Bad Taste in Productions?

"To censor or not to censor, that is the question" . . . and no matter which choice is made, there are people protesting. The latest, of course, began with Dr. Boyd's condemnation of "THE OLIVE GROVE" as produced by U.R.P.

The Knights of Columbus then jumped on the band wagon spiattered curtains. Only a cunand went a bit further . . . they "voiced strong criticism of the ming and crafty schemer could moral tone of radio and stage productions of U.N.B." That is a very broad statement. It involves not only U.R.P., but the this campus. Only an arch enemy Red'n Black and the Drama Society, in fact the whole of the and rival could so arouse bitter-University.

The fact that we do not close our eyes to, or prudishly ignore every topic that apparently isn't spoken of by Polite Society" seems to offend some people. We are accused of bad taste and our moral attitudes are questioned? Why?

The answer seems to lie in the fact that these people prefer to act as ostriches . . . and they assume that because they bury their heads and refuse to face a thing, it does not exist.

The fact that "THE OLIVE GROVE" was broadcasted at an hour when children would not be listening seems to imply that both punched with the vain intent of URP and CFNB had the optimism to believe that an adult audience would accept the work of an artist like de Maupassant as such. Apparently they misjudged the maturity of the audience as well as its judging ability.

MOUNT A. FACES MALNUTRITION

C.U.P.—SACKVILLE

A grave and serious matter has arisen on this campus—a problem which must be faced squarely by every community-spirited indiviqual here. Never have the students of Mount Allison been so jeoparuized by a condition which so easny might be remedied. After most of the seniors have arrived at their semor year, unscathed by 152 biizzaras, 2040 winastorms and nine fires at the Barn, this impending doom now nangs over meir neads in the year of their graquation. And thunk, too, of the wide-eyed freshmen who came nere with such high hopes, and wnose very existence now is Sopnomores and hreatenea! Juniors also must raily to the cause for their fate too is sealed in a milk-bottle cover. You may well wonder how such

a seemingly innocent articles as a portie-top is victimizing innocent craveners on the road to knowledge. Only those who have experienced its savagery can understand the potential destruction that lurks beneath its garnet and No. 19 gold exterior. Now the plot must oe revealed to all and; immediate, united action taken-SOMEONE HAS DELIBERATELY REMOVED THE HOLE FROM THE MILK BOTTLE TOPS IN TRUMAN HOUSE AND THE U.G.R. Imagine the flood which would be caused by 300 diners all sticking their fingers through the bottle-top simultaneously—the drowned dinners, irate students, and the

It would be folly to accuse someone falsely of such a grave misdeed so here is the actual revelation from the confession of the cuiprits, now enchained in the U.G.R. furnace rooms: "We, the members of the University of New Brunswick hockey team, admit used: that we bribed the local dairy into leaving the milk bottle caps unmore vulnerable and less powerful -due to malnutrition".

So then students of Mt. Allison, you know the culprits. It is for you to decide the penalty!!

HARVEY STUDIOS

March 20, 1952.

I wish to reply to the letter written by Bill Thorpe which appeared in last week's Brunswick-

Although I am a member of the S.R.C. and was present at the meeting referred to by Bill, I would like to emphasize that my views are not necessarily those of the S.R.C. as a body. This is purely a personal reply.

To begin with, Mr. Thorpe is uninformed. English Rugby was dropped on a vote of the Council, not a committee as he states.

Secondly the vote was not merey a formality. Ask anyone who was there.

Thirdly, the answer to the question "Are we Maritimers in our own university going to allow the dropping of our native sport so easily?", I would answer-the fact English Rugby was voted out by a council composed, as Bill states, of Upper Canadians, proves that hey have more interest in campus affairs in that they ran for SRC offices, whereas the Maritimers lid not. On this score, I don't feel hat Bill has a beef at all.

As far as the expanded league ar Rugby is concerned, I would ike to point out that in all propability a UNB team would not be ble to participate in such a eague for financial reasons.

I am sorry that Mr. Thorpe has aken the attitude that he and his fellow Maritimers are being 'pushed around" by Upper Canalians. For myself, an Upper Canedian, I think that UNB is a pretty darn good place to go to college, and I am going to do my best to keep it that way. I hope, is does Mr. Thorpe, that English Rugby will return to UNB in the future. However, at this time and with the financial situation as it s, it is impossible to carry on with wo football teams.

In conclusion I would ask Mr. Thorpe to read over carefully last week's editorial, and to try to realize that SRC is doing its best in the interests of the campus as a whole. Also if he had been pre-sent at the SRC meeting or had contacted his representative and presented his views, he would now have the satisfaction of knowing that his ideas about English Rugby were considered.

The Editor

The Brunswickan Dear Madam;

In reply to a letter which ap-peared in last weeks Brunswickan, I should like to point out a few facts, for the enlightenment of Mr. Thorpe and any who may agree with him.

The SRC which voted on the question of abolishing English Rugby is made up of 24 members, 14 of whose homes, according to the Student's Directory are in the Maritimes, nine of the remainder hail from "Upper Canada", and one from England. With this in mind, I fail to see now the minority group from Upper Canada, alone, could swing the vote against

It should be pointed out that shortly after the meeting at which the SRC (not a committee thereof, as Mr. Thorpe suggests) voted Rugby out, it was decided to call an emergency meeting to reconsider the question. This meeting was attended by sufficient members to constitute a quorum and all the members present voted in favor of standing behind the original decision.

Perhaps Mr. Thorpe is not aware of the fact that if the SRC passed a motion which is met with disfavor by some of the students, those persons may petition for a plebiscite in which all undergraduates may participate, providing that 20% of the student body sign the petition. If Mr. Thorpe still feels that the motion was carried by the minority of Upper Canadian members of the SRC, then I suggest that he initiate such a petition.
