John C. Chesley, agent of the Marine and Fisheries Department, return ed yesterday after an absence of abo week in Montreal and Ottawa, when he had a conference with Hon. J. D. Hazen, Minister of Marine and Fisheries, official of the Public Works Deeries, omeial of the Fublic Works Department, and the Imperial Transportation Commission. Mr. Chesley said there was no doubt there would be more shipping through the port of more shipping through the port of past the Department of Marine and St. John this winter than ever before.

The following despatch came from Ottawa yesterday:

Ottawa, Sept. 28—For some time popular, efficient officer at its head, the 88th will be one of the finest of New Brunswick's regiments.

With the 64th Battalion at Sussex With the 64th Battalion at Sussex Strength. will be sufficient to meet every requirement. The Public Works Department has arranged to build a shed 200 feet in length to the west of shed No. 15 and also a shed at berth 14 about 220 by 90 feet and four feet higher than the present sheds. At No. 7 a shed 155 feet by 70 feet is to be erected, and these sheds will give about 600 feet additional accommodation. The work is to be put in ham at once, and will probably be commenced within a week, and plans and specifications are now being prepared.

The magnitude of the new work to calculate the done at Sand Point for the purpose of increasing the shipping facilities will be much larger than at first expected. However, the same of the same of the shipping facilities are to be placed in position that the same of the

George W. Fowler, M. P., who returned from Ottawa yesterday, said he understood the work here would be started at once. He expected that Hon, Mr. Hazen and Hon, Mr. Rogers would both visit St. John next week. The following despatch came from Ottawa yesterday:

more shipping through the port of St. John this winter than ever before. The vessels coming to port would all the port would be taxed to the utmost to accommodate the vessels. Hon. Mr. Hazen has arranged to have large increases in the shipping facilities here made in order to handle the traffic. The dredging is to commence immediately in the harbor, and docks 7, 14, 15 and 16 are to be dredged to a depth of 32 feet at extreme low tide, which will be sufficient to meet every requirement. The Public Works Depart. most to accommodate the vessels. Hon.

Mr. Hazen has arranged to have large seas. Since his return to Ottawa last increases in the shipping facilities here made in order to handle the traffic.
