### FORMER ST. JOHN BOY.

A former St. John man, Arthur M. Irvine, son of the late John E. Irvine, has been promoted to the important position of general agent of the Hudson's Bay Company at Montreal. The

### Montreal Gazette, in announcing the promotion, says:

The appointment of A. M. Irvine as general agent of the Hudson's Bay Company in Montreal was announced on Monday. Mr. Irvine has been in charge of the Montreal section of the company's export department since October, 1918, which he will continue to supervise in addition to performing other duties assigned to him by the Canadian executive.

Mr. Irvine's appointment is made at a time when there have been some rumors as to the possible removal of the head office of the Hudson's Bay Company from Winnipeg to Montreal. Nothing definite on this subject was forthcoming Monday, but should this change be made, the promotion given to Mr. Irvine would be all the more weighty.

Outside his business calls, Mr. Irvine has given much time and attention to the work of the Boys' Naval Brigade of the Navy League of Canada, of which he is chairman of the executive committee.

## Police Court Cases Yesterday

Hilda Trites Charged With Obtaining Fur Stole Under False Pretenses and Passing Worthless Cheque—Charles Harrington Heavily Fined.

In the Police Court yesterday morning Hilda Trites was charged with obtaining a fur stole valued at \$42 by false pretenses from Samuel Cohen, and also with passing a worthless cheque by pretending to be the wife of S. W. Bradshaw. She was remanded.

Charles Harrington was fined \$8 or two months in jail for being drunk, \$16 or four months in jail for using bad language, and \$80 or ten months in jail for interfering with the police, making a total of \$104 for his escapades of Monday evening.

At the afternoon session the case of Stein Bros., charged with selling adulterated cattle food, was stood over for one week owing to the absence of the principal defendant.

Three drunks, previously remanded, appeared before His Honor and were fined \$8 or two months each. One of the prisoners complained that the jail was no place for a sick man with rheumatism. The judge informed him that he was charged with "rumatism," not rheumatism.

John Gibson, charged with loitering around the Union Depot and not being able to give a satisfactory account of himself, was again remanded. Gibson originally gave his name as Smith and said he was from Halifax.

## OBITUARY

Warren W. Ward.

Many friends will regret to learn of the death of Pte. Wellsey Warren Ward, aged sixteen years and four months, son of Mr. and Mrs. Clarence E. Ward, of Moncton. He died in Calgary on Dec. 1 with an abscess in the left ear. He took ill on November 4 and received medical care until the 8th, when he was taken to the Calgary Military Hospital, where he died. On November 24 the medical officer sent a telegram to his parents reporting his serious illness, but this they failed to get until after his death. It is declared that a suburb postmaster failed to deliver the telegram until it was six days old. The day after it reached its destination the parents received a second message saying he was dead. It is said this is the second telegram of a serious kind that has been held by the same office and that steps will be taken in the near future to find the cause of delay. Pte. Ward was a well-liked young man as well as an excellent soldier. He was on duty with the Strathcona Horse in Calgary. Besides his large circle of friends, he leaves his parents, three brothers and four sisters.

## Her Duty To Tell States Mrs. Henry

Learned of Tanlac Through Others and Must Now Tell of Own Benefits.

K—HER DUTY TO TELL... "From a weak, nervous and sick woman to a well, strong and happy one is a long step, but Tanlac enabled me to accomplish it in a few weeks," said Mrs. James A. Henry, a well-known resident of Lingam Road, Sydney, Nova Scotia, in Turnbull's drug store recently. "It is not only a pleasure but I regard it as a duty to tell you how much Tanlac has benefited me," she continued, "for it was by reading such statements from others that I was put on the right road to health."

"I contracted the influenza during the epidemic and it left me in such terrible condition I could hardly keep on my feet, and was really too run down and weak to do my housework. My stomach had never been strong but this attack left me in such bad condition I could not eat anything without distress from bloating, and my appetite became so poor I did not care whether I ate at all or not. I was very nervous, too, and would roll and toss all night long and feel so tired out when I got up in the morning that I could hardly dress myself. Then my whole system seemed to give way and I lost so much weight and got so weak I thought I would have to give up entirely. My condition was really deplorable and I was much discouraged because nothing seemed to benefit me, although I tried everything I could think of."

"I noticed some statements in the papers about what excellent results other people had gotten from Tanlac and I tried it, too. However, I was in such bad condition that I took the first two bottles without being able to tell that it was helping me. I was more discouraged than ever, but I resolved to stick to it a while longer, and I tell you, that it was the wisest decision I ever made in my life, for the third bottle of Tanlac took right hold of me and in no time I was so much improved I hardly knew myself. I have taken five bottles in all and am enjoying better health than I have known in several years. My appetite is splendid and everything I eat agrees with me perfectly. Every bit of my old strength has returned. I sleep as sound as a child every night and when morning comes I feel so refreshed and strong my day's work is a genuine pleasure. I feel years younger than I did."

"I think Tanlac is the finest health builder in the world, and I am sure it will do for others what it has done for me. If they, too, will give it a fair trial."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Adv.

## PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hacking, sniffling, mucous discharges or dizziness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

## RETURNED SOLDIERS ARRIVED YESTERDAY

Frons, W. M., 105 Main street, St. John.

**HAD A CONFERENCE.**  
Hazen K. McLean, Inspector of car service of the New Brunswick Power Company, had a conference with John Thornton, commissioner of public safety, yesterday morning and as a result the street car conductors will be given orders that overcrowding the cars will be prohibited in the future.

While recognizing that on wet days, such as today there is a tendency to overcrowd, Mr. McLean said that the company is making ample provision for increased winter traffic. He said four extra cars are running on the North End service, giving a five-minute service from Indian town and vicinity, and two extra cars have been put on the West End service for the rush hours.

Regarding a complaint regarding the excessive use of salt and sand by the motormen, thus making a poor street surface for sledding, Mr. McLean said that no more than necessary would be used in future, with lighter car loads a large amount of brake-substance was not necessary.

## The Gift That Lasts Longest

The ideal gift is that one which longest and best perpetuates the good wishes of the giver.

Then by all the laws of logic and reasoning a Diamond is the supreme choice—for it never deteriorates or wears out.

A Birks' Diamond stands out in the matter of high quality, just as the stone itself is superior to all other gifts.

Our Diamond buyers, who go over to Europe to buy for

our five stores, are reckoned the most fastidious of any because they absolutely refuse to admit any but perfect stones into our stock.

So this is the reason that a Birks' Diamond is never anything else than the first grade procurable.

Our business prestige has been built upon the quality of our Diamonds, and we naturally guard it jealously.
