

of the Third Grade are required to go over the Year's work again. The same principle is applied in the case of students of the Middle Year being advanced to the Senior Year.

First Grade students of the Senior Year from Horton Collegiate Academy are admitted to the College as full matriculants, without examination, on presentation of a matriculation diploma signed by the Principal of the Academy. A diploma granted is based upon the marks earned during the student's total attendance at the Academy. Failing to pass any examination from which the student is not for special reasons excused forfeits the right to a diploma.

Moral and Religious Influences,

This Academy, from its foundation in 1828, has had a moral and religious record, probably unsurpassed by any School of like character on this continent.

The conditions are such as to elevate and ennoble the student. Many who came to the School, thoughtless and irreligious have had their purposes changed for life. On Sabbath evening and Friday evening prayer meetings are conducted by the Students of the Academy. These meetings have proved a spiritual benefit to those attending them. The Y. M. C. Association, composed of both University and Academy students, and the Missionary Society are sustained.

Though students of different denominations are yearly enrolled, each member of the school is encouraged to attend the church of his parents's choice.

Special Advantages.

The following are some of the reasons why so many students attend Horton Collegiate Academy :

1st. Because of its record for character building. Few out of the thousands who have attended this Institution during the past sixty-six years have failed to become successful and widely useful men. Many of the highest places in educational and political circles, in Law and Journalism, in Civil Engineering and Commerce, as well as in the Church, are ably filled by those whose ambition was fostered at this school. Free from the allurements and temptations of city
