

blest influence of the Holy Spirit, and lead us forth in the pursuit of richer, more frequent, and overpowering baptisms from on high, and thus prepare us for more extensive usefulness. You will be pleased to learn that our Book store, under the judicious management of Bro. P. Robins, is progressing favourably. Our Connexional organ, edited by our esteemed Bro. C. Barker, promises to be a complete success, and we doubt not but it will be rendered a great blessing to our societies and congregations: we have long felt the need of such a journal, and although it has only been started for a few months; it has more than paid its way. The present Conference has been distinguished by a gracious influence, the brethren have taken a lively interest in the various subjects brought before them. There has been great freedom in discussion with amity and affection of Spirit. Some of the religious services have been marked by a very blessed influence. It has been one of the most pleasant and interesting Conferences we have ever had; and we separate to our various fields of toil expectant of great success. Fathers and brethren pray for us.

Signed in behalf and by order of the Conference,

JOSEPH HOIDGE, *President.*

CEPHAS BARKER, *Secretary.*
