Manitoba Red Fyfe wheat, and milled by the

very finest machinery, in mills that are a model of cleanliness.

"ROYAL HOUSEHOLD" costs a trifle more by the barrel than ordinary flour but this trifle extra proves real economy when the loaves are counted. For "ROYAL HOUSEHOLD" goes farther than ordinary flour—farther in actual quantity of baked product.

Even if "ROYAL HOUSEHOLD" cost a great deal more than ordinary flour it would be well worth it for it is more nourishing.

You can't afford to buy impoverished flour at any price. You can't afford to skimp on health when you buy flour just because it costs less than "ROYAL HOUSEHOLD".

"Ogilvie's Book for a Cook" sent free to any woman who will send in her name and address to
